Tides of Revolution Jan 26 2023 This is a book about the links between politics and literacy, and about how radical ideas spread in a world without printing presses. In the late eighteenth and early nineteenth centuries, Spanish colonial governments tried to keep revolution out of their provinces. But, as Cristina Soriano shows, hand-copied samizdat materials from the Caribbean flooded the cities and ports of Venezuela, hundreds of foreigners shared news of the French and Haitian revolutions with locals, and Venezuelans of diverse social backgrounds met to read hard-to-come-by texts and to discuss the ideas they expounded. These networks efficiently spread antimonarchical propaganda and abolitionist and egalitarian ideas, allowing Venezuelans to participate in an incipient yet vibrant public sphere and to contemplate new political scenarios. This book offers an in-depth analysis of one of the crucial processes that allowed Venezuela to become one of the first regions in Spanish America to declare independence from Iberia and turn into an influential force for South American independence.

Tide of Souls Sep 29 2020 IT'S NOT JUST THE WATERS RISING... Flash floods devastate Britain. But the terror is just starting, as an army of the living dead emerge from the waters to hunt down the survivors. For Katja, after a year held captive by a brutal vice ring, it's a constant fight to stay alive, but also a chance to win her freedom. McTarn, an ex-soldier haunted by his past, is press-ganged into a mission to retrieve a scientist from an isolated village. When floods cut them off, he has to fight both the walking dead and his own demons to protect his men. Stiles is the man they sent McTarn to fetch. Although apparently insane, he may be McTarn and Katja's only chance to halt the legions of the dead closing in on their refuge in the bleak Lancashire hills. And if they fail, death will be the least they have to suffer...

Tides of Mutiny Jul 20 2022 Lane Garrow has a secret—one that could get her killed. In a world where female sailors are executed, sixteen-year-old Lane's dream of being a ship's captain seems impossible. Sea life is all she knows, and she wouldn't give it up for anything, even if it means she has to hide as a captain's boy to avoid being killed. But Lane's carefully constructed world begins to crumble when an old pirate enemy comes after her father. And she begins hearing rumors that her father was once a pirate as well. Lane doesn't want to believe her father could have a dark past, but she can't help questioning everything she's known. After all, Lane's life at sea is built on lies—why couldn't her father's be, too? Then a mysterious prince shows up, and Lane finds her very survival tied to a boy who could destroy everything. With pirates, betrayal, and death threatening Lane and those she loves, she must now decide between the future she always expected and a prince with an unknown agenda who she finds herself falling for. Lane must either protect herself and find a way to live her dream, or risk everything for a world where her very existence is a death sentence. Maybe there's a third option. After all, she's never played by the rules before. Why start now?

The Tides of Eternity Oct 23 2022 Evil has fallen upon the kingdom of Erylon in the land of Keokuk. The wicked have executed a plan. The Most High God has an answer. An extraordinary adventure has begun. This is the tale of the last days of Erus—the original earth—the world that was, and the life that was, before the Rebellion brought evil and the Great Collapse. Come hear a telling of an olden time; a time of myth, magic and miracles, when faithful hearts found triumph over tragedy. Join the young prophetess Gaiel—servant of the One Most High—along with her faithful confidant Maid Kimia, as they struggle, flee and fight against the forces of the heinous lord Daemen den Moc and his wicked blood magician, Rulik Suu. The prize? Nothing less than the everlasting souls of the Yune, Elves and humankind of the first earth—and the very life and liberty of Gaiel's only son, the young Tylen, whom Daemen believes to be the prophesied Iylon Sor, the most powerful magician to ever live.

The Great Rebellion of 1857 in India Oct 31 2020 Interdisciplinary in focus, this title explores the areas of gender, colonial fiction, white marginal groups, the tribal movements, and penal laws, and associates them with the event. It presents alternative views and expands and complicates the conceptual boundaries of the Rebellion.

Romanticism Against the Tide of Modernity Apr 17 2022 Romanticism is a worldview that finds expression over a whole range of cultural fields—not only in literature and art but in philosophy, theology, political theory, and social movements. In *Romanticism Against the Tide of Modernity* Michael Löwy and Robert Sayre formulate a theory that defines romanticism as a cultural protest against modern bourgeois industrial civilization and work to reveal the unity that underlies the extraordinary diversity of romanticism from the eighteenth to the twenty-first century. After critiquing previous conceptions of romanticism and discussing its first European manifestations, Löwy and Sayre propose a typology of the sociopolitical positions held by romantic writers—from “restitutionist” to various revolutionary/utopian forms. In subsequent chapters, they give extended treatment to writers as diverse as Coleridge and Ruskin, Charles Peguy, Ernst Bloch and Christa Wolf. Among other topics, they discuss the complex relationship between Marxism and romanticism before closing with a reflection

on more contemporary manifestations of romanticism (for example, surrealism, the events of May 1968, and the ecological movement) as well as its future. Students and scholars of literature, humanities, social sciences, and cultural studies will be interested in this elegant and thoroughly original book.

The Rebellious Tide Jun 26 2020 Sebastien's search for his father leads him to a ship harbouring a dangerous secret. Sebastien has heard only stories about his father, a mysterious sailor who abandoned his pregnant mother thirty years ago. But when his mother dies after a lifetime of struggle, he becomes obsessed with finding an explanation — perhaps even revenge. The father he's never met is Kostas, the commanding officer of a luxury liner sailing the Mediterranean. Posing as a member of the ship's crew, Sebastien stalks his unwitting father in search of answers as to why he disappeared so many years ago. After a public assault triggers outrage among the ship's crew, Sebastien finds himself entangled in a revolt against the oppressive ruling class of officers. As the clash escalates between the powerful and the powerless, Sebastien uncovers something his father has hidden deep within the belly of the ship — a disturbing secret that will force him to confront everything he's always wondered and feared about his own identity.

Tide of War Apr 05 2021 The first comprehensive look at nature's role on military history. Halley's Comet helped to announce the fall of the Shang Dynasty in China, a solar eclipse frightened the Macedonian army enough at Pydna in 168 BC to ensure victory for the Romans, a massive rain storm turned the field of Agincourt to mud in 1415 and gave Henry V his legendary victory, fog secured the throne of England for Edward IV at Barnet in 1471, wind and disease conspired to wreck the Spanish Armada, snow served to prevent the American capture of Quebec in 1775 and confined the Revolution to the Thirteen Colonies, and an earthquake helped to spark the Peloponnesian War. But this is only a small sampling of the many instances where nature has tipped the balance in combat. Over the past 4000 years, weather and nature have both hindered and helped various campaigns and battles, occasionally even altering the course of history in the process. Today elements of nature still affect the planning and waging of war, even as we have tried to mitigate its impact. The growing concern over climate change has only heightened the need to study and understand this subject. Tide of War is the first book to comprehensively tackle this topic and traces some of the most notable intersections between nature and war since ancient times.

Tides of Fire Feb 27 2023 Even the Wiseones cannot tell how it began or why, for countless tides, the Clanfolk have waged a bloody war beneath the ocean. The origin of their enmity is lost in the drifts of time. But, for Leelee, a young pod-cadet of the Leahtu Clan Guardians, the ancient feud will bring a beloved enemy, a desperate choice, and a terrible price to be paid. From the stern and icy stronghold of the Kiakhu Clan to the peaceful reefs of the Leahtu, *Tides of Fire* follows a small band of black-tailed rebels who risk torture and death to rid the Clan of a vicious tyrant; and tells the poignant love story of Leelee, the warrior maiden who faces death at the hands of her own priests if she should give herself to Makhulu, her enemy and her love. These merfolk have no magic, inhabit no fairytale. They are hot-blooded sea creatures full of passion and poetry, fighting for love and freedom and a chance of happiness in their mysterious under-water world.

Edward M. Curr and the Tide of History Jan 14 2022 The idea that Curr's writings posthumously defeated the Yorta Yorta native title claim has a chilling irony about it, given his earlier appropriation of Yorta Yorta lands for pastoral purposes...During the long Yorta Yorta claim, therefore, Edward M. Curr became something of an historical celebrity, highlighting the need for a detailed appraisal of his life, his biases, his opinions, and his attitudes towards Aboriginal people. This book responds to that need by offering a biography of a man who more than a century after his death became a crucial witness in a major native title case."--Prologue.
