**Home of the Wild** Oct 31 2020 A gorgeously poetic story about connection and the natural world with rich illustrations and a gentle meditation on learning to let go.

*The Last Wild* Aug 29 2020 From the winner of the Guardian Children's Fiction Prize This is a story about a boy named Kester. He is extraordinary, but he doesn't know that yet. All he knows, at this very moment, is this: 1. There is a flock of excited pigeons in his bedroom. 2. They are talking to him. 3. His life will never be quite the same again... Kester lives in a land in quarantine. A deadly virus has killed all the animals except pests and it's expected to be equally dangerous to humans. But when Kester realises he can talk to the pests, he finds they have great hope invested in him. A captivating animal adventure destined to be loved by readers of all ages.

**The Wild Flower Key** Dec 01 2020 This wild flower identification guide was first published in 1981 and is still widely accepted as the best of its kind for its combination of meticulous illustrations and the use of keys to aid recognition. For this new edition the Latin names have been revised in accordance with the current classification system. It is now published as the ideal book for the serious student of British and north-west European wild plants, providing a bridge between picture identification guides and the non-illustrated academic floras.

**The Wild Places** Sep 10 2021 Are there any genuinely wild places left in Britain and Ireland? Or have we tarmacked, farmed and built ourselves out of wildness? In his vital, bewitching, inspiring classic, Robert Macfarlane sets out in search of the wildness that remains.

*In the Eye of the Wild* Sep 22 2022 After enduring a vicious bear attack in the Russian Far East's Kamchatka Peninsula, a French anthropologist undergoes a physical and spiritual transformation that forces her to confront the tenuous distinction between animal and human. In the Eye of the Wild begins with an account of the French anthropologist Nastassja Martin's near fatal run-in with a Kamchatka bear in the mountains of Siberia. Martin's professional interest is animism; she addresses philosophical questions about the relation of humankind to nature, and in her work she seeks to partake as fully as she can in the lives of the indigenous peoples she studies. Her violent encounter with the bear, however, brings her face-to-face with something entirely beyond her ken—the untamed, the nonhuman, the animal, the wild. In the course of that encounter something in the balance of her world shifts. A change takes place that she must somehow reckon with. Left severely mutilated, dazed with pain, Martin undergoes multiple operations in a provincial Russian hospital, while also being grilled by the secret police. Back in France, she finds herself back on the operating table, a source of new trauma. She realizes that the only thing for her to do is to return to Kamchatka. She must discover what it means to have become, as the Even people call it, medka, a person who is half human, half bear. In the Eye of the Wild is a fascinating, mind-altering book about terror, pain, endurance, and self-transformation, comparable in its intensity of perception and originality of style to J. A. Baker's classic The Peregrine. Here Nastassja Martin takes us to the farthest limits of human being.

**Of the Wild** Nov 24 2022 Aeris, a shapeshifter of the Wild, steals children from unloving homes and raises them as his own in an enchanted grove deep in the Woods. Under the protective eye of their new guardian, the children absorb the forest's magic and grow more fey-like than human: some of them sprout mushrooms or flowers while others develop scales or wings. But the reserve of magic that keeps Aeris and his forest home alive is inexplicably running dry. With his life waning and the dangers of the Wild creeping closer and closer, Aeris will do anything to protect his family, even set his hopes on an unlikely new arrival in the Woods: a human stranger.

**Call of the Wild** Oct 11 2021 Guy Grieve's life was going nowhere - trapped in a job he hated, commuting 2,000 miles a month and up to his neck in debt. But he dreamed of escaping it all to live alone in one of the wildest, most remote places on earth - Alaska. And just when he'd given up hope, the dream came true. Suddenly Guy was thrown into one of the harshest environments in the world, miles from the nearest human being and armed with only the most basic equipment. And he soon found - whether building a log cabin from scratch, hunting, ice fishing or of course dodging bears in the buff - that life in the wilderness was anything but easy... Part Ray Mears, part Bill Bryson, CALL OF THE WILD is the gripping story of how a mild-mannered commuter struggled with the elements - and himself - and eventually learned the ways of the wild.

**The Wild Book** Dec 25 2022 “We walked toward the part of the library where the air smelled as if it had been interred for years..... Finally, we got to the hallway where the wooden floor was the creakiest, and we sensed a strange whiff of excitement and fear. It smelled like a creature from a bygone time. It smelled like a dragon.” Thirteen-year-old Juan's favorite things in the world are koalas, eating roast chicken, and the summer-time. This summer, though, is off to a terrible start. First, Juan's parents separate and his dad goes to Paris. Then, as if that wasn't horrible enough, Juan is sent away to his strange Uncle Tito's house for the entire break! Uncle Tito is really odd: he has zigzag eyebrows; drinks ten cups of smoky tea a day; and lives inside a huge, mysterious library. One day, while Juan is exploring the library, he notices something inexplicable and rushes to tell Uncle Tito. “The books moved!” His uncle drinks all his tea in one gulp and, sputtering, lets his nephew in on a secret: Juan is a Princeps Reader—which means books respond magically to him—and he's the only person capable of finding the elusive, never-before-read Wild Book. Juan teams up with his new friend Catalina and his little sister, and together they delve through books that scuttle from one shelf to the next, topple over unexpectedly, or even disappear altogether to find The Wild Book and discover its secret. But will they find it before the wicked, story-stealing Pirate Book does?

**The Wild Man of the West** Mar 24 2020

**For the Wild** Jan 26 2023 For the Wild explores the ways in which the commitments of radical environmental and animal-rights activists develop through powerful experiences with the more-than-human world during childhood and young adulthood. The book addresses the question of how and why activists come to value nonhuman animals and the natural world as worthy of protection. Emotions and memories of wonder, love, compassion, anger, and grief shape activists' protest practices and help us understand their deep-rooted dedicaztion to the planet and its creatures. Drawing on analyses of activist art, music, and writings, as well as interviews and participant-observation in activist communities, Sarah M. Pike delves into the sacred duties of these often misunderstood and marginalized groups with openness and sensitivity.

**The Wall and the Wild** Oct 19 2019 In a plot of land at the edge of town, Ana grows only perfectly sized plants and perfect-looking flowers; she throws all the irregular shoots and uneven seeds over the wall into the disorderly Wild. But as her garden gets tidier, neater and more constrained, the Wild begins to grow . . .

**Cats of the Wild** Jan 22 2020 Wild cats are large, powerful hunters found across most of the world and in 36 different species. While their anatomy and social behavior have strong similarities, they also exhibit many unique traits. The similarities and differences of well-known cats such as lions, tigers, leopards, and others are explored in arresting detail, charts, maps, and illustrations.

**Pilgrims of the Wild** Dec 21 2019 First published in 1935, Pilgrims of the Wild is Grey Owl's autobiographical account of his transition from successful trapper to preservationist. With his Iroquois wife, Anahereo, Grey Owl set out to protect the environment and the endangered beaver. Powerful in its simplicity, Pilgrims of the Wild tells the story of Grey Owl's life of happy cohabitation with the wild creatures of nature and the healing powers of what he referred to as "the great Northland" of "Over the Hills and Far Away." A bestseller at the time, Pilgrims of the Wild helped establish Grey Owl's international reputation as a conservationist. His legacy of warnings against the degradations of nature and the dangers of industry live on, despite the posthumous revelation that he wasn't, in fact, the First Nations man he claimed to be.

**A Whisper of Wolves** Feb 21 2020 When hunters from her village disappear without a trace, Alice suspects that something sinister is at work and Storm, her wolf companion, has heard rumours of shape-shifters on the prowl. It's up to Alice and Storm to stop the Narlaw before they destroy the village.

**The Call of the Wild** Aug 09 2021 *The Call of the Wild* is a novel by Jack London. The story is set in the Yukon during the 1890s Klondike Gold Rush—a period when strong sled dogs were in high demand. The novel's central character is a dog named Buck, a domesticated dog living at a ranch in the Santa Clara valley of California as the story opens. Stolen from his home and sold into the brutal existence of an Alaskan sled dog, he reverts to atavistic traits. Buck is forced to adjust to, and survive, cruel treatments and fight to dominate other dogs in a harsh climate. Eventually he sheds the veneer of civilization, relying on primordial instincts and lessons he learns, to emerge as a leader in the wild.

*Warrior of the Wild* Apr 05 2021 An eighteen-year-old chieftain's daughter must find a way to kill her village's oppressive deity if she ever wants to return home in *Warrior of the Wild*, the Viking-inspired YA standalone fantasy from Tricia Levenseller, author of *Daughter of the Pirate King*. How do you kill a god? As her father's chosen heir, eighteen-year-old Rasmira has trained her whole life to become a warrior and lead her village. But when her coming-of-age trial is sabotaged and she fails the test, her father banishes her to the monster-filled wilderness with an impossible quest: To win back her honor, she must kill the oppressive god who claims tribute from the villages each year or die trying.

*The Last Paper Crane* Jul 08 2021 A Japanese teenager, Mizuki, is worried about her grandfather who is clearly desperately upset about something. He says that he has never got over something that happened in his past and gently Mizuki persuades him to tell her what it is. We are taken to 1945, Hiroshima, and Mizuki's grandfather as a teenage boy chatting at home with his friend Hiro. Moments later the horrific nuclear bomb is dropped on Hiroshima. What follows is a searing account of the blinding flash, the harrowing search for family and the devastation both human and physical. There is also the very moving and human story as the two teenage boys with great bravery search for and find Keiko, Hiro's five-year-old sister. But then Keiko is lost when Mizuki's grandfather has no option but to leave her in a safe place while he goes for help... Despite a desperate search in the aftermath of the bomb, where he leaves origami folded paper cranes for Keiko with his address on everywhere a survivor could be, he cannot find her... A powerful novel that, despite its harrowing subject matter, has hope at its heart

**The Wild Journal** Jul 20 2022 'Inspirational' Cara Delevingne Whether you live in a house or flat, in a rural or urban environment, this beautiful book shows how to harness the natural world around us and feel more grounded and rooted in our surroundings. The *Wild Journal* is a beautifully illustrated guide from leading florist and nature writer Willow Crossley. Guiding you through creative practical projects and therapeutic seasonal reflections, *The Wild Journal* celebrates the potential of nature to mend, heal and transform our mood. The simple, back-to-basics habits and small seasonal changes in the book can help everyone to counteract the unpredictability and chaos of everyday life. Wherever you live, there are simple mindful actions – from listening to birdsong instead of rushing on your commute, to collecting natural treasures such as feathers, branches, pebbles or pine cones. Willow shares her creative techniques for bringing nature into your daily routine – whether it's planting and potting, identifying wild flowers, trying your hand at beautifully simple flower arrangements or making your own essential oils and candles. There is space to record reflections and your favourite seasonal activities, as well as ideas for star-gazing, bird-watching, and so much more. Willow Crossley's creative approach is informed by an artistic eye and a life spent immersed in nature. From growing up in Wales where days were spent exploring outdoors and flowers adorned every surface, to living in France surrounded by fields of sunflowers, iris and fragrant lavender, nature has always been an intrinsic part of her everyday life.

**The Call of the Wild** May 18 2022 The classic story of an amazing dog caught up in the Alaskan gold rush.

**The Call of the Wild** Aug 21 2022 The adventures of an unusual dog, part St. Bernard, part Scotch shepherd, forcibly taken to the Klondike gold fields where he eventually becomes the leader of a wolf pack.

**Restoring the Wild: Sixty Years of Rewilding Our Skies, Woods and Waterways** Jun 07 2021 The RSPB's Book of the Season The distinctive white-tailed sea eagle was driven to extinction in Britain more than 200 years ago, but this immense predator is making a return to our skies, thanks to Roy Dennis, an ornithologist, conservationist and arguably the driving force behind the UK's reintroduction agenda.

'Piers Torday is the new master of books for children' *The Times* 'an unforgettable story of hope and friendship' *The Bookseller*

**Church of the Wild** Jan 14 2022 Once upon a time, humans lived in intimate relationship with nature. Whether disillusioned by the dominant church or unfulfilled by traditional expressions of faith, many of us long for a deeper spirituality. Victoria Looz certainly did. Coping with an unraveling vocation, identity, and planet, Looz turned to the wanderings of spiritual leaders and the sanctuary of the natural world, eventually cofounding the Wild Church Network and Seminary of the Wild. With an ecospiritual lens on biblical narratives and a fresh look at a community larger than our own species, *Church of the Wild* uncovers the wild roots of faith and helps us deepen our commitment to a suffering earth by falling in love with it--and calling it church. Through mystical encounters with wild deer, whispers from a scrubby oak tree, wordless conversation with a cougar, and more, Looz helps us connect to a love that literally holds the world together--a love that calls us into communion with all creatures.

Cognition in the Wild Nov 12 2021 Edwin Hutchins combines his background as an anthropologist and an open ocean racing sailor and navigator in this account of how anthropological methods can be combined with cognitive theory to produce a new reading of cognitive science. His theoretical insights are grounded in an extended analysis of ship navigation—its computational basis, its historical roots, its social organization, and the details of its implementation in actual practice aboard large ships. The result is an unusual interdisciplinary approach to cognition in culturally constituted activities outside the laboratory—"in the wild." Hutchins examines a set of phenomena that have fallen in the cracks between the established disciplines of psychology and anthropology, bringing to light a new set of relationships between culture and cognition. The standard view is that culture affects the cognition of individuals. Hutchins argues instead that cultural activity systems have cognitive properties of their own that are different from the cognitive properties of the individuals who participate in them. Each action for bringing a large naval vessel into port, for example, is informed by culture: the navigation team can be seen as a cognitive and computational system. Introducing Navy life and work on the bridge, Hutchins makes a clear distinction between the cognitive properties of an individual and the cognitive properties of a system. In striking contrast to the usual laboratory tasks of research in cognitive science, he applies the principal metaphor of cognitive science—cognition as computation (adopting David Marr's paradigm)—to the navigation task. After comparing modern Western navigation with the method practiced in Micronesia, Hutchins explores the computational and cognitive properties of systems that are larger than an individual. He then turns to an analysis of learning or change in the organization of cognitive systems at several scales. Hutchins's conclusion illustrates the costs of ignoring the cultural nature of cognition, pointing to the ways in which contemporary cognitive science can be transformed by new meanings and interpretations. A Bradford Book

**Into the Wild** Feb 27 2023 With an introduction by novelist David Vann In April 1992, Chris McCandless set off alone into the Alaskan wild. He had given his savings to charity, abandoned his car and his possessions, and burnt the money in his wallet, determined to live a life of independence. Just four months later, Chris was found dead. An SOS note was taped to his makeshift home, an abandoned bus. In piecing together the final travels of this extraordinary young man's life, Jon Krakauer writes about the heart of the wilderness, its terribly beauty and its relentless harshness. *Into the Wild* is a modern classic of travel writing, and a riveting exploration of what drives some of us to risk more than we can afford to lose.

*Children of the Wild West* Dec 13 2021 This is a portrait of pioneer and American Indian children in the 19th-century West. It covers both the lives of settlers, crossing America in covered wagons and building log or sod cabins, and of the American Indians whose lives were changed by the new arrivals.

The Wild Places Jul 28 2020 From the author of *The Old Ways and Underland*, an "eloquent (and compulsively readable) reminder that, though we're laying waste the world, nature still holds sway over much of the earth's surface." --Bill McKibben Winner of the Boardman Tasker Prize for Mountain Literature and a finalist for the Orion Book Award Are there any genuinely wild places left in Britain and Ireland? That is the question that Robert Macfarlane poses to himself as he embarks on a series of breathtaking journeys

through some of the archipelago's most remarkable landscapes. He climbs, walks, and swims by day and spends his nights sleeping on cliff-tops and in ancient meadows and wildwoods. With elegance and passion he entwines history, memory, and landscape in a bewitching evocation of wildness and its vital importance.

*Lore of the Wild* Mar 16 2022 Lore of the Wild delves into traditional nature folklore from around the world, revealing the influence of trees, plants, insects, birds, animals, and weather on daily life.

*Rules of the Wild* May 26 2020 Rhyming text explores how proper behavior for young animals is different from what is expected of young children.

*The Wild* Feb 03 2021 I brought them to the wilderness because we couldn't cope with our reality. The plan was to make a new life that didn't include heartache. No people. No technology. No interference. Just us. A chance to piece together what was broken. But the wilderness is untamed and harsh. Brutal and unforgiving. It doesn't give a damn about your feelings. Tragedy lives there too. No escaping the truths that won't let you go. All you can do is survive where love, no matter how beastly, is the only thing you can truly count on. Confusing. Wrong. Twisted. Beautiful. Sick. Love is wild. And we're going to set it free. WARNING: The Wild is an extremely taboo story. Most will find that the themes in this book will make you incredibly uncomfortable or maybe even offend you. This book is only for the brave, the open-minded, and the ones who crave love in even the most dismal of situations. Extreme sexual themes and violence in certain scenes, which could trigger emotional distress, are found in this story. If you are sensitive to heavy taboo themes, then this story is not for you. Seriously, you've been warned. Don't say I didn't try. You're probably going to cringe many, many, many times. Even if you're on the fence, it's probably not a good idea to proceed. However, if you're intrigued and fearless and kind of sort of trust me, then carry on. This book is for you.

*The Call of the Wild, White Fang, and Other Stories* Nov 19 2019 Of all Jack London's fictions none have been so popular as his dog stories. In addition to The Call of the Wild, the epic tale of a Californian dog's adventures during the Klondike gold rush, this edition includes White Fang, and five famous short stories - 'Bâtard', 'Moon-Face', 'Brown Wolf', 'That Spot', and 'To Build a Fire'. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

*The Wild Book* Jun 19 2022 In a world in which we're never far from our phones or tablets, computers or consoles, we can often be blind to the joy that can be found in the great outdoors. We're building worlds in Minecraft when we could be building a raft; we're watching the latest Netflix show when we could be gazing at the stars; we're idly scrolling on social media when we could be strolling through woodlands; we're internet shopping when we could be panning for gold. Our phones may be smarter, but our experiences have shrunk down to the size of the screens in front of our eyes. The Wild Book is here to re-acquaint us with the wonders that await in the outside world. Beautifully produced, full of fun, easy-to-do games and activities - including how to make sloe gin, climb trees, build a fire, identify different cloud formations and make a shelter - this is the ultimate book to unleash your inner child.

*The Girl with the Shark's Teeth* May 06 2021 Minnow is different from the other girls in her town and there's plenty to set her apart: the blossom of pale scars which lie beneath Minnow's delicate ears, the fact that she has an affinity with the water which leaves people speechless, and that once - she is sure - in deep, deep water, her body began to glow like a sunken star. When her mum gets into trouble and is taken from their boat in the dead of night, Minnow is alone with one instruction: sail to Reykjavik to find your grandmother, she will keep you safe. Minnow has never sailed on her own before, but the call of the deep is a call she's been waiting to answer her whole young life. Perhaps a girl who is lost on land can be found in the Wild Deep. The stunning middle grade debut from Cerrie Burnell

**The Wild Book** Feb 15 2022 In early twentieth-century Cuba, bandits terrorize the countryside as a young farm girl struggles with dyslexia. Based on the life of the author's grandmother.

*State of the Wild* Mar 04 2021 In wild places where nature thrives, humanity prospers; our well-being is inextricably linked with that of the planet's web of life. In fact, one could argue that the state of the world can be measured by the state of the wild. But how do we gauge the state of earth's wildlife, wildlands, and oceans? State of the Wild is a new series that brings together some of the world's most renowned conservationists and writers-George Schaller, Alan Rabinowitz, Sylvia Earle, Rick Bass, Bill McKibben, Tom Lovejoy, and many others-to assess wildlife and wilderness, and to provide insights into how humans can become better stewards of the wild. This new series combines evocative writings with a fascinating tour of news highlights and vital statistics from around the world. One-third of each volume will focus on a topic of particular concern to conservationists working to protect wildlife and our last wild places. This 2006 edition explores the impacts of hunting and the wildlife trade through a range of essays: Ted Kerasote traces the history of hunting in North America; Carl Safina, Eric Gilman, and Wallace J. Nichols quantify the toll taken by commercial fishing on seabirds, turtles, and other marine species; James Compton and Samuel K. H. Lee explore the global reach of the wildlife trade for traditional Asian medicine. Contributors also examine other pivotal conservation issues, from the reasons why one in eight of the world's birds are endangered, to the impacts of global climate change, to the complexity of conserving seals, flamingos, zebras, and other wide-ranging species. The book's closing essay, "The Relative Wild," considers what exactly it means for a place to be "wild," where even the most remote corners of the planet have been altered by human activities. Uniquely structured with magazine-like features up front, conservation news in the middle, and essay contributions from eminent authors and biologists throughout, this landmark series is an essential addition to any environmental bookshelf.
