Carson argues that there is a moral presumption against lying and deception that causes harm, he examines case-studies from business, politics, and history, and he offers a qualified defence of the view that honesty is a virtue. A teenage boy's self-reinvention gets out of control

in a sharp, funny, poignant, and compulsively readable novel that gives a familiar theme a surprising twist. James was the guy no one noticed -- just another fifteen-year-old in a small town. So when he gets into an academy for gifted students, he decides to leave his boring past behind. In a boarding school full of nerds and geeks, being cool is easy. All it takes is a few harmless pranks to invent a new James: fighter, rebel, punk. Everyone's impressed, except for the beautiful "Ice Queen" Ellie Frost and the mysterious ghost44, an IM presence who sees through his new identity. But James is riding high, playing pranks and hooking up with luscious Jessica Keen. There's just one thing awry: he's starting to have vivid dreams of being a demon-hunting warrior, a thrill that is spilling over into dangerous and self-destructive acts while he's awake. As he's drawn deeper into his real-life lies and his dream-world conquests, James begins to wonder: What's the price for being the coolest guy around? No matter what you see, no matter what you've heard, assume nothing. Adam and Sophie Warner and their three-year-old daughter are vacationing in Washington State's Hood Canal for Memorial Day weekend. It's the perfect getaway to unplug--and to calm an uneasy marriage. But on Adam's first day out on the water, he sees Sophie abducted by a stranger. A hundred yards from shore, Adam can't save her. And Sophie disappears. In a nearby cabin is another couple, Kristen and Connor Moss. Unfortunately, beyond what they've heard in the news, they're in the dark when it comes to Sophie's disappearance. For Adam, at least there's comfort in knowing that Mason County detective Lee Husemann is an old friend of his. She'll do everything she can to help. She must. But as Adam's paranoia about his missing wife escalates, Lee puts together the pieces of a puzzle. The lives of

the two couples are converging in unpredictable ways, and the picture is unsettling. Lee suspects that not everyone is telling the truth about what they know--or they have yet to reveal all the lies they've hidden from the strangers they married. Learn why lying is so pervasive in our society and what we can do to stop it. People lie all the time. We lie to each other. We lie to ourselves. We tell white lies, fibs, and whoppers. And sometimes, we lie so much that we completely lose sight of the truth. Lying (2011) is a critical analysis of humanity's deceptions. Examining lies on both the macro and microscopic levels, Sam Harris' investigation considers the prevalence of untruths in our society and why they have to stop. My name is Amber Reynolds. There are three things you should know about me: 1. I'm in a coma. 2. My husband doesn't love me anymore. 3. Sometimes I lie. Amber wakes up in a hospital. She can't move. She can't speak. She can't open her eyes. She can hear everyone around her, but they have no idea. Amber doesn't remember what happened, but she has a suspicion her husband had something to do with it. Alternating between her paralyzed present, the week before her accident, and a series of childhood diaries from twenty years ago, this brilliant psychological thriller asks: Is something really a lie if you believe it's the truth? One of the most influential economists of the decade-and the New York Times bestselling author of The Great Stagnation-boldly argues that just about everything you've heard about food is wrong. Food snobbery is killing entrepreneurship and innovation, says economist, preeminent social commentator, and maverick dining guide blogger Tyler Cowen. Americans are

becoming angry that our agricultural practices have led to global warming-but while food snobs are right that local food tastes better, they're wrong that it is better for the environment, and they are wrong that cheap food is bad food. The food world needs to know that you don't have to spend more to eat healthy, green, exciting meals. At last, some good news from an economist! Tyler Cowen discusses everything from slow food to fast food, from agriculture to gourmet culture, from modernist cuisine to how to pick the best street vendor. He shows why airplane food is bad but airport food is good; why restaurants full of happy, attractive people serve mediocre meals; and why American food has improved as Americans drink more wine. And most important of all, he shows how to get good, cheap eats just about anywhere. Just as *The Great Stagnation* was Cowen's response to all the fashionable thinking about the economic crisis, *An Economist Gets Lunch* is his response to all the fashionable thinking about food. Provocative, incisive, and as enjoyable as a juicy, grass-fed burger, it will influence what you'll choose to eat today and how we're going to feed the world tomorrow. Janine Driver was trained as a lie detection expert for the ATF, FBI, and the CIA and is a New York Times bestselling author (*You Say More Than You Think*). Driver—who is known in professional circles as “the Lyin’ Tamer” and has demonstrated her world-renowned expertise on such programs as *The Today Show*, *The Dr. Oz Show*, and *Nancy Grace*—now offers readers essential tools that will enable them to detect deceptions, recognize a liar, and ultimately improve their lives. For readers of *Never Be Lied to Again* by David Lieberman and anyone worried about the possibility of cheating partners,

devious co-workers, lying employees, or ubiquitous con men, *You Can't Lie to Me* will help you uncover the truth in any situation while giving you the skills you need to keep yourself happy, your family safe, and your business protected. **'THIS DIZZYING NOVEL KEEPS YOU ON YOUR TOES' - THE SUN** You think you know the truth about that night, but what if your husband is LYING TO YOU? 'Psychological and domestic drama at its very best' Woman's Weekly Recently, fake news has become real news, making headlines as its consequences become crushingly obvious in political upsets and global turmoil. But it's not new - you've seen it all before. A malicious online rumour costs a company millions. Politically motivated 'fake news' stories are planted and disseminated to influence elections. Some product or celebrity zooms from total obscurity to viral sensation. Anonymous sources and speculation become national conversation. What you don't know is that someone is responsible for all this. Usually, someone like Ryan Holiday: a media manipulator. Holiday wrote this book to explain how media manipulators work, how to spot their fingerprints, how to fight them, and how (if you must) to emulate their tactics. Why is he giving away these

secrets? Because he's tired of a world where trolls hijack debates, marketers help write the news, reckless journalists spread lies, and no one is accountable for any of it. He's pulling back the curtain because it's time everyone understands how things really work. In 2016, one of the giants of modern journalism fell: Gawker Media, infamous for saying what other outlets wouldn't say, was sued for publishing Hulk Hogan's sex tape, lost the case and went bust. After countless other lawsuits it seemed that Gawker had finally run out of luck. But luck had nothing to do with it. Peter Thiel, PayPal founder and billionaire investor, had masterminded the whole thing. Still furious at an article that had outed him ten years previously, and increasingly disgusted at Gawker's unscrupulous reporting methods, Thiel had spent nearly a decade meticulously plotting a conspiracy that would lead to the demise of Gawker and its founder, Nick Denton. After a multi-year proxy war through the Florida legal system, the settlement of \$140million in favour of Hogan ended it. The verdict would stun the world and so would Peter's ultimate unmasking as the man who had set it all in motion. Why had he done this? How had no one discovered it? What would this mean--for free speech? For privacy? For culture? In Holiday's masterful telling of this nearly unbelievable conspiracy, informed by exclusive interviews with all the key players, this case transcends the narrative of how one billionaire took down a media empire or the current state of the free press. It's a study in power, strategy, and one of the most wildly ambitious - and successful - secret plots in recent memory. "After details of American government surveillance were published in 2013, Edward Snowden, formerly a subcontracted IT analyst for the NSA, became the center of an international controversy: was he a hero, traitor, whistleblower, spy? My Brilliant Friend, a powerful new novel set in a divided Naples. Soon to be adapted into a NETFLIX original series. Now an original series on Hulu! YOU NEVER FORGET YOUR WORST. “A twisted modern love story” (Parade), Tell Me Lies is a sexy, thrilling novel about that one person who still haunts you—the other one. The wrong one. The one you couldn’t let go of. The one you’ll never forget. Lucy Albright is far from her Long Island upbringing when she arrives on the campus of her small California college and happy to be hundreds of miles from her mother—whom she’s never forgiven for an act of betrayal in her early teen years. Quickly grasping at her fresh start, Lucy embraces college life and all it has to offer. And then she meets Stephen DeMarco. Charming. Attractive. Complicated. Devastating. Confident and cocksure, Stephen sees something in Lucy that no one else has, and she’s quickly seduced by this vision of herself, and the sense of possibility that his attention brings her. Meanwhile, Stephen is determined to forget an incident buried in his past that, if exposed, could ruin him, and his single-minded drive for success extends to winning, and keeping, Lucy’s heart. Lucy knows there’s something about Stephen that isn’t to be trusted. Stephen knows Lucy can’t tear herself away. And their addicting entanglement will have consequences they never could have imagined. Alternating between Lucy’s and Stephen’s voices, Tell Me Lies follows their connection through college and post-college life in New York City. “Readers will be enraptured” (Booklist) by the “unforgettable beauties in this very sexy story” (Kirkus Review). With the psychological insight and biting wit of Luckiest Girl Alive, and the yearning ambitions and desires of Sweetbitter, this keenly intelligent and supremely resonant novel chronicles the exhilaration and dilemmas of

young adulthood and the difficulty of letting go—even when you know you should. As it was in Anna Karenina, Madame Bovary, and Othello, so it is in life. Most forms of private vice and public evil are kindled and sustained by lies. Acts of adultery and other personal betrayals, financial fraud, government corruption—even murder and genocide—generally require an additional moral defect: a willingness to lie. In Lying, best-selling author and neuroscientist Sam Harris argues that we can radically simplify our lives and improve society by merely telling the truth in situations where others often lie. He focuses on "white" lies—those lies we tell for the purpose of sparing people discomfort—for these are the lies that most often tempt us. And they tend to be the only lies that good people tell while imagining that they are being good in the process. Skye is looking for an escape. Her sister died in a tragic accident and her parents think a camp for grieving teens might help her. But when she arrives, Skye starts receiving text messages from someone pretending to be her dead sister. Skye knows it's time to confront the past. But what if the danger is right in front of her? A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. That would certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic—from NYC and all the way to Spain—for a wedding. Let alone, someone eager to play

along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in my hands. Was it worth the suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my panic induced lie? Like my abuela would say, que dios nos pille confesados.

Growing up in an eccentric North Carolina home, with aging-hippie parents whose marriage was forever crumbling around her, author Sarah Sweeney was primed for trouble. For drugs and boys. For learning about sexuality from Madonna videos and prank-calling teachers and meeting celebrities--including a young Adrian Grenier. For escaping the South and even her own family. Funny, exuberant, and often heartbreaking, TELL ME IF YOU'RE LYING examines the lies we're told as children and the downright unbelievable--but true--stories that comprise Sweeney's colorful coming of age. "Sarah Sweeney's new essay collection is sharp, sensitive, and engaging. Even while describing some of the weirdest, darkest and most personal moments of her complicated coming-of-age, Sweeney's voice is vividly relatable--it's hard not to root for her, and identify with her." --Laura Barcella, author of Fight Like a Girl and editor of Madonna & Me "TELL ME IF YOU'RE LYING covers a wide selection of great subjects: sex, drugs, rebellion, youthful misadventures, not-so-youthful misadventures, family, death, cars, aliens, Madonna, the early career of Adrian Grenier. Sarah Sweeney has some kind of range; her writing can be hysterically funny one line and heartbreaking the next. This is a strikingly smart, self-aware, and empathetic book about a lot of things, but mostly love: for the people and places and decisions that make us who we are. Essays, memoir, whatever you want to call it, it's a hell of a good read." --Justin St. Germain, author of Son of a Gun "TELL ME IF YOU'RE LYING is Sweeney's reckoning with her father and her

hometown, the place that shaped and confined her. Through her essays we come to intimately know her heartbreak but also her resilience, often rooted in humor, making for a well-rounded collection we should all read."--Kenny Torrella, *Rain Taxi* The sequel to *TRUST ME, I'M LYING* "An irresistible mix of intrigue, high stakes, and self-discovery." —Lee Kelly, author of *City of Savages* *LITTLE SECRETS*. Staying out of trouble isn't possible for Julep Dupree. Against her better judgment, Julep takes a shady case that requires her to infiltrate a secretive organization that her long-gone mother and the enigmatic blue fairy may be connected to. If Julep doesn't watch her back, it's her funeral. No lie. "I would trust Julep Dupree with my life, Dani Ivanov with my heart—and Mary Elizabeth Summer with my every late-night can't-stop-reading session. An intelligent, fierce heroine of strength and loyal heart who refuses to suffer fools lightly? Yes, please." —Jennifer Longo, author of *Six Feet Over It* and *Up to This Pointe* Abby Abernathy is re-inventing herself as the good girl as she begins her freshman year at college, which is why she

'A great introduction to a crucial topic' Bill Gates
'Perhaps the most popular book on statistics ever published ... It's a marvel ... gave me a peek behind the curtain of statistical manipulation, showing me how the swindling was done so that I would not be fooled again' Tim Harford

In 1954, Darrell Huff decided enough was enough. Fed up with politicians, advertisers and journalists using statistics to sensationalise, inflate, confuse, oversimplify and - on occasion - downright lie, he decided to shed light on their ill-informed and sneaky ways. How to Lie with Statistics is the result - the definitive and hilarious primer in the ways statistics are used to deceive. With over one and half million copies sold around the world, it has delighted generations of readers with its cheeky takes on the ins and outs of samples,

averages, errors, graphs and indexes. And in the modern world of big data and misinformation, Huff remains the perfect guide through the maze of facts and figures that are designed to make us believe anything. 'A hilarious exploration of mathematical mendacity.... Every time you pick it up, what happens? Bang goes another illusion!' The New York Times 'A pleasantly subversive little book guaranteed to undermine your faith in the almighty statistic' Atlantic Seven stunning stories of speculative fiction by the author of *A Boy and His Dog*. In a post-apocalyptic world, four men and one woman are all that remain of the human race, brought to near extinction by an artificial intelligence. Programmed to wage war on behalf of its creators, the AI became self-aware and turned against humanity. The five survivors are prisoners, kept alive and subjected to brutal torture by the hateful and sadistic machine in an endless cycle of violence. This story and six more groundbreaking and inventive tales that probe the depths of mortal experience prove why Grand Master of Science Fiction Harlan Ellison has earned the many accolades to his credit and remains one of the most original voices in American literature. *I Have No Mouth and I Must Scream* also includes "Big Sam Was My Friend," "Eyes of Dust," "World of the Myth," "Lonelyache," Hugo Award finalist "Delusion for a Dragon Slayer," and Hugo and Nebula Award finalist "Pretty Maggie Moneyeyes." The instant New York Times, Wall Street Journal, and USA Today Bestseller! In his New York Times bestselling book *Courage is Calling*, author Ryan Holiday made the Stoic case for a bold and brave life. In this much-anticipated second book of his Stoic Virtue series, Holiday celebrates the awesome power of self-discipline and those who have seized it. To master anything, one must first master themselves—one's emotions,

one's thoughts, one's actions. Eisenhower famously said that freedom is really the opportunity to practice self-discipline. Cicero called the virtue of temperance the polish of life. Without boundaries and restraint, we risk not only failing to meet our full potential and jeopardizing what we have achieved, but we ensure misery and shame. In a world of temptation and excess, this ancient idea is more urgent than ever. In *Discipline is Destiny*, Holiday draws on the stories of historical figures we can emulate as pillars of self-discipline, including Lou Gehrig, Queen Elizabeth II, boxer Floyd Patterson, Marcus Aurelius and writer Toni Morrison, as well as the cautionary tales of Napoleon, F. Scott Fitzgerald and Babe Ruth. Through these engaging examples, Holiday teaches readers the power of self-discipline and balance, and cautions against the perils of extravagance and hedonism. At the heart of Stoicism are four simple virtues: courage, temperance, justice, and wisdom. Everything else, the Stoics believed, flows from them. *Discipline is Destiny* will guide readers down the path to self-mastery, upon which all the other virtues depend. Discipline is predictive. You cannot succeed without it. And if you lose it, you cannot help but bring yourself failure and unhappiness. *Your Time is Precious...Let No Man Waste It*. • *Do You Fight Thoughts of Suspicion or Distrust in Your Relationship?* • *Is There a Huge Disconnect Between His Actions & His Words?* • *Do You Wonder Why He Says One Thing and Does the Total Opposite?* • *Need Answers to Your Relationship Questions that You Can Trust?* *He's Lying* exposes some of the most deceptive games men play when dating and even while in relationships. This dating book will allow women to connect the dots between a man's actions and his words. Stop guessing. Get the answers you need to make the decision on

moving forward in love or find out if you need to dodge the bait and cut the cords of deception for good. In the first volume of an ongoing series, *Stephan Speaks* shows single women how to identify and avoid the traps men set that often lead to hurt and heartbreak. Stephan's dating advice will help you stay free from the drama any lies a man might be telling you, will eventually produce. You deserve to know the truth behind the lies and why men lie in the first place. Enough is enough. Knowing the truth will empower you to live out your best life. The "highly entertaining and thoroughly reprehensible" #1 New York Times bestseller—now with sixteen pages of photos and a new introduction (The New York Times). My name is Tucker Max, and I am an asshole. I get excessively drunk at inappropriate times, disregard social norms, indulge every whim, ignore the consequences of my actions, mock idiots and posers, sleep with more women than is safe or reasonable, and just generally act like a raging dickhead. But, I do contribute to humanity in one very important way: I share my adventures with the world. --from the Introduction Actual reader feedback: "I find it truly appalling that there are people in the world like you. You are a disgusting, vile, repulsive, repugnant, foul creature. Because of you, I don't believe in God anymore. No just God would allow someone like you to exist." "I'll stay with God as my lord, but you are my savior. I just finished reading your brilliant stories, and I laughed so hard I almost vomited. I want to bring that kind of joy to people. You're an artist of the highest order and a true humanitarian to boot. I'm in both shock and awe at how much I want to be you." Fans of Ally Carter's *Heist Society* novels will love this teen mystery/thriller with sarcastic wit, a hint of romance, and *Ocean's Eleven*-inspired action. Julep Dupree tells lies. A

lot of them. She's a con artist, a master of disguise, and a sophomore at Chicago's swanky St. Agatha High, where her father, an old-school grifter with a weakness for the ponies, sends her to so she can learn to mingle with the upper crust. For extra spending money Julep doesn't rely on her dad—she runs petty scams for her classmates while dodging the dean of students and maintaining an A+ (okay, A-) average. But when she comes home one day to a ransacked apartment and her father gone, Julep's carefully laid plans for an expenses-paid golden ticket to Yale start to unravel. Even with help from St. Agatha's resident Prince Charming, Tyler Richland, and her loyal hacker sidekick, Sam, Julep struggles to trace her dad's trail of clues through a maze of creepy stalkers, hit attempts, family secrets, and worse, the threat of foster care. With everything she has at stake, Julep's in way over her head . . . but that's not going to stop her from using every trick in the book to find her dad before his mark finds her. Because that would be criminal. "A sexy love triangle and madcap mystery . . . I loved this book."

Nope—she also happens to be a con artist and master of disguise, which comes in mighty handy when her father mysteriously disappears. Determined, she delves into the underbelly of Chicago to find him (bringing a bunch of fresh plot lines and unexpected twists along the way)."--teenVogue.com "Summer creates a standout character in Julep. She lies and cheats with so much confidence and skill that readers will cheer her on, but she also adheres to her own strict moral code. . . . A memorable debut;

Two Truths and a Lie. Vivian, Natalie, Allison, and Emma played it all the time in their cabin at Camp Nightingale. But the games ended the night Emma sleepily watched the others sneak out into the darkness. The last she—or anyone—saw of the teenagers was Vivian closing the cabin door behind her, hushing Emma with a finger pressed to her lips.... Fifteen years later, Emma is a rising star in the New York art scene, turning her past into

paintings—massive canvases filled with dark leaves and gnarled branches over ghostly shapes in white dresses. When the paintings catch the attention of the wealthy owner of Camp Nightingale, she implores Emma to come back to the newly reopened camp as a painting instructor. Despite her guilt and anxiety—or maybe because of them—Emma agrees to revisit her past. Nightingale looks the same as it did all those years ago, haunted by a midnight-dark lake and familiar faces. Emma is even assigned to the same cabin she slept in as a teenager, although the security camera pointed at her door is a disturbing new addition. As cryptic clues about the camp's origins begin to surface, Emma attempts to find out what really happened to her friends. But her closure could come at a deadly price. Cyrus Haven and Evie Cormac return in Robotham's latest page-turning, psychological thriller in this "gripping and eerie" (Karin Slaughter) series, reaffirming why Stephen King has proclaimed this author "an absolute master." If I could tell you one thing about my brother, it would be this. Two days after his nineteenth birthday, he killed our parents and twin sisters because he heard voices in his head. As defining events go, nothing else comes close for Elias, or for me. As a boy, Cyrus Haven survived a family massacre and slowly pieced his life back together. Now, after almost twenty years, his brother is applying to be released from a secure psychiatric hospital—and Cyrus is expected to forgive Elias and welcome him home. Elias is returning to a very different world. Cyrus is now a successful psychologist, working with the police, sharing his house with Evie Cormac, a damaged and gifted teenager who can tell when someone is lying. Evie has gone back to school and is working part-time at an inner-city bar, but she continues to struggle with authority and following rules. When a man is murdered

and his daughter disappears, Cyrus is called in to profile the killer and help piece together Maya Kirk's last hours. Police believe she was drugged and driven away from the same bar where Evie is working. Soon, a second victim is taken, and Evie is the only person who glimpsed the man behind the wheel. But there's a problem. Only two people believe her. One is Cyrus. The other is the killer. The sensational thriller from the bestselling author of *Richard & Judy* pick *The Holiday* and *The Catch*. The award-winning, bestselling French novel by Philippe Besson—"the French Brokeback Mountain" (Elle)—about an affair between two teenage boys in 1984 France, translated with subtle beauty and haunting lyricism by the iconic and internationally acclaimed actress/writer Molly Ringwald. We drive at high speed along back roads, through woods, vineyards, and oat fields. The bike smells like gasoline and makes a lot of noise, and sometimes I'm frightened when the wheels slip on the gravel on the dirt road, but the only thing that matters is that I'm holding on to him, that I'm holding on to him outside. Just outside a hotel in Bordeaux, Philippe chances upon a young man who bears a striking resemblance to his first love. What follows is a look back at the relationship he's never forgotten, a hidden affair with a gorgeous boy named Thomas during their last year of high school. Without ever acknowledging they know each other in the halls, they steal time to meet in secret, carrying on a passionate, world-altering affair. Dazzlingly rendered in English by Ringwald in her first-ever translation, Besson's powerfully moving coming-of-age story captures the eroticism and tenderness of first love—and the heartbreaking passage of time. **INSTANT NEW YORK TIMES BESTSELLER!** In *I'm Telling the Truth, but I'm Lying* Bassef Ikpi explores her life—as a Nigerian-American immigrant, a black woman, a slam poet, a mother, a daughter, an

Her remarkable memoir in essays implodes our preconceptions of the mind and normalcy as Bassey bares her own truths and lies for us all to behold with radical honesty and brutal intimacy. By the time she was in her early twenties, Bassey was a spoken word artist and traveling with HBO's Def Poetry Jam, channeling her life into art. But beneath the façade of the confident performer, Bassey's mental health was in a precipitous decline, culminating in a breakdown that resulted in hospitalization and a diagnosis of Bipolar II. In *I'm Telling the Truth, But I'm Lying*, Bassey Ikpi breaks open our understanding of mental health by giving us intimate access to her own. Exploring shame, confusion, medication, and family in the process, Bassey looks at how mental health impacts every aspect of our lives—how we appear to others, and more importantly to ourselves—and

challenges our preconception about what it means to be "normal." Viscerally raw and honest, the result is an exploration of the stories we tell ourselves to make sense of who we are—and the ways, as honest as we try to be, each of these stories can also be a lie. The #1 New York Times bestseller by Senator Al Franken, author of *Giant of the Senate* Al Franken, one of our “savviest satirists” (People), has been studying the rhetoric of the Right. He has listened to their cries of “slander,” “bias,” and even “treason.” He has examined the GOP's policies of squandering our surplus, ravaging the environment, and alienating the rest of the world. He’s even watched Fox News. A lot. And, in this fair and balanced report, Al bravely and candidly exposes them all for what they are: liars. Lying, lying liars. Al destroys the liberal media bias myth by doing what his targets seem incapable of: getting his facts straight. Using the Right’s own words against them, he takes on the pundits, the politicians, and the issues, in the most talked about book of the year. Timely, provocative, unfailingly honest, and always funny, *Lies* sticks it to the most right-wing administration in memory, and to the right-wing media hacks who do its bidding.

The *Metamorphosis* is a novella written by Franz Kafka which was first published in 1915. One of Kafka's best-known works, *The Metamorphosis* tells the story of salesman Gregor Samsa who wakes one morning to find himself inexplicably transformed into a huge insect (German *ungeheures Ungeziefer*, literally "monstrous vermin"), subsequently struggling to adjust to this new condition. The novella has been widely discussed among literary critics, with differing interpretations being offered. Franz Kafka (3 July 1883 – 3 June 1924) a German-speaking Bohemian novelist and short-story writer, widely regarded as one of the major figures of 20th-

century literature. His work fuses elements of realism and the fantastic. It typically features isolated protagonists facing bizarre or surrealistic predicaments and incomprehensible socio-bureaucratic powers. It has been interpreted as exploring themes of alienation, existential anxiety, guilt, and absurdity. His best known works include "Die Verwandlung" ("The Metamorphosis"), *Der Process* (The Trial), and *Das Schloss* (The Castle). The term Kafkaesque has entered the English language to describe situations like those found in his writing. Kafka was born into a middle-class German-Jewish family in Prague, the capital of the Kingdom of Bohemia, then part of the Austro-Hungarian Empire, today the capital of the Czech Republic. He trained as a lawyer and after completing his legal education was employed full-time by an insurance company, forcing him to relegate writing to his spare time. Over the course of his life, Kafka wrote hundreds of letters to family and close friends, including his father, with whom he had a strained and formal relationship. He became engaged to several women but never married. He died in 1924 at the age of 40 from tuberculosis. Few of Kafka's works were published during his lifetime: the story collections *Betrachtung* (Contemplation) and *Ein Landarzt* (A Country Doctor), and individual stories (such as "Die Verwandlung") were published in literary magazines but received little public attention. In his will, Kafka instructed his executor and friend Max Brod to destroy his unfinished works, including his novels *Der Prozess*, *Das Schloss* and *Der Verschollene* (translated as both *Amerika* and *The Man Who Disappeared*), but Brod ignored these instructions. His work has influenced a vast range of writers, critics, artists, and philosophers during the 20th and 21st centuries. Translated by Ian Johnston.
