This is an extensive listing of almost everything published about the fourteenth century Spanish "Libro de buen amor" by Juan Ruiz, Archpriest of Hita. It is essentially the same as the online bibliography at <http://my-lba.com> but it also contains a history of this project starting in the 1970's and a listing of other

bibliographies on this work of literature. In addition, it can be used in conjunction with the e-book version (which has a search engine) "A Bibliography for the Book of Good Love, Third Edition" found at Lulu.com. "This book offers insight into practical and methodological issues related to collaborative e-research and furthers readers understanding of current and future trends in online research and the types of technologies involved"--Provided by publisher. Traditional stories from the northern Colombian coast, in both English and Spanish. These twenty-one animal

tales from the Colombian Caribbean coast represent a sampling of the traditional stories that are told during all-night funerary wakes. The tales are told in the semi-sacred space of the patio (backyard) of homes as part of the funerary ritual that includes other aesthetic and expressive practices such as jokes, song games, board games, and prayer. In this volume these stories are situated within their performance contexts and represent a highly ritualized corpus of oral knowledge that for centuries has been preserved and cultivated by African-descendant populations in the

Americas. Ethnomusicologist George List collected these tales throughout his decades-long fieldwork among the rural *costeños*, a chiefly African-descendent population, in the mid-twentieth century and, with the help of a research team, transcribed and translated them into English before his death in 2008. In this volume, John Holmes McDowell and Juan Sebastián Rojas E. have worked to bring this previously unpublished manuscript to light, providing commentary on the transcriptions and translations, additional cultural context through a new introduction,

and further typological and cultural analysis by Hasan M. El-Shamy. Supplementing the transcribed and translated texts are links to the original Spanish recordings of the stories, allowing readers to follow along and experience the traditional telling of the tales for themselves. Includes section, "Recent book acquisitions" (varies: Recent United States publications) formerly published separately by the U.S. Army Medical Library. Secondo una credenza popolare del nord dell'Iran, quando tre rane cantano, vuol dire che sta per piovere. "La pioggia quando

arriva?", chiede Nima Yooshij alla rana in una sua celebre poesia del 1952: una metafora della rivoluzione, ma anche una premonizione. Di lì a poco, infatti, l'Iran avrebbe conosciuto il golpe anti-Mossadeq, la "rivoluzione bianca" voluta dallo scì per modernizzare il Paese, la rivoluzione del 1979 e la nascita della Repubblica islamica. Un Novecento vivace e drammatico ha portato nel terzo millennio un Iran con un'identità forte e apparentemente immutabile. E oggi? All'indomani dello storico accordo sul nucleare, la Repubblica islamica sembra in procinto

di entrare definitivamente nel mercato globale. Ma quali sfide e quali compromessi comporta tutto questo per la cultura e il popolo iraniano? Insomma: “La pioggia quando arriva?». La rana e la pioggia è un viaggio nell’Iran dei nostri giorni, attraverso il complesso e affascinante rapporto tra Paese e modernità. “Sacchetti offre al lettore tanti diversi frammenti. Appassionato di cultura persiana, ne ha studiato la lingua e - come gli iraniani - intercala prosa e poesia. Il risultato è una lettura scorrevole, piacevole. Con la politica a fare da filo conduttore con i suoi protagonisti”.

Thompson examines the actor's sexuality both on and off the stage and demonstrates that

his homosexuality was tolerated, even understood and applauded, by the public. An anthology of thirty-three folktales, legends, and fables from around the world. The stories appear in their native languages with English translations. The story concerns a frog that tries to inflate itself to the size of an ox, but bursts in the attempt. Building on the groundbreaking 2012 exhibition “Byzantium and Islam: Age of Transition,” which explored the transformations and continuities in the Byzantine Empire from the seventh to the ninth century, the present volume extends the

exhibition catalogue's innovative investigation of cultural interaction between Christian and Jewish communities and the world of Islam. Eleven essays by internationally distinguished scholars address such topics as the transmission of Christian imagery to the Mediterranean, icons preserved in The Holy Monastery of Saint Catherine at Sinai, interaction between Jewish communities and the Muslim world, the purposeful mutilation of figurative floor mosaics in places of worship, the evolution of classical and Byzantine motifs in

a new cosmology for Muslim rulers, and interconnections in the realm of music. Each essay provides compelling evidence that the era of transition from Byzantine to Islamic rule in the eastern Mediterranean and North Africa resulted in unprecedented cultural cross-fertilization and significantly affected the development of the Mediterranean world for centuries to come. "Collection of incunabula and early medical prints in the library of the Surgeon-general's office, U.S. Army": Ser. 3, v. 10, p. 1415-1436. The Outrageous Juan Rana Entremeses translates a

selection of Juan Rana's interludes for the first time, highlighting their literary complexity and providing historical context for the many double meanings and innuendos they contain.
