Andrew and his little sister, Lily, live with their parents in Texas. Since their grandparents reside nearby, they are always happy to visit them and learn new things about the world-especially from wise Pappa Rayson. The siblings usually get along, but one day, they start arguing. Pappa Rayson decides it's time to teach his grandchildren the lesson of the "ugly bug." He explains that the ugly bug of selfishness is invisible, but when he bites, he makes brothers and sisters fight. But that nasty bug also does something else: he makes them look ugly. Horrified by the thought of being ugly, Andrew and Lily ask their grandfather what they can do to get rid of the ugly bug. The only way to do this, Pappa says, is to make a beautiful butterfly. That means Andrew and Lily will have to find forgiveness in

their hearts toward each other. It's not easy to do, but the children are determined to rid themselves of the ugly bug once and for all! Through helpful imagery, *The Ugly Bug and the Beautiful Butterfly* artfully teaches children how the unseen spiritual world co-exists with the physical world. Ideas for writing using diaries, invitations, recipes, letters, posters, prayers, books and poetry. Songs written for Disney productions over the decades have become a potent part of American popular culture. Since most Americans first discovered these songs in their youth, they hold a special place in one's consciousness. The *Disney Song Encyclopedia* describes and discusses hundreds of famous and not-so-famous songs from Disney films, television, Broadway, and theme parks from the 1930s to the present day. Over 900 songs are given individual entries and presented in alphabetical order. The songwriters and original singers are identified, as well as the source of the song and other venues in which it might have been used over the years. Notable recordings of the song are also listed. But most important, the song is described and what makes it memorable is discussed. This is not a reference list but a true encyclopedia of Disney songs. The book also contains a preface describing the criteria for selecting the songs, a glossary of song terms, a list of all the Disney songs and their sources, a songwriter's directory in which every song by each composer/lyricist is listed, a bibliography, a guide to recordings and DVDs of Disney productions, and an index of people and titles. The words of the book seem to dance off the pages of this whimsical, enchanting story of kindness and inclusiveness as taught to the reader by the bugs of Bugville. The reader gets to see for themselves why the Midsummer Grand Bug Ball is the grandest ball in all of Bugville! “The true sequel to Twain’s masterpiece.”

—The Christian Science Monitor At the start of this exuberant adventure story, Huck Finn’s life is back to normal in St. Petersburg, Missouri: The Widow Douglas expects him to wear clean clothes and eat with a knife and fork, and Jim now gets paid two dollars a week for the same chores he did as a

slave. But when tragedy strikes and Huck is framed for the murder of Judge Thatcher, the two old friends have no choice but to finally “light out for the Territory”—and straight into the chaos of the California Gold Rush. With tenacious lawman Bulldog Barrett in hot pursuit, Huck and Jim zigzag west, encountering a colorful cast of con artists, vixens, outlaws, and Indians along the way. Huck’s dastardly Pap even makes an appearance, rising from a watery grave to menace his son once again. When the adventurers visit a rowdy San Francisco theater, they find their greatest surprise yet: A popular playwright has dramatized their cross-country odyssey with Huck Finn as the dastardly villain and Tom Sawyer as the noble hero. A picaresque romp through the Old West and a heartfelt tribute to the greatest of American novels, *The Further Adventures of Huckleberry Finn* is rip-roaring fun from first page to last. A Bird in the Hand is not a "how to" book, but a "how so" book in which the reader is invited to travel with Leah Kostamo on the wild ride of salmon saving, stranger welcoming, and God worshiping as she and her husband help establish the first Christian environmental center in Canada. Avoiding simplistic prescriptions or cliched platitudes, Leah wrestles with issues of poverty, justice, and the environment through the narrative of her own life experience. The lived-theology and humility of voice conveyed in these pages draws readers to new and creative ways to honor the Creator as they are inspired to care for creation. Young children will adore this wonderfully illustrated, bug-shaped sticker book from bestselling author Roger Priddy. With over three hundred stickers, children will be kept busy for hours, filling the scenes with adorable animals and completing the love-themed activities, such as finding the perfect valentine for each animal and pairing up the dancers at the Ugly

Little ones will love joining in with all the noisy sound words and looking at the colourful pictures, as they discover all sorts of minibeasts - including ladybirds, beetles, wriggly worms, snails and munching caterpillars! 'Simple, cheerful and humorous rhymes ... great fun to read together, and also makes a good introduction to learning about the world around us' - Booktrust From the creators of the bestselling Rumble in the Jungle and Commotion in the Ocean. Introduction by Peter Ackroyd. An enchanted time capsule transports us back to the 18th century and brings an old house to life. Growing up in California, Dennis Severs fell in love with the England he saw in old black and white movies. In 1979 he bought a run-down house in Spitalfields and over the next twenty years he filled it with objects and furniture found in local markets. He wanted his visitors to feel they were stepping through time, into an old master painting. He invented a family to live in it, the Jervis family, Huguenot silk-weavers who arrived from Nantes in 1725. Before Dennis died in 1999 he put the stories of the house, the Jervis family and his own life into this book. It is illustrated throughout by photographs taken by his niece, Stacey Shaffer, using the natural light that Dennis loved. The Dennis Severs House is run by the Spitalfields Trust and is open to visitors. "From the Hardcover edition. Jim Emerton is a philosopher, a poet and a nature lover as well as an internationally-known pigeon racing expert. His travels around the world and his explorations of the rural environment near his home have given him endless food for thought about the natural world. These little pieces are his musings about creatures of all kinds and sizes, from the exotic to the familiar, he has encountered on his travels. There is something here for readers of all ages. "Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs-nearly a century after Charles

Fort's *Book of the Damned* was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you"--Taken from Good Reads website.

When Ms. Ruhl was a little girl on her beloved island of Aruba, her father built a compost pit behind the garage. Many bugs worked hard to turn the coffee grounds, orange peels, and egg shells

into rich soil for use in his flower garden. Ms. Ruhl's favorite bugs were the rollie pollies or pill bugs because when she tickled their tummies they curled up into little balls. Scorpions turned up in shoes at camp. They were not cute at all! She hopes you will find a favorite bug to care for. Maybe you will be a bee keeper or raise caterpillars into beautiful butterflies. All over Canada, from coast to coast, there is new life in the Christian church. In spite of declining numbers, every Christian tradition has stories to tell of new ministries, fledgling Christian communities, and fresh expressions of church springing up, sometimes in unlikely places. Here, seventeen authors with experience in areas such as church revitalization, innovative ministry, evangelism, and church planting, reflect on what they are seeing and how the lessons they have learned can guide us into ways of health and vitality. They tell us about immigrant churches and indigenous ministries, about youth research and environmental concerns, about churches in the city and churches in the country, about leadership and spirituality. Scattered throughout the book are ten exciting stories of new ministries and new churches, from different traditions and different parts of the country, all seeking to engage their communities with the Gospel. Does the church in Canada have a future? The answer these authors give is a resounding yes--green shoots can grow out of dry ground--if we are prepared to rise to the challenge and follow where the Spirit of God leads. This book is timely, comprehensive, challenging, and deeply encouraging. In *Every Word Tells a Story*, each fascinating word is explored through a quirky, amusing story alongside the extraordinary etymology, word origin, and a definition. A bug is so ugly she scares away the bird that was about to devour her. *Inspiring Ideas to Support Early Maths and Literacy* takes a play-based approach and draws on popular stories and rhymes to cover the key areas of mathematics and literacy. Full of practical, tried and tested ideas for developing understanding in mathematics and literacy, this book aims to help practitioners make these areas of learning exciting and meaningful for

young children. Each chapter shows how learning can be reinforced and brought to life through resources made from everyday materials, providing children with an enjoyable and positive learning experience. Key features include:

- clear instructions and full colour photographs on how to make practical resources for indoor and outdoor environments
- vocabulary lists for inspiration and ideas for developing a new play space or overhauling an existing space
- key questions to consider when planning and designing an indoor or outdoor play space
- links to the Early Years Foundation Stage that will guide the development of a future playground and challenge providers to enhance their practice.

This practical resource will be essential reading for primary teachers, early years practitioners, students and all those interested in developing young children's confidence in mathematics and literacy. . The actor covers his life after leaving the television series "Star Trek: the Next Generation," describing the pitfalls associated with being a former child star and his decision to launch his weblog in 2001. A blazingly funny, heartfelt memoir from the daughter of the larger-than-life woman who ran Sticky Fingers Brownies, an underground bakery that distributed thousands of marijuana brownies per month and helped provide medical marijuana to AIDS patients in San Francisco--for fans of Armistead Maupin and Patricia Lockwood. During the '70s in San Francisco, Alia's mother ran the underground Sticky Fingers Brownies, delivering upwards of 10,000 illegal marijuana edibles per month throughout the circus-like atmosphere of a city in the throes of major change. She exchanged psychic readings with Alia's future father, and thereafter had a partner in business and life. Decades before cannabusiness went mainstream, when marijuana was as illicit as heroin, they ingeniously hid themselves in plain sight, parading through town--and through the scenes and upheavals of the day, from Gay Liberation to the tragedy of the Peoples Temple--in bright and elaborate outfits, the goods wrapped in hand-designed packaging and tucked into Alia's stroller. But the stars were not aligned forever and, after leaving the city and a shoulda-seen-it-coming divorce, Alia and her mom returned to San Francisco in the mid-

80s, this time using Sticky Fingers' distribution channels to provide medical marijuana to friends and former customers now suffering the depredations of AIDS. Exhilarating, laugh-out-loud funny, and heartbreaking, Home Baked celebrates an eccentric and remarkable extended family, taking us through love, loss, and finding home.
