Peter Norton's Complete Guide to Windows 95 Jul 08 2021 Written by award-winning author Peter Norton, this book provides expert advice using a friendly, hands-on, step-by-step approach. This second edition explains the many benefits of Service Pack 1 and, especially, of OEM Service Release (OSR) 2, with Internet addresses from where to download many of these enhancements for free.

Wildlife and Conservation Volunteering May 06 2021 A unique feature of this guide is its dedicated focus on wildlife and environmental conservation volunteering. It is aimed at all three sectors of the age and career spectrum: young people such as gap year students and backpackers; the larger market of vacation conservation volunteers; and the early retired. Peter Lynch investigates rather than lists different types of organisations including charities, clearinghouses, eco-tour operators and travel agents. He audits, analyses and deconstructs them according to a range of verifiable criteria, including their scientific validity. This second edition had been completely updated and expanded, including more organizations, updated assessments, more volunteer stories and more field adventures. There is also a new chapter on great wildlife migration events - how, when and where to see them, with more great photographs. The guide includes long- and short-term opportunities from roughing it in tents, through simple permanent accommodation to quasi-luxury. The extensive range of expedition opportunities include working with antelope, big cats, birds, coral reefs, dolphins, elephants, fish, hippos, monkeys, orang-utans, turtles, whales, zebras, injured wildlife and people - in every type of habitat - all over the globe. First-hand accounts by volunteers reveal the day-to-day life of being a volunteer.

C++17 - The Complete Guide Mar 16 2022 All the new language and library features of C++17 (for those who know the previous versions of C++). C++17 is the next evolution in modern C++ programming, which is already now supported by the latest version of gcc, clang, and Visual C++. Although it is not as big a step as C++11, it contains a large number of small and valuable language and library features, which will change the way we program in C++. As usual, not everything is self-explanatory, combining new features gives even more power, and there are hidden traps. This book presents all the new language and library features of C++17. It covers the motivation and context of each new feature with examples and background information. The focus is on how these features impact day-to-day programming, what it means to combine them, and how to benefit from this in practice.

The Complete Guide to Trust and Estate Management Oct 11 2021 One of the most critical decisions a person must make when crafting a will or establishing a trust is whom to name as executor or trustee. Being chosen for these important jobs is an honor, and you must know how to perform the tasks correctly. With the help of this new book, The Complete Guide to Trust and Estate Management, you will understand the complex process of carrying out a person's final wishes. This book will provide insight whether you are a lawyer, accountant, financial consultant, spouse, adult child, relative, or friend; the simple, easy to understand language makes this book accessible to everyone. You will become familiar with many estate and trust management terms, such as beneficiary, probate, remaindermen, trust agreement, trust property, trustor, and trustee. In addition, you will learn the many duties and responsibilities of an executor, including the disbursement of property to the beneficiaries, collecting and arranging for the payment of debts, approving and disproving creditors claims, calculating taxes, filing forms, assisting the estate attorney, acting as the representative of the estate, inventorying and appraising the assets, and acting in the best interests of the deceased. After reading this book, you will know how to initiate probate; how to preserve the value of the estate; how to notify beneficiaries; how to send notices to the post office, banks, utilities, and credit card companies; how to file for Social Security, civil service, and veteran benefits; how to file tax returns; and how to file state death and federal estate tax returns. As executor, you will be responsible for settling the deceased person's estate and as trustee, you will be responsible for holding and administering the trust assets in the best interests of the trust's beneficiaries. Using this book as a guide, you can be assured that you will be prepared to properly perform the necessary duties entrusted to you. The Complete Guide to Mold Making with SOLIDWORKS 2022 Nov 24 2022 The Complete Guide to Mold Making with SOLIDWORKS 2022 is a quick paced book written to provide experienced SOLIDWORKS users with in-depth knowledge of the mold tools provided by SOLIDWORKS. Throughout this book you will learn the procedures necessary for using these tools to create and analyze effective mold designs. Utilizing step-by-step instructions, each chapter of this book will guide you through different tasks, from designing or repairing a mold, to developing complex parting lines; from making a core in the part mode to advancing through more complex tasks in the assembly mode. Throughout this book you will be introduced to using surfacing tools to repair models and prepare them for the mold making process. Towards the end of this book, you will learn how to work with SOLIDWORKS Plastics and Flow Simulation to simulate the way melted plastics flow during the injection molding process. You will also learn to analyze the thick-thin wall regions to predict defects on plastic parts and molds. Learning how to analyze plastic parts for errors and correct them early in the design stage is a valuable skill, which can save a significant amount of time throughout the span of the entire design process. Every project in this book is based on real world products. Each of these projects have been broken down and developed into simple, comprehensible steps. Furthermore, every mold design is explained very clearly in short chapters, ranging from 15 to 25 pages. Each step comes with the exact screen shot to help you understand the main concept of the design. Learn the mold designs at your own pace, as you progress from simple core and cavity creation to more complex mold design challenges. This book will also teach you to use various surfacing tools such as: • Ruled Surface • Planar Surface • Knit Surface • Filled Surface • Extend Surface • Trim Surface • Lofted Surface

Music Publishing Aug 09 2021 Written by an attorney with over 30 years of experience in the music industry, Music Publishing: The Complete Guide is the definitive manual on music copyright. Whereas many books on the subject are aimed at artists and songwriters, this book will serve as a thorough guide for industry pros, lawyers, and music business and law students. Subjects covered include copyright; performing rights organizations; mechanical, synchronization, and print licensing; songwriter and composer agreements; publishing administration and foreign sub-publishing; production music libraries; pitching and placement companies; sampling; and much more. The discussion also delves into historical perspective and current trends and revenue opportunities in the evolving digital marketplace. Easy-to-read narratives explain the key points for all of these types of deals. There are many sample agreements included in the book, all annotated in simple terms that explain the often complex contract language. There are also links to copyright and publishing resources, listings of foreign performance and mechanical societies, and anecdotes and case studies from real world incidents. If you're looking for a thorough grounding and go-to reference book on music copyright, not just a quick crash course, your search is over. "Steve's Music Publishing text is fantastic. It is personal, practical, and even includes excellent real world case studies. Furthermore, the helpful agreement annotations and comments are a most excellent resource for breaking down agreement language and terms for the reader. His knowledge, experience, and sense of humor make this the best music publishing text I've read. I will be using Steve's book as the official text for our Music Publishing course at The University of Colorado Denver's Music Industry Program. All those interested in learning more about music publishing or having a sharp reference text should get this book!"---Benom Plumb, Assist
