Spiritual Freedom in the Bible.

From political evenings in Wiltshire to the jungle death-house of Dahomey, the arch-cad triumphs once again by the skin of his chattering teeth. The book of Galatians is a letter written by the Apostle Paul to the Christian communities in the region of Galatia. In this letter, Paul addresses the issue of the relationship between faith in Jesus Christ and adherence to the Jewish Law. He argues that salvation comes through faith in Christ alone, and not through following the Law. Paul emphasizes the importance of living according to the Spirit and not being controlled by the flesh. He also criticizes those who were trying to lead the Galatian believers back to the slavery of the law. The book of Galatians is a powerful message of freedom in Christ, and a reminder that we are saved by faith alone, not by works. It's a call for Christians to remain faithful to the gospel and to live according to the Spirit. 12-year old Nathaniel is a slave, sent to England. Life in London is tough and Nat seizes the first opportunity to escape. He hears the story of The Zong, a ship where the crew murdered 133 slaves. Will the world continue to turn a blind eye to the horrors of slavery? And can Nat really evade his masters forever? The dramatic story of fugitive slaves and the antislavery activists who defied the law to help them reach freedom. More than any other scholar, Eric Foner has influenced our understanding of America's history. Now, making brilliant use of extraordinary evidence, the Pulitzer Prize-winning historian once again reconfigures the national saga of American slavery and freedom. A deeply entrenched institution, slavery lived on legally and commercially even in the northern states that had abolished it after the American Revolution. Slaves could be found in the streets of New York well after abolition, traveling with owners doing business with the city's major banks, merchants, and manufacturers. New York was also home to the North's largest free black community, making it a magnet for fugitive slaves seeking refuge. Slave catchers and gangs of kidnappers roamed the city, seizing free blacks, often children, and sending them south to slavery. To protect fugitives and fight

kidnappings, the city's free blacks worked with white abolitionists to organize the New York Vigilance Committee in 1835. In the 1840s vigilance committees proliferated throughout the North and began collaborating to dispatch fugitive slaves from the upper South, Washington, and Baltimore, through Philadelphia and New York, to Albany, Syracuse, and Canada. These networks of antislavery resistance, centered on New York City, became known as the underground railroad. Forced to operate in secrecy by hostile laws, courts, and politicians, the city's underground-railroad agents helped more than 3,000 fugitive slaves reach freedom between 1830 and 1860. Until now, their stories have remained largely unknown, their significance little understood. Building on fresh evidence—including a detailed record of slave escapes secretly kept by Sydney Howard Gay, one of the key organizers in New York—Foner elevates the underground railroad from folklore to sweeping history. The story is inspiring—full of memorable characters making their first appearance on the historical stage—and significant—the controversy over fugitive slaves inflamed the sectional crisis of the 1850s. It eventually took a civil war to destroy American slavery, but here at last is the story of the courageous effort to fight slavery by "practical abolition," person by person, family by family. Aung San Suu Kyi's collected writings—edited by her late husband, who the ruling military junta prevented from visiting Burma as he was dying of cancer—reflects her greatest hopes and fears for her fellow Burmese people, and her concern about the need for international cooperation in the continuing fight for Burma's freedom. Bringing together her most powerful speeches, letters and interviews, this remarkable collection gives a voice to Burma's "woman of destiny," whose fate remained in the hands of her enemies for fifteen years, before her release from house arrest in 2010. A reissue of Pam Munoz Ryan's bestselling backlist with a distinctive new author treatment. In this fast-paced, courageous, and inspiring story, readers adventure with Charlotte Parkhurst as she first finds work as a stable hand,

becomes a famous stage-coach driver (performing brave feats and outwitting bandits), finds love as a woman but later resumes her identity as a man after the loss of a baby and the tragic death of her husband, and ultimately settles out west on the farm she'd dreamed of having since childhood. It wasn't until after her death that anyone discovered she was a woman. **Winner of the Pulitzer Prize in History** “Extraordinary...a great American biography” (The New Yorker) of the most important African-American of the nineteenth century: Frederick Douglass, the escaped slave who became the greatest orator of his day and one of the leading abolitionists and writers of the era. As a young man Frederick Douglass (1818–1895) escaped from slavery in Baltimore, Maryland. He was fortunate to have been taught to read by his slave owner mistress, and he would go on to become one of the major literary figures of his time. His very existence gave the lie to slave owners: with dignity and great intelligence he bore witness to the brutality of slavery. Initially mentored by William Lloyd Garrison, Douglass spoke widely, using his own story to condemn slavery. By the Civil War, Douglass had become the most famed and widely travelled orator in the nation. In his unique and eloquent voice, written and spoken, Douglass was a fierce critic of the United States as well as a radical patriot. After the war he sometimes argued politically with younger African Americans, but he never forsook either the Republican party or the cause of black civil and political rights. In this “cinematic and deeply engaging” (The New York Times Book Review) biography, David Blight has drawn on new information held in a private collection that few other historians have consulted, as well as recently discovered issues of Douglass’s newspapers. “Absorbing and even moving...a brilliant book that speaks to our own time as well as Douglass’s” (The Wall Street Journal), Blight’s biography tells the fascinating story of Douglass’s two marriages and his complex extended family. “David Blight has written the definitive biography of Frederick Douglass...a powerful portrait of one of the most

important American voices of the nineteenth century” (The Boston Globe). In addition to the Pulitzer Prize, Frederick Douglass won the Bancroft, Parkman, Los Angeles Times (biography), Lincoln, Plutarch, and Christopher awards and was named one of the Best Books of 2018 by The New York Times Book Review, The Wall Street Journal, The Boston Globe, The Chicago Tribune, The San Francisco Chronicle, and Time. A memoir of the Civil Rights Movement from one of its youngest heroes A Sibert Informational Book Medal Honor Book Kirkus Best Books of 2015 Booklist Editors' Choice 2015 BCCB Blue Ribbon 2015 As the youngest marcher in the 1965 voting rights march from Selma to Montgomery, Alabama, Lynda Blackmon Lowery proved that young adults can be heroes. Jailed nine times before her fifteenth birthday, Lowery fought alongside Martin Luther King, Jr. for the rights of African-Americans. In this memoir, she shows today's young readers what it means to fight nonviolently (even when the police are using violence, as in the Bloody Sunday protest) and how it felt to be part of changing American history. Straightforward and inspiring, this beautifully illustrated memoir brings readers into the middle of the Civil Rights Movement, complementing Common Core classroom learning and bringing history alive for young readers. A great (both in reach and accomplishment) piece of work by the distinguished sociologist (Harvard U.), volume 1 of the projected two- volume history of freedom traces the evolution of freedom from Greece in the sixth and fifth centuries BC through the permutations wrought by imperial Rome and the Middle Ages. Unsurprisingly, the Jamaican- born Patterson, long-concerned with the problems of oppression in both his early novels and later analytic studies, is particularly good on the relationship between the birth of freedom and the institution of slavery. Annotation copyrighted by Book News, Inc., Portland, OR As the Civil War drew to a close, newly emancipated black women workers made their way to Atlanta—the economic hub of the newly emerging urban and industrial south—in order to build an

independent and free life on the rubble of their enslaved past. In an original and dramatic work of scholarship, Tera Hunter traces their lives in the postbellum era and reveals the centrality of their labors to the African-American struggle for freedom and justice. Household laborers and washerwomen were constrained by their employers' domestic worlds but constructed their own world of work, play, negotiation, resistance, and community organization. Hunter follows African-American working women from their newfound optimism and hope at the end of the Civil War to their struggles as free domestic laborers in the homes of their former masters. We witness their drive as they build neighborhoods and networks and their energy as they enjoy leisure hours in dance halls and clubs. We learn of their militance and the way they resisted efforts to keep them economically depressed and medically victimized. Finally, we understand the despair and defeat provoked by Jim Crow laws and segregation and how they spurred large numbers of black laboring women to migrate north. Hunter weaves a rich and diverse tapestry of the culture and experience of black women workers in the post-Civil War south. Through anecdote and data, analysis and interpretation, she manages to penetrate African-American life and labor and to reveal the centrality of women at the inception—and at the heart—of the new south. A brilliant and surprising account of the coming of the American Civil War, showing the crucial role of slaves who escaped to Mexico. The Underground Railroad to the North promised salvation to many American slaves before the Civil War. But thousands of people in the south-central United States escaped slavery not by heading north but by crossing the southern border into Mexico, where slavery was abolished in 1837. In *South to Freedom*, historian Alice L. Baumgartner tells the story of why Mexico abolished slavery and how its increasingly radical antislavery policies fueled the sectional crisis in the United States. Southerners hoped that annexing Texas and invading Mexico in the 1840s would stop runaways and secure slavery's future. Instead, the

seizure of Alta California and Nuevo México upset the delicate political balance between free and slave states. This is a revelatory and essential new perspective on antebellum America and the causes of the Civil War. "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power. "Thoughtful, suggestive and highly readable."—New York Times Book Review

In the American Revolution, Virginians were the most eloquent spokesmen for freedom and quality. George Washington led the Americans in battle against British oppression. Thomas Jefferson led them in declaring independence. Virginians drafted not only the Declaration but also the Constitution and the Bill of Rights; they were elected to the presidency of the United States under that Constitution for

thirty-two of the first thirty-six years of its existence. They were all slaveholders. In the new preface Edmund S. Morgan writes: "Human relations among us still suffer from the former enslavement of a large portion of our predecessors. The freedom of the free, the growth of freedom experienced in the American Revolution depended more than we like to admit on the enslavement of more than 20 percent of us at that time. How republican freedom came to be supported, at least in large part, by its opposite, slavery, is the subject of this book. American Slavery, American Freedom is a study of the tragic contradiction at the core of America. Morgan finds the keys to this central paradox, "the marriage of slavery and freedom," in the people and the politics of the state that was both the birthplace of the Revolution and the largest slaveholding state in the country. SuperSummary, a modern alternative to SparkNotes and CliffsNotes, offers high-quality study guides for challenging works of literature. This 49-page guide for "Escape From Freedom" by Erich Fromm includes detailed chapter summaries and analysis covering 7 chapters, as well as several more in-depth sections of expert-written literary analysis. Featured content includes commentary on major characters, 25 important quotes, essay topics, and key themes like Society and Human Nature and Freedom From vs. Freedom To. An inspiring look at the fight for the vote, by an award-winning author Only 44 years ago in the U.S., Dr. Martin Luther King Jr. was leading a fight to win blacks the right to vote. Ground zero for the movement became Selma, Alabama. Award-winning author Elizabeth Partridge leads you straight into the chaotic, passionate, and deadly three months of protests that culminated in the landmark march from Selma to Montgomery in 1965. Focusing on the courageous children who faced terrifying violence in order to march alongside King, this is an inspiring look at their fight for the vote. Stunningly emotional black-and-white photos accompany the text. If you want students to really understand the concept of power, moving beyond a survey book's quick discussion of Laswell's "who

gets what and how," Muir's thoughtful *Freedom in America* might be the book for you. Exploring the words and ideas of such thinkers as Madison, Jefferson, Hamilton, and Tocqueville, Muir discusses the nature and limits of three types of power—coercive, reciprocal, and moral—and then uses this framework to explain how American political institutions work. If looking for an alternative to a long survey text—or itching to get students grappling with *The Federalist Papers* or *Democracy in America* with more of a payoff—Muir's meditation on power and personal freedom is a gateway for students to take their study of politics to the next level. His inductive style, engaging students with well-chosen and masterfully written stories, lets him draw out and distill key lessons without being preachy. Read a chapter and decide if this page turner is for you.

The fantastic, heroic life of Nelson Mandela, brought to life in this landmark graphic work. Nelson Mandela's memoir, *Long Road to Freedom*, electrified the world in 1994 with the story of a solitary man who, despite unbelievable hardships, brought down one of the most-despised regimes in the world. Fifteen years after the publication of that classic work comes this fully authorized graphic biography, which relays in picture form the life story of the world's greatest moral and political hero—from his boyhood in a small South African village to his growing political activism with the ANC, his twenty-seven-year incarceration as prisoner 46664 on Robben Island, his dramatic release, and his triumphant years as president of South Africa. With new interviews, firsthand accounts, and archival material that has only recently been uncovered, this visually dramatic biography promises to introduce Mandela's gripping story to a whole new generation of readers.

Colson Whitehead's Pulitzer Prize-winning, National Book Award-winning, Oprah-anointed, #1 New York Times bestselling novel that explores America's troubled racial past as only he can—now an original Amazon Prime Video series directed by Barry Jenkins. Cora is a young slave on a cotton plantation in Georgia. An outcast even among her fellow Africans, she is on the cusp of

womanhood—where even greater pain awaits. And so when Caesar, a slave who has recently arrived from Virginia, urges her to join him on the Underground Railroad, she seizes the opportunity and escapes with him. In Whitehead's ingenious conception, the Underground Railroad is no mere metaphor: engineers and conductors operate a secret network of actual tracks and tunnels beneath the Southern soil. Cora embarks on a harrowing flight from one state to the next, encountering strange yet familiar iterations of her own world at each stop. As Whitehead brilliantly recreates the terrors of the antebellum era, he weaves in the saga of our nation, from the brutal abduction of Africans to the unfulfilled promises of the present day. The Underground Railroad is both the gripping tale of one woman's will to escape the horrors of bondage and a powerful meditation on the history we all share. Look for Colson Whitehead's bestselling new novel, *Harlem Shuffle!* Examines the nature of the relationship which exists between a society based on competitive capitalism and the political and economic freedoms of its citizens The definitive biography of one of the most courageous women in American history "reveals Harriet Tubman to be even more remarkable than her legend" (Newsday). Celebrated for her exploits as a conductor on the Underground Railroad, Harriet Tubman has entered history as one of nineteenth-century America's most enduring and important figures. But just who was this remarkable woman? To John Brown, leader of the Harper's Ferry slave uprising, she was General Tubman. For the many slaves she led north to freedom, she was Moses. To the slaveholders who sought her capture, she was a thief and a trickster. To abolitionists, she was a prophet. Now, in a biography widely praised for its impeccable research and its compelling narrative, Harriet Tubman is revealed for the first time as a singular and complex character, a woman who defied simple categorization. "A thrilling reading experience. It expands outward from Tubman's individual story to give a sweeping, historical vision of slavery." --NPR's Fresh Air Set in an era of turbulent social

changes, *A Place Called Freedom* is a magnificent novel from the undisputed master of suspense and drama, Ken Follett. *A Life of Poverty* Scotland, 1767. Mack McAsh is a slave by birth, destined for a cruel and harsh life as a miner. But as a man of principles and courage, he has the strength to stand up for what he believes in, only to be labelled as a rebel and enemy of the state. *A Life of Wealth* Lizzie Hallim, as she struggles with the less cruel circumstances of wealth and privilege. Fiercely independent, she is engaged to a man she doesn't care for, a landlord's son and heir to an exploitative business empire. *A Search for Freedom* Lizzie finds herself helping Mack after he becomes a fugitive. Separated by class but bound by their yearning for freedom, they escape to London. True freedom, though, lies further afield, in a new life that awaits across the Atlantic Ocean . . . These memoirs from one of the great leaders of our time are 'essential reading for anyone who wants to understand history - and then go out and change it' Barack Obama The riveting memoirs of the outstanding moral and political leader of our time, *Long Walk to Freedom* brilliantly re-creates the drama of the experiences that helped shape Nelson Mandela's destiny. Emotive, compelling and uplifting, *Long Walk to Freedom* is the exhilarating story of an epic life; a story of hardship, resilience and ultimate triumph told with the clarity and eloquence of a born leader. 'Enthralling . . . Mandela emulates the few great political leaders such as Lincoln and Gandhi, who go beyond mere consensus and move out ahead of their followers to break new ground' Sunday Times 'The authentic voice of Mandela shines through this book . . . humane, dignified and magnificently unembittered' The Times 'Burns with the luminosity of faith in the invincible nature of human hope and dignity . . . Unforgettable' Andre Brink Please note: This is a companion version & not the original book. Sample Book Insights: #1 There are seven types of Critics: the Perfectionist, the Inner Controller, the Taskmaster, the Underminer, the Destroyer, the Guilt Tripper, and the Molder. Each

type has a different motivation and strategy, and identifying which Critics are affecting you can be helpful. #2 The Guilt Tripper attacks you for a specific action you took (or didn't take) in the past that was harmful to someone, especially someone you care about. It constantly makes you feel bad and will never forgive you. #3 The Inner Critic is a part of us that constantly points out our flaws and mistakes. It is our worst enemy, constantly sabotaging us and keeping us from achieving our goals. #4 The seven categories of Critics are the Taskmaster, the Molder, the Guilt TripPERter, the Perfectionist, the Underminer, the Slave Driver, and the Attacker. Each one is unique, and you should call your Critics by whatever names seem right.

SuperSummary, a modern alternative to SparkNotes and CliffsNotes, offers high-quality study guides for challenging works of literature. This 112-page guide for "Long Walk to Freedom" by Nelson Mandela includes detailed chapter summaries and analysis covering 115 chapters, as well as several more in-depth sections of expert-written literary analysis. Featured content includes commentary on major characters, 25 important quotes, essay topics, and key themes like The Struggle and The Cold War. "A masterpiece of American fiction" Sam Tanenhaus, The New York Times Book Review A novel from the author of The Corrections. This is the updated version of the text. "My Bondage and My Freedom" is the second of three autobiographies written by Frederick Douglass. It is mainly an expansion of his first autobiography, "Narrative of the Life of Frederick Douglass", discussing in greater detail his transition from bondage to liberty. Frederick Douglass (1818 – 1895) was an African-American social reformer, abolitionist, orator, writer, and statesman. After escaping from slavery in Maryland, he became a national leader of the abolitionist movement in Massachusetts and New York, gaining note for his dazzling oratory and incisive antislavery writings.

Contents: Childhood Removed From My First Home Parentage A General Survey of the Slave Plantation Gradual Initiation to the Mysteries of Slavery Treatment of Slaves on Lloyd's Plantation

The Internal Slave Trade The Slavery Party The Anti-Slavery Movement Young Daniel Arabus and his mother are slaves in the house of Captain Ivers of Stratford, Connecticut. By law they should be free, since Daniel's father fought in the Revolutionary army and earned enough in soldiers' notes to buy his family's freedom. But now Daniel's father is dead, and Mrs. Ivers has taken the notes from his mother. When Daniel bravely steals the notes back, a furious Captain Ivers forces him aboard a ship bound for the West Indies--and certain slavery. Even if Daniel can manage to jump ship in New York, will he be able to travel the long and dangerous road to freedom? A gripping true story of murder and the fight for civil rights and social justice in 1960s Mississippi. Please note: This is a companion version & not the original book. Sample Book Insights: #1 The only way to be secure and dependable is to be your own boss. This means having control over your life and the ability to support yourself and your family on your own terms. #2 A home business gives you security and allows you to live the life you want. It allows you to make decisions that are best for you, not someone else. It gives you the opportunity to go as far as you want to on your terms. #3 Ray's road to success was not an easy one. He struggled with doubt about his self-worth, which is understandable given what he went through as a child. But he never wanted to be complacent in any area of his life. #4 Ray's story is similar to Jess's. He was

working his way through college while working at a department store makeup counter. He wanted to use his marketing degree, but he didn't want to settle for a dead end job. A unique prison narrative that testifies to the power of books to transform a young man's life At the age of sixteen, R. Dwayne Betts- a good student from a lower- middle-class family-carjacked a man with a friend. He had never held a gun before, but within a matter of minutes he had committed six felonies. In Virginia, carjacking is a "certifiable" offense, meaning that Betts would be treated as an adult under state law. A bright young kid, he served his nine-year sentence as part of the adult population in some of the worst prisons in the state. A Question of Freedom chronicles Betts's years in prison, reflecting back on his crime and looking ahead to how his experiences and the books he discovered while incarcerated would define him. Utterly alone, Betts confronts profound questions about violence, freedom, crime, race, and the justice system. Confined by cinder-block walls and barbed wire, he discovers the power of language through books, poetry, and his own pen. Above all, A Question of Freedom is about a quest for identity-one that guarantees Betts's survival in a hostile environment and that incorporates an understanding of how his own past led to the moment of his crime. SuperSummary, a modern alternative to SparkNotes and CliffsNotes, offers high-quality study guides for challenging works of literature. This 66-page guide for "To 'Joy My Freedom" by Tera W. Hunter includes detailed chapter summaries and analysis covering 10 chapters, as well as several more in-depth sections of expert-written literary analysis. Featured content includes commentary on major characters, 25 important quotes, essay topics, and key themes like Racial Repression and Resistance and Writing African American, Working-Class, and Women's History. Please note: This is a companion version & not the original book. Sample Book Insights: #1 I loved the afternoon shift at my father's diner. I loved the peace and quiet of the kitchen, and I loved frying bacon and making ice cream cones. It was my chance

to take a break. #2 I remember the first time I went to the diner. I was five. My mother took me and my sister there to visit our father, who had just started working there. We were amazed by the diner's interior. #3 I was in awe at the sight of my father, the man I had missed so much, standing in front of a giant stainless griddle, flipping pancakes. He had a big smile on his face and was whistling happily. #4 I was 12 years old when my dad first pulled me onto the line. I had stepped in to help him out at the diner, mostly because I needed the cash to buy that bike. I had learned every basic kitchen skill a cook would need to know: how to cook a burger medium-rare, how to roast a chicken, and how to extract every bit of meat from the carcass. This book breaks down all the big ideas and pertinent facts in "Financial Freedom" so they can be easily and quickly understood. <https://amzn.to/2MZxe0v>)WARNING: This book has passed copyscape and is plagiarism free. False Copyright Claims will result in legal action. Summary books such as this, Cliff Notes and others are completely legal. Filled with fresh interpretations and information, puncturing old myths and challenging new ones, Battle Cry of Freedom will unquestionably become the standard one-volume history of the Civil War. James McPherson's fast-paced narrative fully integrates the political, social, and military events that crowded the two decades from the outbreak of one war in Mexico to the ending of another at Appomattox. Packed with drama and analytical insight, the book vividly recounts the momentous episodes that preceded the Civil War--the Dred Scott decision, the Lincoln-Douglas debates, John Brown's raid on Harper's Ferry--and then moves into a masterful chronicle of the war itself--the battles, the strategic maneuvering on both sides, the politics, and the personalities. Particularly notable are McPherson's new views on such matters as the slavery expansion issue in the 1850s, the origins of the Republican Party, the causes of secession, internal dissent and anti-war opposition in the North and the South, and the reasons for the Union's victory. The book's title refers to the sentiments that informed both the Northern and Southern views of the conflict: the South seceded in the name of that freedom of self-determination and self-government for which their fathers had fought in 1776, while the North stood fast in defense of the Union founded by those fathers as the bulwark of American liberty. Eventually, the North had to grapple with the underlying cause of the war--slavery--and adopt a policy of emancipation as a second war aim. This "new birth of freedom," as Lincoln called it, constitutes the proudest legacy of America's bloodiest conflict. This authoritative volume makes sense of that vast and confusing "second American Revolution" we call the Civil War, a war that transformed a nation and expanded our heritage of liberty. Please note: This is a companion

version & not the original book. Sample Book Insights: #1 There is a connection between opulence and achievements, but the link may or may not be strong and depend on many other circumstances. The issue is not the ability to live forever on which Maitreyee concentrated, but the capability to live a good life while you are alive. #2 The usefulness of wealth is in the things it allows us to do. But this relation is not exclusive or uniform, since the impact of wealth on our lives varies with other influences. Development must be more concerned with enhancing the lives we lead and the freedoms we enjoy. #3 There are many ways in which people are deprived of their freedom. For example, many people in third world countries lack basic opportunities of health care, or functional education, or gainful employment, or economic and social security. #4 Economic development has many dimensions, including economic security. Political liberty and civil freedoms are also important on their own, and do not have to be justified indirectly in terms of their effects on the economy. The fastest growing realization everywhere is that humanity can't go on the way it is going. Indeed, the great fear is we're entering endgame where we appear to have lost the race between self-destruction and self-discovery--the race to find the psychologically relieving understanding of our 'good and evil'-afflicted human condition. **WELL, ASTONISHING AS IT IS, THIS BOOK BY AUSTRALIAN BIOLOGIST JEREMY GRIFFITH PRESENTS THE 11TH HOUR BREAKTHROUGH BIOLOGICAL EXPLANATION OF THE HUMAN CONDITION NECESSARY FOR THE PSYCHOLOGICAL REHABILITATION AND TRANSFORMATION OF OUR SPECIES!** The culmination of 40 years of studying and writing about our species' psychosis, **FREEDOM** delivers nothing less than the holy grail of insight we have needed to free ourselves from the human condition. It is, in short, as Professor Harry Prosen, a former president of the Canadian Psychiatric Association, asserts in his Introduction, **"THE BOOK THAT SAVES THE WORLD!"**. Griffith has been able to

venture right to the bottom of the dark depths of what it is to be human and return with the fully accountable, true explanation of our seemingly imperfect lives. At long last we have the redeeming and thus transforming understanding of human behaviour! And with that explanation found all the other great outstanding scientific mysteries about our existence are now also able to be truthfully explained--of the meaning of our existence, of the origin of our unconditionally selfless moral instincts, and of why we humans became conscious when other animals haven't. Yes, the full story of life on Earth can finally be told--and all of these incredible breakthroughs and insights are presented here in this 'greatest of all books'. Please note: This is a companion version & not the original book.

Sample Book Insights: #1 I learned hope the hard way. In September 2014, I was arrested while recording the police brutality in St. Louis. I was surrounded by officers, and one of them threatened to tase me. But instead of fear, I felt calmness wash over me. I've received many death threats over the years, but none have shaken me like that day when the car was in front of my house after work. #2 Faith is the belief that certain outcomes will happen, and hope is the belief that certain outcomes can happen. When we hope in this manner, we choose optimism. We believe that perhaps the seemingly extraordinary miracle is within our reach. #3 Hope is the precursor to strategy. It powers our vision of what roles we must play in bringing about a desired goal, and it amplifies our efforts. We cannot surrender to luck, and we must not surrender to a blind faith that things will just get better. #4 Freedom is not only the absence of oppression, but also the presence of justice and joy. We are trying to create something new, and it is impossible to create something new in the absence of hope.
