Giovanni Cecchetti's Nomad Diary begins with «The Great Valley», a superb long poem which shows the course of the planet framing the course of humankind and civilization. Following poems feature mesmerizing crocodiles, crazy cypresses, giant mosquitoes, the «pollen of jazz» of New Orleans, drunken islands, and an enchanted teenager in the sea. A short collection of elegant epigrams rounds out the volume. The West and Southwest were dear to Cecchetti and appear throughout the book. His essay «On Writing Poetry in a Foreign Land» has been translated here by Raymond Petrillo. THE FOLLOWING INTRODUCTORY JOURNAL ENTRY OF THE ACTUAL YET INCONCEIVABLE EXPERIENCE OF THE AUTHOR, SUMS UP THE BOOK WITHOUT DISCLOSING ANY SURPRISING DETAILS: (This is a true story) October 9, 2007 It's just not ME anymore contained in my body, which currently seems to be the only familiar remnant of myself. Of this there is no doubt. My eyes first met the image of Che Guevara one year ago in Argentina. That first glance awakened a destiny between us, and he charged into my soul with the fierceness of a chariot in battle. He commanded my attention, changing the course of my life in an instant. Recognizing the presence' after the trip, in my home, intensified his energy. The times we co-habitated in my body together, lasted only moments but will linger the rest of my life. A door opened wider than I thought possible expanding my mind, pushing me beyond all limits. At random times our union would strike me into a state of ecstasy beyond literal description. Nothing looks the same. I crossed through the doorway into a different room, never to return to my original frame of thinking. This unexpected companion wreaked havoc in my life, but the purpose of our union eventually revealed itself beyond question. So strong came the direction to publish these notes and channeled messages, I COULDN'T ignore it. This volume provides descriptive and interpretive insights into the 'living' usage of language and other semiotic modes in building and performing the law across academic, professional and institutional contexts, where issues arise from the meaning and function of legal texts, discourse and genre in constituting and enabling conventions, albeit dynamically, and account for the socially and (inter)culturally influenced forms of discursive actions and practices. The twenty contributions included here weave significant contexts and situations for legal discourse and practice into a tight thread, and justify selected topic areas through a variety of approaches, frameworks, methodologies, and procedures. As such, this publication is multidimensional and multiperspectival in its design and implementation of key issues confronting discursive actions and practices of the law, and provides an invaluable resource for academics in a wider range of disciplines, including linguistics, applied linguistics and communication studies. It will also be of interest to students of interdisciplinary discourse analysis. Prominent scientists from perinatal medicine, paediatrics, psychology and sociology will meet in Modena, Italy to explore birth as a complex psychological experience for mother, father and child. The proceedings of this interdisciplinary congress are here published in English to reach the broadest possible scientific audience. The goal is to create a dialogue between humanistic and medical perspectives with regard to conception, pregnancy and birth in an era of rapid biotechnological

progress, taking different social and cultural contexts into account. Situated at the crossroads of gender studies, narratology, and cultural studies, this book investigates the impact that the demographic and cultural revolutions of the last century have had on Italian women's life courses and on their literary imaginations. The geographic and chronological focus is Italy of the 1990s. The study is divided into two parts that represent an ideal progression from contexts to texts. Questo libro giallo nasce da un messaggino inviato nella notte a un amico con richiesta d'aiuto: un cadavere è stato trovato in casa legato a una sedia. L'amico accorre ma serve la Polizia. E nell'intreccio della vicenda si muovono Poliziotti, Investigatori privati, balordi individui, pistole nascoste, gioielli rubati e trafficanti stranieri... in un miscuglio che va seguito con attenzione per non perdere il filo che porterà alla soluzione. Si chiuso da tempo il gap di genere fra donna e uomo, per quanto riguarda l'istruzione. Ormai le donne superano gli uomini per numero di laureate. Ma le donne restano in attesa: non tanto di bambini (ne nascono pochi), ma di trovare spazi d'occupazione, di crescita professionale, di avere potere e ruoli decisionali nelle imprese, in politica, nella scienza. Perch le donne devono rimanere in attesa? Ci sono ragioni economiche che spieghino questo ritardo? Tenerle al di fuori dell'occupazione e del potere ha effetti negativi, che dovrebbero essere sotto gli occhi di tutti: uno spreco di talenti. Pi donne occupate, minori differenziali salariali, pi donne al vertice e pi parit nella famiglia avrebbero effetti benefici per tutta la societ. é per questo che dobbiamo smettere di vedere l'attesa come un problema delle donne. é ora che anche gli uomini dicano basta. Che cosa fare allora? Le autrici avanzano proposte concrete, suggerendo alcune politiche chiave per promuovere l'occupazione e le carriere femminili e per sbloccare l'attesa. I progressi medici degli

ultimi decenni hanno trasformato le prospettive per le persone che ancora oggi convivono con l'HIV la cui aspettativa di vita media, se la cura è precoce e continuativa, risulta notevolmente incrementata. Tali rilevanti progressi hanno modificato anche la percezione dello stato di salute che non è più vissuto come una sentenza di morte. Tuttavia l'AIDS è ancora causa di morte nei paesi più poveri del mondo e continua a generare stigma e a produrre esclusione, discriminazione e marginalità sociale un po' ovunque. Inoltre il numero di persone nel mondo che vivono con questa infezione è in aumento da un decennio, anche come conseguenza della riduzione delle informazioni sul tema. Partendo da queste considerazioni, il volume, con l'approccio interdisciplinare che intreccia insieme i contributi di scienziati sociali con quelli di medici e attivisti, si propone l'obiettivo di fare il punto della situazione sulla questione e dibatte sui temi più propriamente legati alle rappresentazioni sociali e culturali di HIV e AIDS oltre che sulla qualità della vita delle persone che ne sono interessate. Il libro è diviso in due parti: la prima sulla costruzione culturale e sociale di HIV/AIDS e la complessità delle dimensioni della cura, dall'infezione alla presa in carico; la seconda sulle narrative biografiche, con particolare riferimento ad atteggiamenti, informazioni e qualità della vita.
