Carol Shields, the Pulitzer Prize-winner author of the novels *Unless*, *The Stone Diaries* and *Larry's Party* was also a renowned short story writer. Now readers can enjoy all three of Carol Shields's short story collections – *Various Miracles*, *The Orange Fish* and *Dressing Up for the Carnival* – in one volume, along with the previously unpublished story, "Segue," her last. With an eye for the smallest of telling details – a woman applying her lipstick so "the shape of pale raspberry fits perfectly the face she knows by heart" – and a willingness

to explore the most fundamental relationships and the wildest of coincidences, Shields illuminates the absurdities and miracles that grace all our lives. From a couple who experiences a world without weather, to the gentle humor of an elderly widow mowing her lawn while looking back on a life of passion, to a young woman abandoned by love and clinging to a "slender handrail of hope," Shields's enormous sympathy for her characters permeates her fiction. Playful, charming, acutely observed and generous of spirit, this collection of stories will delight and enchant Carol Shields fans everywhere. Excerpt from *The Collected Stories of Carol Shields*

Let me say it: I am an aging woman of despairing good cheer — just look into the imaginary camera lens and watch me as I make the Sunday morning transaction over the bread, then the flowers, my straw tote from our recent holiday in Jamaica, my smile, my upturned sixty-seven-year-old voice, a voice so crying-out and clad with familiarity that, in fact, I can't hear it anymore myself, thank God; my ears are blocked. Lately everything to do with my essence has become transparent, neutral: Good morning, Jane Sexton smiles to one and all (such a friendly, down-to-earth woman). "What a perfect fall day." "What glorious blooms!" "Why Mr. Henning, this bread is still warm! Can this be true?" Why Grizzly Bears Should Wear Underpants is the second variety comic collection and fourth book from the comedic mastermind behind TheOatmeal.com, Matthew Inman. Classics from the website, including "Dear Sriracha Rooster Sauce," "What It Means When You Say Literally," and "What We Should Have Been Taught in Our Senior Year of High School," are featured alongside never-before-seen works of epic hilarity that will delight veteran and newbie Oatmeal fans alike. Matthew Inman's first collection of The Oatmeal.com spent six weeks on the New York Times bestseller list and sold 200,000 copies. This pivotal and influential comic collection titled 5 Very Good Reasons to Punch a Dolphin in the Mouth introduced Samurai sword-wielding kittens and informed us on how to tell if a velociraptor is having pre-

marital sex. Matthew's cat-themed collection *How to Tell If Your Cat Is Plotting to Kill You* is a #1 New York Times bestseller and has sold over 350,000 copies. Now with *Why Grizzly Bears Should Wear Underpants*, Inman offers a delicious, tantalizing follow-up featuring all new material that has been posted on the site since the publication of the first book plus never-before-seen comics that have not appeared anywhere. As with every Oatmeal collection, there is a pull-out poster at the back of the book. In this second collection of over 50 comics, you'll be treated to the hilarity of "The Crap We Put Up with Getting On and Off an Airplane," "Why Captain Higgins Is My Favorite Parasitic Flatworm," "This Is How I Feel about Buying Apps," "6 Things You Really Don't Need to Take a Photo of," and much more. Along with lambasting the latest culture crazes, Inman serves up recurrent themes such as foodstuffs, holidays, e-mail, as well as technological, news-of-the-day, and his snarky yet informative comics on grammar and usage. Online and in print, *The Oatmeal* delivers brilliant, irreverent comic hilarity. What mysteries lie at the heart of fiction's power to enchant and engage the mind? *Empty Revelations* considers a number of philosophical problems that fiction raises, including the primary issue of how we can think and talk about things that do not exist. Peter Alward covers thought-provoking terrain, exploring fictional truth, the experience of being "caught up" in a story, and the boundaries between fiction and non-fiction. At the centre of Alward's argument is a figure known as the "narrative informant" who mediates the reader's encounter

with fictional events through - sometimes unreliable - reporting. Developing a theory in which the author is a sculptor who constructs works of fiction out of words, Alward demonstrates that much of the confusion about fiction stems from a failure to properly distinguish between writing fiction and telling stories. Combining clarity, philosophical sophistication, ingenuity, and originality, Empty Revelations is a rewarding read for both scholars of philosophy and anyone interested in the complex ways that fiction works.
