*Pharmacology of Bombax ceiba* Linn. Jul 20 2022 This work is the first monograph devoted solely to *Bombax ceiba*, popularly known as the Red Silk Cotton Tree. Consisting of seven chapters, it covers all relevant aspects of this plant, from its historical and spiritual importance, to its botanical characterization, pharmacognostical details and ethnobiological uses, to its scientific validation in various animal and human studies. Each part of the tree is of medicinal value and possesses many novel chemical constituents such as shamimicin, bombasin, bombamalone, bombamaloside etc. along with other bioactive secondary metabolites. disease and cancer. In addition, separate chapters deal with the commercial and ecological significance of *B. ceiba*, as well as a case study on its conservation. Numerous color illustrations are included to identify the plant and to justify its nickname, the "Little Bird's Cafeteria".

**Rethinking Civilizational Analysis** May 18 2022 'At last, a volume on civilization that truly reflects the complexity of multiple civilizations. The wealth of contributions Arjomand and Tiryakian have assembled demonstrates the value of an old concept for understanding the awful dilemmas confronting human kind in the global age. Its thoroughgoing renewal here establishes this book as the essential benchmark for future scholars of civilization' - Martin Albrow, Founding Editor of International Sociology and author of *The Global Age* - winner of the European Amalfi Prize, 1997 'In our tension filled world, many are heralding, and others fearing, a "clash of civilizations." The contributors to this volume provides a healthy and persuasive argument about why this clash need not, and certainly should not, take place. They do so, moreover, not by rejecting the concept of civilization, but by developing a less primordial, homogenous, and essentialist concept of it. An important collection that provides illumination in this sometimes frighteningly dark time' - Jeffrey Alexander, Professor and Chair of Sociology at Yale University 'The concept of civilization may well replace the notions of globalization and identity as the core component in the vocabulary of 21st century sociology. The authors contribute a great deal to the clarification of fashionable controversies around the "clash of civilizations" and "multiculturalism". They go a long way toward purging the concept of civilization of its ideological overtones, and they succeed admirably in turning it into powerful analytic tool of an emerging field of macrosociology, known already as civilizational analysis' - Piotr Sztompka, President, International Sociological Association Although the concept of 'civilization' has deep roots in the social sciences, there is an urgent need to re-think it for contemporary times. This book points to an exhaustion in using 'the nation state' and 'world system' as the basic macro-units of social analysis because they do not get to grips with the 'soft power' variable of cultural factors involved in global aspects of development. Also, globalization requires us to reconsider the link between civilization and a fixed or given territory. This book focuses upon the dynamic aspect of civilizations. Among the topics covered are: · Civilizational analysis and social theory · Global civilization and local cultures · Civilizational forms · Rationalization and Civilization · Civilizations as zones of prestige · Historical and comparative dimensions of civilization · The clash of civilizations. **Risk Analysis in Engineering** Apr 05 2021 Based on the author's 20 years of teaching, *Risk Analysis in Engineering: Techniques,*

**Psychosocial Perspectives on Aids** Feb 21 2020

AIDS and the virus that causes it have challenged the world's scientists, health care systems, and public health policies as much or more than any medical problem in recorded history. Perhaps this is so because this particular infirmity constitutes more than a merely medical problem: it is enmeshed in psychological, social, cultural, political, and economic contexts. This book examines the need for pragmatic and research-based suggestions on how to address some important problems related to these contexts. Although much basic research in virology and immunology can be accomplished within the biomedical domain, biobehavioral disciplines such as behavioral medicine offer more opportunities for the comprehensive approach necessary to confront the AIDS/HIV problem. The editors of this groundbreaking volume suggest that the very nature of this constantly evolving problem encourages an approach to research and intervention/prevention efforts that emphasizes flexibility of response to changing knowledge, patterns of the pandemic, new treatments, and shifts in public opinion and behavior. A major triumph in dealing with this phenomenon would include a bridging of the gap between research and applied efforts, which has been the largest obstacle for progress to date. In this book, such previously uncharted territory is explored, opening a host of new possibilities for dealing with the very real threat of AIDS.

**The Highlander's Surrender** Apr 24 2020 Eliza Knight's bestselling Scottish historical romance series, The Stolen Bride Series, is back with another amazing tale of adventure, passion and love! Ceana Montgomery had notions of marrying for love after her first disastrous marriage ended in widowhood. But now Robert the Bruce has ordered her to marry a stranger, securing a strong alliance and ending a decades-old feud. Already used as a pawn once in marriage, she is devastated that she will once more have to give up her happiness in order to please the edicts of men. And while the braw warrior standing before her might incite

feelings inside her she thought long since buried, desire is a far cry from love. The rivalry between Brochan Lamont and his twin brother, John, began in the womb, and only grew worse from there. They were pitted against each other in childhood, and their father left them with a legacy that was a race to the finish—whoever has an heir first inherits the lands. The only problem is that Brochan has given his loyalty to the Scots, and his brother to the English. In order to keep the lands and ships under Scottish control, Robert the Bruce demands Brochan marry to break the iron-clad will. His new bride harbors a fiery temperament that lures Brochan into stoking her passions instead of her ire. Aligned to strengthen the Scottish claims on the realm, Brochan and Ceana must work together to overcome the obstacles that bind them. But perhaps seeing their duties through does not have to be as painful as they both predicted. Is it possible that love can be forged from a union born in alliance? Maybe Fate knew all along just who was meant for who...

**Death Waits in the Dark** Dec 13 2021 It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason

for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

**The Widow Waltz** Dec 21 2019 "This heartfelt, witty addition to women's fiction will appeal to fans of Elizabeth Berg and Anna Quindlen." (Booklist) Georgia Waltz has things many people only dream of: a plush Manhattan apartment overlooking Central Park, a Hamptons beach house, valuable jewels and art, two bright daughters, and a husband she adores, even after decades of marriage. It's only when Ben suddenly drops dead from a massive coronary while training for the New York City Marathon that Georgia discovers her husband—a successful lawyer—has left them nearly penniless. Their wonderland was built on lies. As the family attorney scours emptied bank accounts, Georgia must not only look for a way to support her family, she needs to face the revelation that Ben was not the perfect husband he appeared to be, just as her daughters—now ensconced back at home with secrets of their own—have to accept that they may not be returning to their lives in Paris and at Stanford subsidized by the Bank of Mom and Dad. As she uncovers hidden resilience, Georgia's sudden midlife shift forces her to consider who she is and what she truly values. That Georgia may also find new love in the land of Spanx and stretch marks surprises everyone—most of all, her. Sally Koslow's fourth novel is deftly told through the alternating viewpoints of her remarkable female protagonists as they plumb for the grit required to reinvent their lives. Inspiring, funny, and deeply satisfying, *The Widow Waltz* explores in a profound way the bonds between mothers and daughters, belligerent siblings, skittish lovers, and bitter rivals as they discover the power of forgiveness, and healing, all while asking, "What is family, really?"
