Until the outbreak of the First World War, young Cameron Blair would have liked nothing better than to stay in Edinburgh and marry his childhood sweetheart. As the call to arms goes out, Cameron and his pals sign up to fight for their country. They are soon delivered into the nightmare of war, and there Cameron more than meets his maker. The story follows Cameron as he comes to terms with his new 'life', from his first days as a hapless vampire in war-torn France to the glamorous modern day setting of the Cote d'Azur. Along the way, he develops a distinctive taste for the finer things in life: jewels, yachts, small dogs and champagne-infused human... About the author Angela Lockwood-van der Klauw was born in the Netherlands. She learned her trade as a jeweller and gemmologist at the Vakschool Schoonhoven before moving to Edinburgh as an apprentice jeweller. There she met and later married her husband Adam. Angela ran her own jeweller's shop in Edinburgh for ten years before she and her husband moved to the south of France in 2011. Like Cameron, Angela prefers the climate there, but often thinks about the town she left behind and its people. Cameron's story was born in the spring of 2013, a very wet spring during which Angela found herself climbing the walls, frustrated that she couldn't go out and have her usual long walks along the seafront. Seeing his wife's frustration, Adam suggested 'Why don't you write a book?' Angela thought about it for a few days, then switched on her laptop and started writing. This is her first book. follow language in the blood on: <http://www.cruftslover.adzl.com/> <https://www.facebook.com/CruftsloverAkaCameronBlair>"

When Michael Howard and Brian Curtis meet at Oxford University, the two men form an immediate friendship. Upon graduation, Brian's skill with European languages lands him a job in the foreign office, while Michael and his new bride, Angela, travel to Poland to spend a year teaching English. The Howards' timing couldn't be worse. On September 1, 1939, German forces overrun Poland. In the chaos, Michael and Angela are separated. While Michael finds his way home to England, Angela is taken captive and imprisoned in an international camp for women. Seeking revenge and convinced England will aid Poland, Michael enlists as a commando. Excelling throughout his intensive training, he finds himself transferred to a newly formed unit: the Special Air Service (SAS). As a member of the SAS, Michael can hit back at the Nazis, wreaking havoc behind enemy lines and helping turn the tide of the war. Haunted by the possibility his wife will become another victim of the carnage he sees on his missions, Michael will have no peace until he either reunites with Angela or knows her fate. Either way, Michael and Angela will never be able to reclaim their lost years. Through Angela's Eye is the untold, inside story of Operation Firewall. After a series of unfortunate changes in circumstances, my life took an unwelcomed turn. What started out as my personal battle against those terrorizing me by stealing my identity through my personal computer turned into the largest case of identity theft in United States history! Not only did the computer hackers cause me financial distress, but they threatened my life! Not only did I get mad, but now I was determined to get justice. Little did I realize that my journey would lead to the exposing of corruption within our own government up to the vice president and president of the US and continued right up to the UN! Once the first domino fell, a series of events began to unfold. Operation

Firewall began in July 2003 as an investigation into access device fraud before expanding into an investigation of global credit card fraud and identity theft. This case led to the inception of many laws being placed on the books to prosecute those who were perpetuating the crimes. The removal of spyware, malware, and malicious web sites that were trafficking in stolen identities, spam, hacking and even pornography are some of the positive results. My account of "Operation Firewall" will make Watergate look like child's play. It has led to over 4,000 cases and well over 64,000 arrests as of December 2005. The ramifications of this case will go on for years to come. As a result of the investigation, over \$260 billion per year is being saved by taking these criminals off the streets. It was a war that was fought without weapons but used computers coupled with a woman's intuition and common sense! Here is the inside story of "Operation Firewall," case number SSC_2003R01260 as told by someone who is seeking Divine Justice.

The Human Tradition in Colonial Latin America is an anthology of life stories of largely ordinary individuals struggling to forge a life during the unstable colonial period in Latin America. These mini-biographies show the tensions that emerged when With the country's men at war, it falls to the land girls to pitch in and do their bit... Stella arrives at Hallows Farm in her Rayon stockings, having just waved goodbye to the love of life - naval officer Philip. Agatha has just graduated from Cambridge; life on the Farm is certainly going to offer her a different kind of education. Prue, a hairdresser from Manchester, is used to painting the town red, not manual labour. Joe dreams of leaving the family farm and becoming a fighter pilot. But with the arrival of these three beautiful young women, there's enough to keep him busy on the farm for the time being... Work is hard and the effects of war start to take their toll on the three women. But as the bonds of friendship start to form and excitement builds as the RAF dance looms, maybe life in the countryside isn't so bad after all?

A panoramic global history of the nineteenth century A monumental history of the nineteenth century, *The Transformation of the World* offers a panoramic and multifaceted portrait of a world in transition. Jürgen Osterhammel, an eminent scholar who has been called the Braudel of the nineteenth century, moves beyond conventional Eurocentric and chronological accounts of the era, presenting instead a truly global history of breathtaking scope and towering erudition. He examines the powerful and complex forces that drove global change during the "long nineteenth century," taking readers from New York to New Delhi, from the Latin American revolutions to the Taiping Rebellion, from the perils and promise of Europe's transatlantic labor markets to the hardships endured by nomadic, tribal peoples across the planet. Osterhammel describes a world increasingly networked by the telegraph, the steamship, and the railways. He explores the changing relationship between human beings and nature, looks at the importance of cities, explains the role slavery and its abolition played in the emergence of new nations, challenges the widely held belief that the nineteenth century witnessed the triumph of the nation-state, and much more. This is the highly anticipated English edition of the spectacularly successful and critically acclaimed German book, which is also being translated into Chinese, Polish, Russian, and French. Indispensable for any historian, *The Transformation of the World* sheds important new light on this momentous epoch, showing how the nineteenth century paved the way for the global catastrophes of the twentieth century, yet how it also gave rise to pacifism, liberalism, the trade union, and a host of other crucial developments.

Antebellum American Pendant Paintings: New Ways of Looking marks the first sustained study of pendant paintings: discrete images designed as a pair. It opens with a broad overview that anchors the form in the medieval diptych, religious history, and aesthetic theory and explores its cultural and historical resonance in the 19th-century United States. Three case studies examine how antebellum American artists used the pendant format in ways revelatory of their historical moment and the aesthetic and cultural developments in which they partook. The case studies on John Quidor's *Rip Van Winkle and His Companions at the Inn Door* of Nicholas Vedder (1839) and *The Return of Rip Van Winkle* (1849) and Thomas Cole's *Departure and Return* (1837) shed new light on canonical antebellum American artists and their practices. The chapter on Titian Ramsay Peale's *Kilauea by Day and Kilauea by Night* (1842) presents new material that pushes the geographical boundaries of American art studies toward the Pacific Rim. The book contributes to American art history the study of a characteristic but as yet overlooked format and models for the discipline a new and productive framework of analysis focused on the fundamental yet complex way images work back and forth with one another. "With unprecedented access to its subject's personal records and informed by fresh, unvarnished anecdotes from family, friends, and colleagues, Edmund Gordon's biography provides the first full account of Angela Carter's amazing life and enduring work"-- Using previously classified documents and original interviews, *The Other Alliance* examines the channels of cooperation between American

and West German student movements throughout the 1960s and early 1970s, and the reactions these relationships provoked from the U.S. government. Revising the standard narratives of American and West German social mobilization, Martin Klimke demonstrates the strong transnational connections between New Left groups on both sides of the Atlantic. Klimke shows that the cold war partnership of the American and German governments was mirrored by a coalition of rebelling counterelites, whose common political origins and opposition to the Vietnam War played a vital role in generating dissent in the United States and Europe. American protest techniques such as the "sit-in" or "teach-in" became crucial components of the main organization driving student activism in West Germany--the German Socialist Student League--and motivated American and German student activists to construct networks against global imperialism. Klimke traces the impact that Black Power and Germany's unresolved National Socialist past had on the German student movement; he investigates how U.S. government agencies, such as the State Department's Interagency Youth Committee, advised American policymakers on confrontations with student unrest abroad; and he highlights the challenges student protesters posed to cold war alliances. Exploring the catalysts of cross-pollination between student protest movements on two continents, *The Other Alliance* is a pioneering work of transnational history.

An action-packed fantasy series "The end of the world has given us a harsh, merciless existence, where nature tries hard to push mankind to the very brink of extinction. Everything is against us, between us... Untold miles of lawless, apocalyptic roads wait for our feet, and the future, cold and dark, offers little comfort. Without change, there can be no peace. Only survivors." Horror and fantasy blended into a post-apocalyptic book that you won't ever forget. "From dangerous trips into dark, apocalyptic cities, to patriotic rescues and furious revelations, *Life After War* is an action-packed post-apocalyptic fantasy series where those still alive must come to terms with their demons in the old world, while fighting for survival in the wastelands. A Dangerous Destiny Some of the survivors are different, powerful. Their bloodlines have been brought together in this time and place to create safety for the remnants of all societies. Fated to lead and rebuild, these magnetic women and men are now the most valuable commodity in the apocalyptic wastelands. Nuclear war devastated the world just days before Christmas. All governments went underground, leaving their citizens to fend for themselves. The desperate normals who barely managed to stay alive must now make a choice. Do they join the strange, dangerous survivors in forming a more perfect union or do they kill every last one of them? One choice will save the world. The other will finish burying it under the nuclear ashes. Book One centers around the first group of chosen people who find each other amid the relics of America. Brought together by a man with many secrets, they struggle to adapt to an ever-changing new world while trying to build the first post-war safe haven for humanity. This is Safe Haven "We offer food, shelter, and protection to all survivors. Does anyone copy? "hello? Is anyone alive out there?" The end of the world has given humanity a harsh, merciless existence, where nature tries hard to push us to the very brink of extinction. Everything is against us, between us. Untold miles of lawless, apocalyptic roads wait for our feet, and the future, cold and dark, offers little comfort. Without change, there can be no peace"only survivors. This file contains books 1-3 of the *Life After War* series: · *The Survivors* (Book 1) · *Adrian's Eagles* (Book 2) · *Nuclear Ashes* (Book 3) A collection of thirty fine-quality postcards, with each illustration produced twice, giving you one card to send and one to keep, these postcards are all taken from *Comic and Curious Cats*. The book was a bestseller in both hard and soft covers and has been translated into many languages. Patrick Kenzie and Angela Gennaro are tough private investigators who know the blue-collar neighbourhoods and ghettos of Boston's Dorchester section as only natives can. Working out of an old church belfry, Kenzie and Gennaro take on a seemingly simple assignment for a prominent politician: to uncover the whereabouts of Jenna Angeline, a black cleaning woman who has allegedly stolen confidential Statehouse documents. But finding Jenna proves easy compared to staying alive. The investigation escalates, uncovering a web of corruption extending from bombed-out ghetto streets to the highest levels of state government. With slick, hip dialogue and a lyrical narrative pocked by explosions of violence, *A Drink Before the War* confronts a city in which institutionalized bigotry and corruption are often the norm, and the true nature of 'racial incidents' is rarely clear. Dennis Lehane's remarkable debut is at once a pulsating crime thriller and a mirror of our world, one in which the worst human horrors are found closest to home, and the most vicious obscenities are committed in the name of love. This captivating ethnography reveals the immediate and persisting impact of forced family separations and the eventual reunifications in communities affected by El Salvador's civil war. In 2005, medical student Elizabeth Barnert traveled to El Salvador to build a DNA bank for reuniting families forcibly separated

during the Salvadoran civil war. Based on fifteen years of interviews and field notes, *Reunion* chronicles families' experiences with military attacks, child disappearances, and family separations, the joy of reunion and the arduous process of reintegration. Barnert works alongside Jesuit priest and Pro-Búsqueda founder Father Jon Cortina, former rebel fighters, and reformed gang members. She meets an eight-year-old journeying north to reunite with her mother and a young woman returning to El Salvador twenty years after her adoption abroad. *Reunion* includes a foreword by renowned anthropologist Philippe Bourgois, along with his firsthand account of fleeing a Salvadoran military raid, and never-before-published photos and children's drawings from the war. Told through the voices of activists and survivors, this groundbreaking ethnography illuminates the cycles of poverty and violence driving immigration and ongoing separations around the world.

THIS IS THE END! A necromancer awakes from his coma. A vampire owes a god of death a favor, and the deity demands his payment. A very dead ancient Egyptian prince finds himself back in the land of the living in another man's body. And a single mother still blames her sister-in-law for the death of her husband. Sam Ridgeway doesn't know these four people are her personal Horsemen. The Harbingers of Armageddon. And they are more interested in their own agendas. Because if they can't control Sam, they will have to kill her. And if Sam dies, so does the world. In the first in-depth study of the relationship between the suffrage campaign in Britain and World War I, Angela K. Smith explores the links between these two defining moments of the early twentieth century. Did the opportunities afforded by the war enable women finally and irrefutably to demonstrate their right to full citizenship? Or did World War I actually postpone women's enfranchisement? Although the Suffrage Movement was divided by the outbreak of war, many women continued to campaign for the vote, producing a wide variety of fictional and nonfictional 'suffrage texts'. Whether the writing of these women demonstrated their patriotism, pacifism, or ambivalence, it formed an integral part of their political responses to the war. Through textual/literary analysis of Suffrage magazines, wartime diaries, and a range of topical novels, Smith explores these responses within historical, social, and cultural contexts to understand the impact of the war on the success of the campaign in 1918 and the consequences for the years that followed.

Virginia Woolf, Europe, and Peace: Transnational Circulations enlarges our understanding of Virginia Woolf's pacifist ideology and aesthetic response to the World Wars by re-examining her writings and cultural contexts transnationally and comparatively through the complex interplay between modernism, politics, and aesthetics. The "transnational" paradigm that undergirds this collection revolves around the idea of transnational cultural communities of writers, artists, and musicians worldwide who were intellectually involved in the war effort through the forging of pacifist cultural networks that arose as a form of resistance to war, militarism, and the rise of fascism. The book also offers philosophical approaches to notions of transnational pacifism, anti-war ethics, and decolonization, examining how Woolf's prose undermines center/edge or self/other bifurcations. Breathing new life into Woolf's anti-war writings through a transnational lens and presenting us with the voices and perspectives of a range of significant scholars and critics, the chapters in this volume engage with mobile and circulatory pacifisms, calling attention to the intersections of modernist inquiries across the arts (art, music, literature, and performance) and transnational critical spaces (Asia, Europe, and the Americas) to show how the convergence of different cultural and linguistic horizons can significantly expand and enrich our understanding of Woolf's modernist legacy. Discusses the history of sexuality in Britain in the first decades of the twentieth century and also the way it is studied. This book examines the experience of women munitions workers in Britain during WW1. The author recounts his childhood in Depression-era Brooklyn as the child of Irish immigrants who decide to return to worse poverty in Ireland when his infant sister dies. Follow the true experiences of Frank McCourt as he struggles to support his family during his youth. Help students enjoy the novel with different activities to help comprehend the difficult vocabulary words. Students are asked to predict what will happen in the novel prior to reading it, by exploring the literary device: foreshadowing. Answer true or false questions about the family's move to Ireland. Describe the valuable lesson Mr. Halloran teaches Frank and the boys. Recall the moment Frank experienced pure joy. Describe Frank's relationship with his father and religion, and explain how this changes throughout the novel. Deconstruct a character by identifying whether Frank is a good or bad person and providing proof from the text to support this claim. Aligned to your State Standards and written to Bloom's Taxonomy, additional crossword, word search, comprehension quiz and answer key are also included.

About the Novel: *Angela's Ashes* is a Pulitzer Prize-winning memoir about the author's own childhood and young adulthood. Frank—the eldest son of Malachy and Angela McCourt—vividly describes the

hardships endured by his family. First living in Brooklyn, the family moves back to Ireland after the death of Frank's sister, Margaret. There, the family lives in poverty, as Frank's father spends all the welfare money, leaving little for food and clothes. Frank's father finally gets work in England, but neglects to send money home to his struggling family, leaving Frank to support them. The story continues with Frank searching tirelessly for a job, settling in at the post office. Eventually, Frank is able to earn enough money to return to America, hoping to start a new life. Through oral and written narratives, this book examines the interaction between women and the war in Spain, their motivation, the distinctive form of their involvement and the effect of the war on their individual lives. These themes are related to wider issues, such as the nature of memory and the role of women within the public sphere. The extent to which women engaged with this cause surpasses by far other instances of female mobilization in peace-time Britain. Such a phenomenon therefore can offer lessons to those who would wish to encourage a greater degree of interest amongst women in political activities today. An examination of the ways in which women challenged the British educational, employment and welfare systems after the franchise. Helen Jones explores how women adapted their strategies to confront the system from within, and what constraints were imposed on them. She also examines the active role that British women played in Continental Europe, and an important comparative chapter looks at the experience of women in France, Germany, Italy, Australia and the USA. Please note: This is a companion version & not the original book. Sample Book Insights: #1 I am blessed among men. I was encouraged by my daughter, Maggie, and my wife, Ellen, while writing this book. #2 My father, Malachy McCourt, was born in Toome, County Antrim. He grew up wild, in trouble with the English, or the Irish, or both. He fought with the Old IRA and for some desperate act he wound up a fugitive with a price on his head. When I was a child, I would look at my father and wonder why anyone would give money for a head like that. #3 My mother, the former Angela Sheehan, grew up in a Limerick slum with her mother, two brothers, Thomas and Patrick, and a sister, Agnes. She never saw her father, who had run off to Australia weeks before her birth. #4 My grandmother's troubles began the night she was born. She was born with her head in the New Year and her arse in the Old, or was it her head in the Old Year and her arse in the New. She had to write to the Pope to find out what year she was born in. A highly original and influential work of modern British literature, Angela Carter's *Nights at the Circus* combines a fantastically creative plot with a strong political undertone. The result is an emotive and provocative novel, which has attracted much critical attention from a range of perspectives including poststructuralism, gender studies, postmodernism and psychoanalysis. This guide to Angela Carter's complex novel, presents: an accessible introduction to the text and contexts of *Nights at the Circus* a critical history, surveying the many interpretations of the text from publication to the present a selection of new critical essays on the *Nights at the Circus*, by Heather Johnson, Jeannette Baxter, Sarah Sceats and Helen Stoddart, providing a variety of perspectives on the novel and extending the coverage of key critical approaches identified in the survey section cross-references between sections of the guide, in order to suggest links between texts, contexts and criticism suggestions for further reading. Part of the Routledge Guides to Literature series, this volume is essential reading for all those beginning detailed study of *Nights at the Circus* and seeking not only a guide to the novel, but a way through the wealth of contextual and critical material that surrounds Carter's text. The true story of three generations of one family which examines the guilt and trauma of being part of Germany's Nazi past. This is a moving and powerful memoir that illuminates the extraordinary power of unprocessed trauma as it passes through generations, and how when it is faced it can be healed.' JULIA SAMUEL, author of *Every Family Has a Story*, *Grief Works* and *This Too Shall Pass* 'A page turner of the highest calibre! Meticulously researched, searingly honest and beautifully written,' MARINA CANTACUZINO, Author and founder of The Forgiveness Project 'An absolutely extraordinary book.' Keith Lowe, Sunday Times bestselling author of *Savage Continent: Europe in the Aftermath of World War II* ----- In 1987, Angela Findlay walked into a prison and instantly but inexplicably felt at home. For years she had wrestled with a sense of 'badness' within her. But working with prisoners was just the beginning of her search for answers that took her to Nazi Germany and the life of her dead grandfather, who, it emerged, was a decorated general on the Eastern front. In a rare confluence of memoir, psychology and historical detective story, this is Findlay's account of her unflinching quest for the truth about her German family, one that breaks through the silence surrounding many of the Second World War's perpetrators. In *My Grandfather's Shadow* explores the heritability of unresolved experiences, questions deeply held perceptions of good and bad, and uncovers the lesser-known history of the war's losers, a post-war culture of

apology and atonement, and the lingering legacy of shame. Using her own family story to explore an episode in history that continues to appal and fascinate, Findlay reveals that it is possible not only for the scars of trauma to be handed down through generations, but also for them to be healed. Featuring Todd McFalane's popular character, Spawn, this book ties directly into it's popular storyline. Four-color artwork. Although much of Carter's work is considered part of the contemporary canon, its true strangeness is still only partially understood. Lorna Sage argues that one key to a better understanding of Carter's writings is the extraordinary intelligence with which she read the cultural signs of our times. From structuralism and the study of folk tales in the 1960s to fairy stories, gender politics and the theoretical 'pleasure of the text', which she makes so real in her writing. Carter legitimised the life of fantasy and celebrated the fertility of the female imagination more than any other writer. Lorna Sage's authoritative study explores the roots of Carter's originality, covering all her novels as well as some short stories and non-fiction. On June 28 1914, the heir to the Austro-Hungarian throne, Archduke Franz Ferdinand, is assassinated in Sarajevo. The following day an innocent holiday postcard arrives from Germany at the home of village schoolmaster William Smith. Months later, with the outbreak of the First World War, this postcard is to enmesh William in a web of suspicion and spy-hysteria. Newspapers fuel the paranoia and before long William and his wife Alma find themselves caught up in one of the most shameful scandals of the day. Based on a true story, Rumour reveals a rural society torn apart by the conflict and how an honourable man is betrayed by those he loves, with tragic consequences. In exposing the careless cruelty of a nation obsessed with gossip and rumour, it holds an uncomfortable mirror to today's media-driven society. "Based on Nevinson's compelling diaries covering nearly 50 years, Angela V. John's powerful writing captures for the first time, the story of this important and groundbreaking figure. Nevinson's life sheds new light on the construction of the world order in the last century, at the same time helping the media-dominated modern age to understand more clearly the changing role of the war correspondent. His perspectives whether on the Middle East, the Balkans, the Caucasus or the United States, illuminate many of the conflicts which resonate in today's uncertain world."--BOOK JACKET. Please note: This is a companion version & not the original book. Sample Book Insights: #1 Greece was the pivotal challenge of a chancellorship forged in crisis. Faced with economic and financial turmoil stemming from Greece, which threatened the euro, Merkel was forced to adapt and balance external demands for greater action with domestic political constraints on doing so. #2 When she became chancellor, Merkel took over a Germany that was struggling to adapt to the challenges of globalization. She brought the rigor of scientific analysis she'd learned in the physics laboratories of East Berlin and Leipzig to problem-solving of an economic and financial nature. #3 As the euro crisis ravaged Greece, Merkel was heavily criticized for her lack of support, but she stood by the country and saved the euro on her terms. She became Europe's de-facto leader, but with resentment of her newly assertive Germany growing, it was far from clear whether the rest of Europe was prepared to share the journey to her final destination. As richly complex and brutal as the terrain it depicts, here is the mesmerizing, darkly original novel that heralded the arrival of Dennis Lehane, the master of the new noir and introduced Patrick Kenzie and Angela Gennaro, his smart and tough private investigators weaned on the blue-collar streets of Dorchester. A cabal of powerful Boston politicians is willing to pay Kenzie and Gennaro big money for a seemingly small job: to find a missing cleaning woman who stole some secret documents. As Kenzie and Gennaro learn, however, this crime is no ordinary theft. It's about justice, about right and wrong. But in Boston, finding the truth isn't just a dirty business . . . it's deadly. Fills a gap in scholarship on an increasingly important field within Political Science. Comparative Politics, the discipline devoted to the politics of other countries or peoples, has been steadily gaining prominence as a field of study, allowing politics to be viewed from a wider foundation than a concentration on domestic affairs would permit. Bringing together leading international scholars of contemporary fiction and modern women writers, this book provides authoritative new critical readings of Angela Carter's work from a variety of innovative theoretical and disciplinary approaches. Angela Carter: New Critical Readings both evaluates Carter's legacy as feminist provocateur and postmodern stylist, and broaches new ground in considering Carter as, variously, a poet and a 'naturalist'. Including coverage of Carter's earliest writings and her journalism as well as her more widely studied novels, short stories and dramatic works, the book covers such topics as rescripting the canon, surrealism, and Carter's poetics. Cover -- Half Title -- Title Page -- Copyright Page -- Table of Contents -- General Introduction -- Introduction -- Bibliography -- Florence Barclay -- My Heart's Right There (1914) -- 'In Hoc Vince' (1914) -- Flora Annie Steel, 'Sunrise' (1914) -- Berta Ruck -- 'The Shirker' (1915) -- 'The

Drawing on a wealth of unpublished diaries and letters, the book examines the way in which the new roles undertaken by women triggered a search for new forms of expression. Blending literary criticism and history, the book contributes to the scholarship of women and expands our definition of modernisms.
