"The gripping story of Richard Williams, the father who raised and trained two of the greatest women in sports, Venus and Serena. He achieved greatness in spite of hardship and disadvantages to become a successful businessman, family man and tennis coach"--
The Way I See It A Collection of Writings By: Matthew Durden THE WAY I SEE IT is a collection of short tales of the life of Matthew Durden: how he, as a Southern Georgia kid, grew up, joined the military, and traveled the world. Born in 1953, Durden has first-hand knowledge of the South and yet was able to live around the world and see life from many different angles. His unique and fascinating story ranges from a boy who picked cotton, to joining the 101st Airborne Airmobile, and becoming a Drill Sergeant. As I See It is a journey of mind, body, and spirit by veterinarian, Tom Schell, DVM. Over the course of his career, adulthood, and parenthood, Dr. Schell began to question the many things in his life. What is the

purpose? What are we supposed to be doing? What is the true path to health for my patients and for myself? What is death and what does it mean? Does being a Christian imply that we just go to church, or is there something more? Are we missing the point taught to us by Jesus, caught up in the perception of the person, and missing the overall message? Does spirituality go beyond what we have been taught in the Bible? Can we create change for ourselves and for others around us? In these pages, Dr. Schell relays his thoughts on a variety of topics as he pondered his own life, interacted with people, and watched over countless patients. The simple power of observation can sometimes lead us to many answers in our lives. In this revised and expanded edition of the 2008 bestseller, Dr. Grandin, the world's most famous person with autism, reveals the secrets of her success. Grandin gets down to the real issues of autism--the ones parents, teachers, and individuals on the spectrum face every day. Encourage young readers to use their imagination, and look within others, and themselves, to discover all that they have to offer. A stunningly illustrated children's picture book, with captivating poetic text by Rachel Moulden. It teaches your little ones that there is more to people than meets the eye, you just have to look. gorgeous illustrations by Jodie Howard, this enchanting children's storybook brings the magic of rhyme and nature together. Whether you are looking for a bedtime storybook, a children's gift for a special occasion, or simply a book to share with your child, this delightful kid's book will make the perfect addition to the bookshelf. It includes cheerful, simple text that is perfect for reading together and out loud, which has many early learning benefits. A book for one. A book for two. A book for different points of view. This clever and colorful picture book of opposites will change the way you see things, literally. Turn the book upside down and your perspective alters: Left becomes right; high becomes low; empty becomes full! Great as a rhyming read-aloud, and even better with a friend, this book of two points of view begs to be shared and will immerse booklovers of all ages in a unique reading experience. By the age of 18, Nicole Dryburgh has survived cancer & a brain haemorrhage. Blind & mainly confined to a wheelchair, Nicole is wholehearted & positive, whether she is studying, fund-raising or hanging out with her friends. Twenty years in the making, this epic artist just completed his most personal project to date: the male figure study. Includes photos of male nudes. This book covers the period of time during which the Cayman Islands were transformed from an obscure group of three British islands in the Caribbean to the fifth largest financial centre in the world. The transition was the brainchild of the country's then Minister of Finance, Sir Vassel Johnson, whose book traces the reason for this change and the process by which it was accomplished. It begins with his journey as a young child from Jamaica to Cuba where his parents settled in a Caymanian community on the Isle of Pines (now the Isle of Youth) to make a living by farming. Ten years later the family moved to Grand Cayman where, with the help of Caymanian families who had been their neighbours in the Isle of Pines, they settled and made a home. This was the first time that Vassel and his younger siblings received a formal education and Vassel graduated senior school with distinction within 4 years. On leaving school Vassel went to work with the Cayman Islands Government where he met Rita Hinds, and they were later married and had 7 children. Rita's family was among the

original settlers of Grand Cayman, hailing mainly from the British Isles, and they were hardworking with strong church and community ties. At that time Cayman's economy was quite poor and apart from a few government jobs, was largely sustained by the earnings of their men who went to sea and worked with the US Merchant Marine. When most of these jobs became redundant with the advent of containerised cargo, the men returned home where few jobs were to be had. This was the turning point in the islands' history, and resulted in Vassel's efforts to provide jobs by creating a financial industry that would have spinoffs to support families and the country's essential services. For the first time, music legend and humanitarian activist Dionne Warwick reflects on 50 years in showbusiness and the lessons she has learned from being an artist, a mother and a global icon. From her rise to superstardom to raising millions of dollars for AIDS research, she gives readers a glimpse into her dazzling, inspiring life. 'If you think you can do it, you can do it' was the advice she got from her grandfather as a young girl - words she has never forgotten. Like her music and humanitarian work, her story is guaranteed to give hope and inspiration to people across the world. A young woman's heart and soul are captured by the lyrics and melody of a song. The voice that carries them to her heart is warm and seductive. She now begins a heartfelt journey to try to win his affection. "AS I SEE IT" is a blatantly honest account of today's business written from the perspective of a 50-year old, Black, gay, male Executive Assistant who supported some of the top executives in Finance, Tech, Retail and Aerospace and challenged business and societal norms to become one of the most respected professionals in the field. During his 27 years in the C-suite Phoenix Normand witnessed the rise and fall of Dot-Com 1.0, survived two (near) heart attacks, even designed the pitch book for the investment bank that eventually took Amazon.com public. It's not pretty. But it is honest. And a book that everyone in business should read and have open conversations about in an effort to finally solve many of the inequities, misperceptions, and issues that have plagued big business for decades. "This third edition of this book is a

compilation of articles I have written for the Autism Asperger's Digest magazine from 2000 to present"--Page xi. This book is meant to challenge, is often controversial, even something of a whistleblower and, being radical, does not settle for the status quo as I speak out against these terrible times we live in. It is about dealing with life and death with all that that means in joy and heartache and the realities of such with both the physical and spiritual supernatural sides of life, something of how they interact in good versus evil, right and wrong also the intense and desperate warfare we are locked into here on Planet Earth and the Divine judgement we are under. Where each of us stands regarding these matters is of paramount importance as it affects life now and life's other side. From 1961 after experiencing some 'hell on earth' in my earlier years I was determined to search, seek, sift, ask questions and find the meaning of life and by 1968 I found LIFE in my Maker, Father God, through His Messiah Son and got the big picture and I became radical in my living for Him within the framework of His wonderful, powerful love that He gives to us. It is all about the Truth and the Truth alone will set us free. The book consists of three parts: my autobiography; tying it in with the condition of the world, the church and so on; and further information of varied interest including my late father's survival from the troopship, Lancastria, in the world's worst single maritime disaster in June 1940. The real-life values of contemporary teenagers are explored in this collection of insightful monologues. Each expresses an opinion of a situation, issue or problem. video contentThis book is a celebration of the power of the mobile phone camera combined with Tom Kligerman's unique eye. Tom is a New York architect who adores travel and the different cultures of the world, recording vibrant details and evocative scenes on his iPhone as he journeys from India to New Mexico, from Beaux-Arts monuments to rustic barns, from ocean to mountaintop. The images have been curated into dynamic pairs that spark a conversation about the world and the different ways of seeing it. They are accompanied by Tom's reflections, and those of his Instagram followers, in a series of captions, comments and mini essays. This book is a child of the pandemic, a time when people could only dream of traveling or relive past experiences, as Tom has done, from the image banks on their mobile devices. It rejoices in both the potential of new media and the physical pleasure given by a beautifully made and structured book. It allows readers a moment of pause and reflection, so necessary if we are not to be lost in the digital feed. Who Do I See in the Mirror? is the debut book from Philly & Friends. "There is only one me!" As Philly looks at her reflection in the mirror, she realises that from her curly hair to her legs that love to dance, she is unique. But what makes her truly special is her good heart and curious mind. The important message conveyed is for children to love the skin they are in. It's what you are on the inside that matters most. Philly & Friends is a contemporary children's brand created to empower literacy. We offer unique products that encourage confidence, self-love and diversity in our beloved children while supporting underprivileged children around the world. Philly & Friends was born out of a desire to teach children to see beauty in themselves and to believe they can be anything they want to be. ***Children's picture book with a purpose, each book sold ships a book to Africa, empowering literacy.*** When a violinist begins to play, the song is transformed into vivid shapes and colors. In Gen. 5:1-32, tells of the Ages of Adam thru Noah. There were a lot of 800 and 900 years mentioned in these verses. But, a lot of the years overlapped. An example of this, would be Adam, living 930 years. But, he was only 687 years old, when Me-thu'-se-lah was born. There were six others, between Adam, and Me-thu'-se-lah, that used apart of Adams, 930 years. Me-thu'-se-lah, used 243 of Adams years, on the way to HIS 969 years. At the time of the FLOOD, Noah/No'-e, was 600 years old. None of the others were still alive. Noah's father La'-mech, the last of the 900 year old group. Lived 595 more years, after Noahs birth, and died 5 years, before the flood. I tell of the years, mainly for knowledge. To explain all of the many 900 years, we read of was CONDENSED. It was not $900 \times 6 = 5,400$ years, or $900 \times 4 = 3,600$ years. It was only 1,656 years. " THE TRUTH AS I SEE IT " "Loengard enlarges our understanding and deepens our appreciation of his photography

with insightful commentaries on each of the pictures reproduced in the book. (Who knew that the term silhouette was the name of Louis XV's budget-conscious finance minister?) Just as each photograph is the product of Loengard's vision, these vivid texts give us a glimpse of the mind behind the photographer's eye."--BOOK JACKET.

Everyone knows that Lord Sugar has strong opinions and is not afraid to share them - no matter how controversial they may be. *The Way I See It* takes us into the world of Alan Sugar: entrepreneur, Twitter addict, television star, keen cyclist, peer of the realm and bemused grandfather. In *The Way I See It* he shares his trenchant views on subjects as varied as over-priced poncy restaurants, the problems with British society, why French drivers wind him up, the secrets of his own success, and the reason he respects Katie Price more than most celebrities. Crammed full of brilliant stories, amusing rants and sound advice, this is the last word on life, the universe and everything from the nation's favourite straight-talking businessman. In *The World As I See It*, Shelly Hill seeks to encourage each of us to find God's personal message for us. This fully illustrated guide explains that life is more than experiencing the world through television and the Internet. It's about developing a personal relationship with God as you live the moments of each day. Every life has times of joy and times of sorrow, and the balance between the light and the darkness depends upon the filter through which you choose to look and live your life. If you see events through the filter of God's love, then the shadows of the bad times can serve to draw your eyes to the beauty of His blessings in your life. *The World As I See It* focuses on the moments that encourage you to find God's personal message for you through beautiful color photographs that illustrate the carefully chosen words and thoughts in this helpful and inspiring guide to life. Love remembers the little things discounted by the world. Love waits, not because it's convenient but because it's sometimes necessary. Love has time when life is too busy. Love gives without calculating the risks. Love blooms only when it is shared. When other girls her age were experiencing their first crushes, Melissa Sue Anderson was receiving handwritten marriage proposals from fans as

young, and younger, than she was. When other girls were dreaming of their first kiss, Melissa was struggling through hers in front of a camera. From age eleven in 1974 until she left the show in 1981, Melissa Anderson literally grew up before the viewers of Little House on the Prairie. Melissa, as Mary, is remembered by many as "the blind sister"—and she was the only actor in the series to be nominated for an Emmy. In *The Way I See It*, she takes readers onto the set and inside the world of the iconic series created by Michael Landon, who, Melissa discovered, was not perfect, as much as he tried to be. In this memoir she also shares her memories of working with guest stars like Todd Bridges, Mariette Hartley, Sean Penn, Patricia Neal, and Johnny Cash. In addition to stories of life on the set, Melissa offers revealing looks at her relationships off-set with her costars, including the other Melissa (Melissa Gilbert) and Alison Arnglim, who portrayed Nellie Oleson on the show. And she relates stories of her guest appearances on iconic programs such as *The Love Boat* and *The Brady Bunch*. Filled with personal, revealing anecdotes and memorabilia from the Little House years, this book is also a portrait of a child star who became a successful adult actress and a successful adult. These are stories from "the other Ingalls sister" that have never been told. People will be interested in this book because it offers insight and a different look at the cycle of life and death and why they are never ending. The who, what, where and why are just fill-ins for the curious, but logical questions and answers that we ponder as humans. I hope to take it further by examining the meaning behind the meaning. The possibilities and the consequences of ignoring the very basis of not just life, but the survival of humanity that we are not here by some kind of accident in the cosmos. What happens and transpires when people no longer feel a purpose to life and this feeling causes an insurrection and destruction of one's soul, where not only do they lash out at each other, they eventually despise themselves. This issue is what happens in the absence of God in one's life and how the soul starves while the flesh feasts in misery and selfishness. The absence of purpose which is a greater good (God) causes a systematic breakdown where the tentacles of misery and

chaos run wild as one adopts the mentality of every man, woman and child. The more selfish people become the less they care about those further and further away from their "personal space" to the point where they do not care about their own country, their own state, community right up to their own backyard. As evil advances the faithless retreat, one grows more and more selfish in the absence of God. Good and evil, right and wrong become meshed together and a veil of gray causes one unable to discern between the two. A can, a fly, a seesaw, a bee. Two jaunty cats see it all as they spend the day playing their own version of *I Spy*. Soon enough, their play grows into boisterous fun where wordplay is the name of the game, and the ingenious concept behind this *My First I Can Read Book*. "Clever and bright." —Kirkus Reviews

Jeremy Ozkaya-Simms is an aspiring young individual who enjoys turning real-life events and personal interests into poems. In his first book "*The Way I See It*," Jeremy invites us to a perspective of the world - see through his eyes. Other work: Jeremy has also had his work published, in the following books, by Young Writers: *Monster Poetry* *Grimm Tales* When a brother and sister go for a walk, their imaginations turn the ordinary into the extraordinary in this sweet and whimsical picture book. Pup is pulling, Maisie is pushing, and Jonah is looking and listening as the three of them set off on their daily dog walk. But what begins as a chore becomes an unexpected celebration of imagination as their neighborhood transforms. Maisie sees butterfly; Jonah sees a popsicle garden! Maisie sees the postman; Jonah sees a sky slide! And...is that...a tree of cats?! Differences are what brings richness to the everyday in gorgeous homage to the wonders of the world around us—and the worlds we can create—if only we stop to look and listen. *The World as I See It* is a book by Albert Einstein translated from the German by A. Harris and published in 1935 by John Lane The Bodley Head. The original German book is *Mein Weltbild* by Albert Einstein, first published in 1934 by Rudolf Kayser. The fascinating, "upfront and unapologetic" (Kirkus Reviews) memoir of Richard Williams, a businessman, tennis coach, and father to two of the greatest athletes and professional tennis champions of all time—Venus

and Serena Williams. Born into poverty in Shreveport, Louisiana in the 1940s, Richard Williams was blessed by a strong, caring mother who remained his lifelong hero, just as he became a hero to Venus and Serena. From the beginning of his life, Richard's mother taught him to live by the principles of courage, confidence, commitment, faith, and love. He passed the same qualities on to his daughters, who grew up loving their father and valuing the lessons he taught them. "I still feel really close to my father," says Serena. "We have a great relationship. There is an appreciation. There is a closeness because of what we've been through together, and a respect." A self-made man, Williams has walked a long, hard, exciting, and ultimately rewarding road during his life, surmounting many challenges to raise a loving family and two of the greatest tennis players who ever lived. *Black and White* is the extraordinary story of that journey and the indomitable spirit that made it all possible. In his candid and witty autobiography, famed tycoon J. Paul Getty invites readers to glimpse the twentieth century from the vantage point of a man who lived, as he puts it, "through the most exciting and exhilarating - and most turbulent and terrible - eight decades of human history." Whether describing how he amassed his staggering fortune, recounting conversations with intriguing personalities of the day, or frankly discussing his marriages and liaisons, J. Paul Getty sets the record straight - once and for all. He even speaks honestly about his notorious stinginess and the bizarre problems faced by the impossibly wealthy. From beloved author-illustrator Eric Carle comes this brand-new interactive board book that features sweet text and shiny mirrors throughout—sure to endlessly entertain little ones! I see you in the butterfly who flutters and soars. I see you in the lion who purrs sweetly, then roars. Who's in that mirror? It's you! From a silly monkey to a shining sun, little ones will love seeing themselves in these clever mirrors!
