Whom We Shall Welcome Apr 24 2020 *Whom We Shall Welcome* examines World War II immigration of Italians to the United States, an under-studied period in Italian immigration history. Danielle Battisti looks at efforts by Italian American organizations to foster Italian immigration along with the lobbying efforts of Italian Americans to change the quota laws. While Italian Americans (and other white ethnics) had attained virtual political and social equality with many other groups of older-stock Americans by the end of the war, Italians continued to be classified as undesirable immigrants. Her work is an important contribution toward understanding the construction of Italian American racial/ethnic identity in this period, the role of ethnic groups in U.S. foreign policy in the Cold War era, and the history of the liberal immigration reform movement that led to the 1965 Immigration Act. *Whom We Shall Welcome* makes significant contributions to histories of migration and ethnicity, post-World War II liberalism, and immigration policy.

The Original Velvet Paper Memorandum Book, with Metallic Pencil Oct 23 2022 Blank notebook in which the pages are treated to react with a metallic pencil; the paper has a silky or velvety feel. The accompanying metallic pencil is also 12 cm in length and encased in wood. Writing made with the metallic pencil on this paper was meant to be indelible. Charles Darwin used velvet paper notebooks for some of his field journals.

The Big Red One May 26 2020 "No mission too difficult, no sacrifice too great-Duty First!" For almost a century, from the Western Front of World War I to the deserts of Iraq, this motto has spurred the soldiers who wear the shoulder patch bearing the Big Red One. In this first comprehensive history of America's 1st Infantry Division, James Scott Wheeler chronicles its major combat engagements and peacetime duties during its legendary service to the nation. The oldest continuously serving division in the U.S. Army, the "Fighting First" has consistently played a crucial role in America's foreign wars. It was the first American division to see combat and

achieve victory in World War I and set the standard for discipline, training, endurance, and tactical innovation. One of the few intact divisions between the wars, it was the first army unit to train for amphibious warfare. During World War II, the First Division spearheaded the invasions of North Africa and Sicily before leading the Normandy invasion at Omaha Beach and fighting on through the Hurtgen Forest, the Battle of the Bulge, the Ruhr Pocket, and deep into Germany. By war's end, it had developed successful combined-arms, regimental combat teams and made advances in night operations. Wheeler describes the First Division's critical role in postwar Germany and as the only combat division in Europe during the early Cold War. After returning to the United States at Fort Riley, Kansas, the division fought valiantly in Vietnam for five trying years, successfully protecting Saigon from major infiltration along Highway 13 while pioneering "air-mobile" operations. It led the liberation of Kuwait in Desert Storm and kept an uneasy peace in Bosnia and Kosovo. Along the way, Wheeler illuminates the division's organizational evolution, its consistently remarkable commanders and leaders, and its equally remarkable soldiers. Meticulously detailed and engagingly written, *The Big Red One* nimbly combines historical narrative with astute analysis of the unit's successes and failures, so that its story reflects the larger chronicle of America's military experience over the past century.

LBJ and Mexican Americans Oct 19 2019 “Masterfully researched. . . . There is no book like this either in the field of LBJ literature or in the field of Chicano history.” —Mario T. García, author of *Mexican Americans: Leadership, Ideology, and Identity, 1930–1960* As he worked to build his Great Society, Lyndon Johnson often harkened back to his teaching days in the segregated “Mexican school” at Cotulla, Texas. Recalling the poverty and prejudice that blighted his students’ lives, Johnson declared, “It never occurred to me in my fondest dreams that I might have the chance to help the sons and daughters of those students and to help people like them all over this country. But now I do have that chance—and I’ll let you in on a secret—I mean to use it.” This book explores the complex and sometimes contradictory relations between LBJ and Mexican Americans. Julie Pycior shows that Johnson’s genuine desire to help Mexican Americans—and reap the political dividends—did not prevent him from allying himself with individuals and groups intent on

thwarting Mexican Americans' organizing efforts. Not surprisingly, these actions elicited a wide range of response, from grateful loyalty to, in some cases, outright opposition. Mexican Americans' complicated relationship with LBJ influenced both their political development and his career—with consequences that reverberated in society at large.

Draplin Design Co. Aug 29 2020 Esquire. Ford Motors. Burton Snowboards. The Obama Administration. While all of these brands are vastly different, they share at least one thing in common: a teeny, little bit of Aaron James Draplin. Draplin is one of the new school of

influential graphic designers who combine the power of design, social media, entrepreneurship, and DIY aesthetic to create a successful business and way of life. *Pretty Much Everything* is a mid-career survey of work, case studies, inspiration, road stories, lists, maps, how-tos, and advice. It includes examples of his work—posters, record covers, logos—and presents the process behind his design with projects like *Field Notes* and the “Things We Love” State Posters. Draplin also offers valuable advice and hilarious commentary that illustrates how much more goes into design than just what appears on the page. With Draplin’s humor and pointed observations on the contemporary design scene, *Draplin Design Co.* is the complete package for the new generation of designers.

Memorandum by the Board of Trade and the Foreign Office with Respect to the Future Organisation of Commercial Intelligence Jan 14 2022
