As for me, Eva LeRoy, town librarian and single mother to a teenage daughter, I'm pretty much used to being "vampified." You can't beat the great side effects: no crow's-feet or cellulite! But books still make my undead heart beat—and, strangely enough, so does Lorcan the Loner. My mama always told me everyone deserves a second chance. Still, it's one thing to deal with the usual undead hassles: rival vamps, rambunctious kids adjusting to night school, and my daughter's new boyfriend, who's a vampire hunter, for heaven's sake. Hunted by the demon who imprisoned her for hundreds of years, Ashlyn MacDougal is fleeing with a secret which could destroy her soul. When she runs into her lost love, Connor Gregory, life twists upside down. Connor has spent the last thousand years as a Judge for the Magic Council, tracking and destroying demons. long lost lover is not only alive, but protecting a half-breed, his confusion knows no bounds. Thrown together by circumstance, they must resolve their past. With demons after them, Ashlyn and Connor come to find their love still burns. Yet, the secrets she hides, and his duty to his job, might just keep them apart for another eternity. Local vampire clans don't care for rogues. And the local sheriff, too sexy for his own good, seems to want nothing more than to get in her way. Worse, he stirs something in Niki she's ignored since her turning, and forces her to remember she's not just a warrior, but a woman. Bound by his duties both as local Keeper of the Peace, and sheriff, Shane Spencer must protect humanity, while preventing the recent conflicts between the werewolves and vampires from becoming an all-out blood war. When wolves start turning up dead, tensions between the pack and vampire clan grow. Suspicions fall to the only rogue in town, Niki. Yet, Shane knows she's not to blame. And it has nothing to do with the hot, primal emotions she stirs within him. Shane and Niki must work together to stop the bloodshed. Trouble is, the desires raging between them might prove more dangerous than the surrounding threats. Whatever her personal feelings are, Renee has to deal with the fact that, since her mother is M.I.A, the three of them are left as the sole protectors of the *Vampire's Heart*—a gem that, while promises salvation to the race of Purebloods after it, also promises destruction to the rest of the supernatural world. While fighting for her life against vampires and her own doubts (because, let's face it, she can't ignore Samson's smile forever), she'll also have to stake a claim on what is and isn't worth fighting for. Joined by a charismatic Alpha and a girl who literally bears the scars of her past, *Insanity* not only covers the story of the so-called "heroes" but also of the twisted villains known simply as the Purebloods. A new breed of vampires, Purebloods are distinguishable by their wings, their heightened thirst for blood, and their insane psyches. Corruption runs deep throughout the Purebloods' society and few are brave enough to speak out, making it a group of conformists and cowards. Influenced by a ruined leader and a master puppeteer pulling everyone's strings behind the curtain, they are a starving group desperate for salvation. And, just like the heroes, each of them will have to decide how far they're willing to go to acquire the *Vampire's Heart*. On this battlefield, everyone's fair game. The question isn't who will win, but who will survive in the end. Angus MacKay has been undead for almost five hundred years and it's not often something, or someone, surprises him. Until Emma Wallace. The sight of this luscious agent from the CIA's elite Stake-Out team was enough to stop Angus in his tracks. But then he discovers that she's a vampire slayer, intent on killing the "monsters" who killed her parents. And it's Angus's job to stop her. The only good vampire is a dead vampire. It's been Emma's motto since she committed her life to the destruction of these things. Now Angus MacKay wants to convince her differently. Sure, he's a sexy Highland warrior who seems to have stepped off the cover of a romance novel, complete with brogue, kilt, and sword, but he's also one of them. And it's her job to kill him. The war is on, but will it end in the destruction of one or both of them . . . or in total surrender to a passion for the ages? "Adair come on...we don't know this, but it could be human! We need to get back before were seen!" He had urgency in his voice, and he sounded almost scared. Humans? Were they out here? I couldn't help but smile. This was my chance, and I could see one up close. I couldn't let this chance pass. A hundred- and fifty-year-old vampire named Adair has spent the entirety of his vampire life hidden away from humanity. In a forgotten English Forest that no Human dares step into. Adair and his coven lived peacefully and away from the modern-day world. But Adair grows restless and tired of his life jumping trees and hunting dears. Surely the humans weren't as bad as Gideon made out. Adair wants to find the truth for himself. But with the fear of how cruel and selfish humanity could be to their kind. Adair knows that he would never get the chance to see for himself the human world and what his coven hid away from in fear. This is until a certain young human male finds himself lost and in danger in the forest. Who was this human? Why were the humans invading Adair's home? Was he truly as bad as the vampire's myths and legends made out? Sink your teeth into the first novel in New York Times bestselling author Michele Bardsley's Broken Heart series. Broken Heart is the city with the highest rate of divorce and highest percentage of single parents in Oklahoma. And I, Jessica Matthews, have been a member of that club ever since my husband dumped me for his twenty-something secretary and then had the gall to die in a car accident. Now I'm not just a single mother trying to make ends meet in this crazy world...I'm also a vampire. One minute I was taking out the garbage; the next I awoke sucking on the thigh of superhot vampire Patrick O'Halloran, who'd generously offered his femoral artery to save me. But though my stretch marks have disappeared and my vision has improved, I can't rest until the thing that did this to me is caught. My kids' future is at stake—figuratively and literally. As is my sex life. Although I wouldn't mind finding myself attached to Patrick's juicy thigh again, I learned that once a vampire does the dirty deed, it hitches her to the object of her affection for at least one hundred years. I just don't know if I'm ready for that kind of commitment... Quentin Heart is a magical genius with more troubles than three people his age. His mother is dying of cancer, a vampire master wants to own him and he has bone wolves deciding to be his new puppy protection detail. When his friend, Glenn, is murdered Quentin Heart has to discover who attacked him and what happened to his body. Unfortunately Jakinson, the new vampire master, has decided to protect Quentin from himself. Annoyed with everyone trying to kill or control him, Quentin has to push back against vampires, psychotic fae and more magic than he's ever had to handle before. It will take more than magic to get him out of this one. It might even take love. A Viking vampire must face his tortuous past to save the woman who holds the key to his future. Eric Wulfgar escaped from twisted dreams, only to find insanity following him into reality. Feeling like a shell of the man he once was, his King's orders to help a New Orleans vampire clan might require more than he can give. Duty offers him no choice but to leave the shadows, and return to the living. Cat Bienville is frantic. Someone, or something, is stalking the vampires of New Orleans. When the missing turn up dead, with no explanation why, and her Sire disappears, she runs out of options. Left in charge of her vampire coven, Cat knows her duty is to keep her people safe. Only, she's not prepared for help to come in the form of a chauvinistic male, with such a tattered soul. When friends may be foes, Cat and Eric must find balance with one another, in order to unveil the evil in their midst, even as a bigger threat darkens the horizon. Yet, Cat's

past may fracture their growing bonds. How can she give Eric her heart, when her deepest secret may be more than he can ever accept? Kit Bantry has never been interested in the supernatural. Even though she's part Fae, all Kit wants is to live a normal, human life. But when a demon casts her brother into a mysterious underworld, Kit is the only one who can save him. Now she must seek the help of a four-hundred-year-old vampire with a dangerous reputation. Luke Cadris is everything she was warned about - handsome as sin and wickedly seductive - but Kit is sure she can keep things all business. Or at least that's what she tells herself ... When a beautiful stranger charges into his life like a force of nature, demanding that he guide her to the land of the dead, Luke's first inclination is to turn her down flat. Then she makes him an offer he can't refuse: a taste of Fae blood in exchange for his help. Kit makes the offer reluctantly, but Luke senses something else inside her - a desire she can't admit to herself. He's intrigued by the exasperating girl and determined to find a way to unleash her passion. But before he can lay claim to her blood or any other part of her, he has to hold up his end of their bargain. And that means leading Kit Bantry to hell and back.
