Deep Sea Nov 17 2019 Readers of Anne of Green Gables and Hattie Ever After will love following Stephanie's story, which takes place during World War II and began with A Faraway Island and continued with The Lily Pond. Three years ago, Stephanie and her younger sister, Nellie, escaped the Nazis in Vienna and fled to a small island in Sweden, where they were taken in by different families. Now sixteen-year-old Stephanie is going to school on the mainland. Stephanie enjoys her studies, and rooming with her school friend, May. But life is only getting more complicated as she gets older. Stephanie might lose the grant money that is funding her education. Her younger sister, Verra, is growing up too fast. And back on the island, Nellie wants to be adopted by her foster family. On the other hand, can't stop thinking about her parents, who are in a Nazi camp in Austria. If only the war would end. . . . Like the deep sea, Stephanie's life is filled with danger and darkness, but also with beauty and hope. She learns to stand up for her beliefs and be true to herself. A CBC Notable Social Studies Trade Book of the Year "A rich blend of emotional truths."--Kirkus Reviews, Starred "This novel about coming of age during a particularly tragic time in history is both delicate and poignant."--Publisher's Weekly, Starred "Thor . . . deftly balances the sisters' everyday concerns with the greater psychological aspects of being refugees."--School Library Journal "The novel's strength lies in its rich cast of secondary characters whose stories bring wartime Swedish life."--Booklist "The present tense and a limited third-person narration that reflects Stephanie's every thought and emotion give the story unusual immediacy, nuance, and impact."--The Hornbook Magazine "Deep Sea and A Faraway Island Winner of the Mildred L. Batchelder Award "[A] welcome addition to the canon of WWII stories."--The Hornbook Magazine, Starred Praise for The Lily Pond A Mildred L. Batchelder Honor Book "This distinguished Holocaust story will resonate."--Booklist
