The First Breakfast Apr 24 2020 "Come and have breakfast." After three years together, it wasn't the first invitation Jesus gave to Peter, but in so many ways, it was the most life-changing. The night of The Last Supper brought memories of denial, regret, and brokenness burned in Peter's memory. But the pastel morning sky rising over the crashing waves, brought new mercies and an invitation to redemption. This would become The First Breakfast. Throughout their journey, Scripture shows us that the relationship between Jesus and Peter is also a picture of the Father's relationship with us. It's a portrait of the way that time in the presence of Jesus is the most transforming force the world has ever known. We see the way Jesus continues to pursue Peter, even in his brokenness. And our eyes are opened to the way that Jesus is transforming and restoring us too. So, if you ever feel weary, defeated, or broken, come and see the true heart of the Father again. Follow the journey of Jesus and Peter through calling, brokenness, and restoration. Join Eric and Kristin Hill on the winding journey through Scripture to The First Breakfast, with stunning original photography by Hannah Elizabeth Taylor from beautiful locations across the Holy Land. Transformation and restoration are waiting on the other side of the invitation from Jesus to "come and have breakfast."

The Eric Lewis Sports Series Dec 21 2019 Eric Lewis is entering his sophomore year at Crater High where the high football season is about to begin. Summer is over and as usual the excitement of a new school year surrounds the town of Crater. But, there is a new football coach and anticipation is high as Eric and his teammates eagerly begin their preparation. Eric is a multi-talented three-sport athlete but there are questions in his mind about where he'll fit. He is a quarterback but there is a senior to battle for the spot. There are many questions to be answered and Eric is eagerly anticipating the outcome. He is first of all a team player and his main goal for this season is to fit in somewhere and be a part of a turn around in the Crater Comet football program. The first book, "Sophomore", in a nine book series, follows the fortunes of Eric and his friends through football, basketball and baseball seasons. High school can be a trying time as young people grow and battle life's ever multiplying challenges. Sports gives Eric an opportunity to experience, with his friends, those ups and downs through team competition. Participating in sport only adds fuel to the fire but the rewards are well worth the challenge. The Sophomore year awaits.

Masks: Rise of Heroes Nov 12 2021 Strange things are happening in Vintage City, and sixteen-year-old Eric seems to be right in the middle of them. There's a new villain in town, one with super powers, and he's wreaking havoc everywhere and on Eric's life. The new superhero who springs up to defend Vintage City is almost as bad, making Eric all hot and bothered, enough so that he almost misses the love that's right under his nose. Peter is Eric's best friend, and even if he does seem to be hiding something most of the time, he finds a way to show Eric how he feels in between attacks on trains, banks, and malls. The two boys decide to start dating, much to the chagrin of their other best buddy, Althea, who has a terrible crush on Peter and a secret or two of her own to keep. As the fight between the Devil's Trill and Magnifiman picks up, Eric's relationship with Peter almost ends before it begins when Eric finds out about Peter's special talents, which might just rank Peter as a superhero in his own right. When the Trill takes an interest in Eric, Peter and Althea, along with Magnifiman and Eric's normal, middle-class family, all have to work together to keep Eric and their city safe.

Hardin Farm Mar 24 2020 Hardin Farm by Jean Kipfer In 1921 Hardin Farm is a prosperous but unhappy place. Paul and Anna Hardin are uniquely attached, as only those siblings can be who are raised without their mothers. Sam Hardin's three wives are buried side by side in the cemetery by the lake, and he sees no reason to find another. Anna keeps the house clean and is a good cook, and since she'd gotten older, he's thought of even more things she can do for him. Strangely, Sam Hardin disappears never to be found and Anna falls into a strange sleep from which she cannot be awoken. The Church folk put Anna in the care of two doctors in Chicago, practitioners of the new science of psychiatry. But Paul is left to wallow in the mystery of their father's disappearance until many years later when the two siblings meet again on Hardin Farm.

Peter Sep 22 2022 Unlike other New Testament persons described in the Paul's Social Network Series, Peter was a member of Jesus' inner circle during his life and ministry in Galilee. In Peter, Eric Stewart explores the depictions of Peter that appear throughout the New Testament for insights into who he was. Readers will learn what it means that Peter was a villager and a fisherman, a holy person, an authorized change agent, a moral entrepreneur, a healer, a speaker, and a writer. In the end, they will understand Peter's message, and the message of his Master, far more deeply.

Eric Ambler's Novels Feb 03 2021 Eric Ambler's first six novels released between 1936 and 1940 quickly established his reputation as a master craftsman of intrigue and espionage narratives. Far less often discussed are the twelve Cold War novels he published, after an eleven-year hiatus as a screenwriter, between 1951 and 1981. This study argues that his entire corpus manifests late modernism's impulse toward a broadly social, political, and cultural critique of the times. Ambler's fiction from the mid-1950s onward is also remarkable for its ludic turn as he assesses the self-deceptions of an increasingly bureaucratized and media-focused world blind to its own follies. In these later works can be seen elements of what has come to be known as postmodernism, though in his commitment to chronicling the juggernaut of modernity he remains a uniquely independent witness of what is now being called the long twentieth century.

International Relations Theory and Ecological Thought Oct 11 2021 Ecological crises have never been higher on the international political agenda. However, ecological thought and international relations theory have developed as separate disciplines. This ground-breaking study looks at the relationship between ecological thought and international relations theory arguing that there are shared concerns: peace, co-operation and security. The authors ask what ecological crisis can teach IR theorists as well as what ecological perspectives have been adopted by governments and international NGOs.
