Liberalism or How to Turn Good Men into Whiners, Weenies and Wimps Nov 29 2020 The black middle class—saviors of the American way. Liberalism or How to Turn Good Men into Whiners, Weenies and Wimps documents the role of the 21 white, self-avowed socialist, atheist and Marxist founders of the NAACP and their impact on the Black community's present status at the top of our nations misery index. It highlights the decades of anti-Black legislation supported by liberal black leaders who prioritized class over race in their zeal for the promises of socialism. Their anti-Black legislation, dating back with the 1932 Davis-Bacon Act, continues today to suppress inter-community Black capitalism, federal construction related Black employment, work and job experience for Black teenagers, quality education access for urban black children, and the role of black men as leaders within the family unit. Liberalism or How to Turn Good Men into Whiners, Weenies and Wimps highlights the strategy, used in 1910, to inject the atheist ideology of socialism into a once enterprising, self-sufficient, competitive and proud Christian black community. A portion of that community, the conservative Black middle class, is positioned to pull our nation back from this abyss. Americans can ensure that the century-long sacrifice of lost hopes, dreams and lives made by the proud, courageous, patriotic, capitalist, Christian based, self-sufficient, education-seeking Black community of the early 1900s was not in vain—but only if we choose to learn lessons from those past Black generations.

How to Be a Good Wife Dec 31 2020 Don't think that your wife has placed waste-paper baskets in the rooms as ornaments. Don't forget that very true remark that while face powder may catch a man, baking powder is the stuff to hold him. Marriage can be a series of humorous miscommunications, a power struggle, or a diplomatic nightmare. Men and women have long struggled to figure each other out--and the misunderstandings can continue well after they've been joined in matrimony. But long before Men Are From Mars, Women Are From Venus, couples turned to self-help booklets such as How to Be a Good Husband and How to Be a Good Wife, two historic advice books that are now delightfully reproduced by the Bodleian Library. The books, originally published in the 1930s for middle-class British couples, are filled with witty and charming aphorisms on how wives and husbands should treat each other. Some advice is unquestionably outdated--"It is a wife's duty to look her best. If you don't tidy yourself up, don't be surprised if your husband begins to compare you unfavorably with the typist at the office"--but many other pieces of advice are wholly applicable today. They include such insightful sayings as: "Don't tell your wife terminological inexactitudes, which are, in plain English, lies. A woman has wonderful intuition for spotting even minor departures from the truth"; "After all is said and done, husbands are not terribly difficult to manage"; or "Don't squeeze the tube of toothpaste from the top instead of from the bottom. This is one of the small things of life that always irritates a careful wife." Entertaining and charmingly illustrated, How to Be a Good Husband and How to Be a Good Wife offer enduringly useful advice for all couples, from the newly engaged to those celebrating their golden anniversary.

How to Be a Good Husband Jul 26 2020 The art of being a good husband is not an easy one. This little guide was written for the middle classes of the 1930s who were reading one of the first modern self-help books. Illustrated with contemporary line-drawings, it contains advice by turns delightfully arcane and timelessly true, for example: Don't squeeze the tube of toothpaste from the top instead of from the bottom. This is one of the small things of life that always irritates a careful wife. Don't think that your wife has placed waste-paper baskets in the rooms as ornaments. Don't tell your wife terminological inaccuracies, which are, in plain English, lies. A woman has wonderful intuition for spotting even minor departures from the truth. Do cultivate the habit of coming down to breakfast with a smile. Remember that as the head of the house, it is your duty to see that everyone starts the day in an atmosphere of happiness. Don't criticise the food at your own table when you are entertaining and especially refrain from doing so before the servants.

Good in a Room Oct 17 2019 Whether you work in Hollywood or not, the fact is that selling ideas is really difficult to do. The reason the pitching secrets of the most successful writers and directors are relevant is because these people have evolved an advanced method for selling ideas. Whether you're a screenwriter, a journalist with an idea for a story, an entrepreneur with a business plan, an inventor with a blueprint, or a manager with an innovative solution, if you want other people to invest their time, energy, and money in your idea, you face an uphill battle.... When I was at MGM, the hardest part of my job was not cutthroat studio politics or grueling production schedules. The toughest part of my job was whenever I had to say "No" to an idea that was almost there. I had to say no a lot. Every buyer does. The buyer's work is to say yes to projects that are ready, not almost ready. And no matter how good the script is, if the seller can't pitch it in a compelling way, how can the buyer see the potential? How can he get his colleagues on board? How can he recommend the seller to his superiors? The fact is that poor pitches doom good projects. It happens all the time. The ideas, products and services that are pitched more effectively... win. That's just how the game is played. No sense getting upset over it. Instead, let's accept the challenge and learn the strategies and tactics that will allow us (and our ideas) to succeed. -From **GOOD IN A ROOM** Business consultant and former MGM Director of Creative Affairs Stephanie Palmer reveals the techniques used by Hollywood's top writers, producers, and directors to get financing for their projects - and explains how you can apply these techniques to be more successful in your own high-stakes meetings. Because, as Palmer has found, the strategies used to sell yourself and your ideas in Hollywood not only work in other businesses, they often work better. Whether you are a manager or executive with an innovative proposal, a professional with a hot concept, a salesperson selling to a potential client or investor, or an entrepreneur with a business plan, **GOOD IN A ROOM** shows you how to: Master the five stages of the face-to-face meeting Avoid the secret dealbreakers of the first ninety seconds Be confident in high-pressure situations Present yourself better and more effectively than you ever have before Whether you want to ask for a raise, grow your client list, launch a new business or find financing for a creative project, you must not only present your ideas in a compelling way - you must also sell yourself, as well. **GOOD IN A ROOM** shows you how to construct a winning presentation and deliver the kind of performance that will get your project greenlighted, whatever industry you are in.

How to Do Good & Avoid Evil Jul 18 2022 Explore how the principles of a global ethic can be found in Judaism and how they can provide the ethical norms for all religions to work together toward a more peaceful humankind. In 1993, the Parliament of the World's Religions endorsed the "Declaration toward a Global Ethic" composed by Hans Küng. In it, representatives from all the world's religions agreed on principles for a global ethic and committed themselves to directives of nonviolence, respect for life, solidarity, a just economic order, tolerance, and equal rights and partnership between men and women. But the declaration was just the first step. In this impressive volume, Hans Küng, probably the most famous living Roman Catholic theologian, and Rabbi Walter Homolka, head of Germany's Abraham Geiger rabbinical seminary and distinguished professor, draw on the Jewish tradition to show the riches that Judaism can offer people of all faiths and nonbelievers in achieving these directives. Presenting key sacred texts and theological writings, the authors make the case for binding values and basic moral attitudes that can be found in Judaism's universal message of a better world. Exploring Judaism's focus on ethical conduct over declarations of faith, the authors show that making ethical decisions is indispensable in an ever-changing world.
