Economics is a social science concerned mainly with description and analysis of the production, distribution, and consumption of goods and services. Beyond the various theories and models, however, economics has close relationship with day to day life. This book reviews the economic journey of India over the last seventy years, and seeks to stimulate the readers' thinking on some major issues and potentialities facing the Indian economy. Five main themes flow through the book - India's potential to

A special focus is laid on the role of government policies and projects in socio-economic development. The book sensitises the readers, including college students in general, and students of economics in particular, to the happenings around us which have significant economic import. The book makes all through its seventy chapters several suggestions to power India's growth as a global economic superpower, on a plank of socioeconomic equity. However, the recent outbreaks in Brazil in 2015 and its rapid spread throughout South and Central America and the Caribbean, together with its association with severe neurological disorders—including fetal microcephaly and Guillain-Barré syndrome in adults—have changed the historic perspective of ZIKV. Currently, ZIKV is considered an important public health concern that has the potential to affect millions of people worldwide. The significance of ZIKV in human health and the lack of approved vaccines and/or antiviral drugs to combat ZIKV infection have triggered a global effort to develop effective countermeasures to prevent and/or treat ZIKV infection. In this Special Issue of Viruses, we have assembled a collection of 32 research and review articles that cover the more recent advances on ZIKV molecular biology, replication and transmission, virus-host interactions, pathogenesis, epidemiology, vaccine development, antivirals, and viral diagnosis. 1. 100% Based on NCERT Guidelines. 2. Following disruptions related to the November 2016 currency exchange initiative and the July 2017 goods and services tax rollout, growth slowed to 6.7 percent in FY2017/18, but a

recovery is under way led by an investment pickup. Headline inflation averaged 3.6 percent in FY2017/18, a 17-year low, reflecting low food prices on a return to normal monsoon rainfall, agriculture sector reforms, subdued domestic demand, and currency appreciation. Growth is forecast to rise to 7.3 percent in FY2018/19 and 7.5 percent in FY2019/20, on strengthening investment and robust private consumption.

The children are told that some cherries (their favourite noodles or cherries) are hidden somewhere in the bowl, and that serves as an incentive for drinking the soup. In joint families, by the time the children are old enough to know the trick played by their grandma, there is usually another group of kids ready to fall for it! They

excite the kids, but the real nutrition lies not in the noodles but in the soup. The problems given in this book are like those noodles/cherries while solving all these problems are nutritious soup. Now it is your choice to drink the nutritious soups or not!!! This edition brings the book completely up to date with the provisions of Finance (No.2) Act 2017 and Finance Act 2018, including:

Love, Labour and Law: Early and Child Marriage in India is a path-breaking book on an issue that has not been analysed in depth for a while, perhaps since it does not affect the elite. Today, the child brides are usually from poor families. They are of 15-17 years as compared to much younger brides in the earlier times. The book discusses why child marriages persist despite numerous legislative and policy initiatives to 'eliminate' the practice. The chapters examine social and legal reforms to raise the age of marriage; contemporary education and health-related policy attempts at prevention; relationship

of child marriage with child labour, sex work, human trafficking and other issues. Increasingly, there is greater resistance to marriages arranged by parents from the 'child' brides themselves who can now access institutional and bureaucratic support. How hopeful are these developments? The book goes beyond a simple policy focus on 'elimination' and provides a much-needed understanding of marriage and women's agency within the context of the Indian marriage system. • CISCE Syllabus: Strictly as per the latest Revised syllabus dated on 21th May 2022 for Board 2023 Exam. • Latest Updates: Some more benefits students get from the revised edition are as follow: Ø Topic wise / Concept wise segregation of chapters Ø Important Key terms for quick recall of the concepts.
