Through recipes that use time-honored medicinal ingredients, A Tradition of Soup provides a fascinating narrative of the Southern Chinese immigrants who came to the United States in large numbers during the last half century, the struggles they faced and overcame, and the soups they used to heal and nourish their bodies. Following the Chinese approach to health, Teresa Chen, who was born into a family of food connoisseurs and raised by a gourmet cook, groups the recipes by seasons and health concerns according to Cantonese taxonomy: tong (simple broths, soups, and stews), geng (thickened soups), juk (rice soups or porridges), and tong shui (sweet soups), as well as noodle soups, wonton and dumpling soups, and vegetable soups. Also focusing on dahn (steaming) and louhfo (slow-cooking) soups associated with good health, the book features fresh, natural, and seasonal food. A Tradition of Soup highlights recipes that serve a wide range of purposes, from gaining or shedding weight to healing acne and preventing wrinkles. While some ingredients may seem foreign to Western readers, most are available in Chinese grocery stores. To help readers identify and procure these items, Chen provides a beautifully photographed ingredients glossary complete with Chinese names, pronunciation, and detailed descriptions. Dispensing with the obscure and hard-to-find wines covered by so many critics and wine guides, Master Sommelier Andrea Robinson showcases the most popular and available wines in stores and restaurants. Her tasting notes and reviews include popular ratings from consumers and experts who contribute reviews on her website, www.andreawine.com. In addition to ratings of more than 800 wines, the book is packed with quick-reference tools including Best-Of lists of the top-scoring wines in each grape and style, Cuisine Complements wine and food pairing suggestions, an invaluable restaurant wine list decoder, and a mini-course to get readers quickly up to speed on wine basics. "The Universal self-instructor is nothing less than it pretends to be: an Epitome of Forms, especially adapted for purposes of self-instruction and general reference in the various departments of Education, Commerce, Law, Home, Society, and Amusements. Every young man and young woman ; every business man, farmer, and mechanic ; every housewife and lady of society ;--in fact every intelligent member of the community should have it within reach for consultation on those numerous minor matters that a well-educated person is supposed to know. The Reading Public has been amply supplied for years with reference books of every description, but the present volume may be said to occupy a field peculiarly its own, as the people have never before been furnished with a publication embracing in a single volume such a quantity of practical information, and treating the wants of every-day life in a lucid, instructive and agreeable manner. Such articles as Elocution, Penmanship, Book-keeping, Letter-writing, Mercantile Law, Music, Stenography, Phrenology, Agriculture, Social Etiquette, Out-door Sports, In-door Amusements, Physical Culture, The Domestic Circle, Household Receipts, Parliamentary Law, etc., have been prepared by writers of reputation and large experience in the special subjects given them for treatment"--Preface.
