This volume sets out to explore the world of domestic devotions taking place in people's homes across space and time, and is premised on the assumption that the home was a central space of religious practice and experience throughout the early modern world. For over a decade the cult of La Santa Muerte has grown rapidly in Mexico and the United States. Thousands of people—ranging from drug runners and mothers to cabdrivers, soldiers, police, and prison inmates—invoke the protection of La Santa Muerte. Devotees seek her protection through practicing popular vows, attending public rosaries and masses at street altars, and constructing and maintaining home altars. This book examines La Santa Muerte's role in people's daily lives and explores how popular religious practices of worship and devotion developed around a figure often associated with illicit activities. She represents life with the possibility of respite but without ultimate redemption, and she speaks to the complexities of lives lived at the fringes of violence, insecurity, impunity, and economic hardship. The essays collected here move beyond the visually arresting sight of La Santa Muerte as a tattoo or figurine, suggesting that she represents a major movement in Mexico. Nelson Kraybill shows how the book of Revelation was understood by its original readers and what it means for Christians today. Kraybill places Revelation in its first-century context, opening a window into the political, economic, and social realities of the early church. His fresh interpretation highlights Revelation's liturgical structure and directs readers' attentions to twenty-first-century issues of empire, worship, and allegiance, showing how John's apocalypse is relevant to the spiritual life of believers today. The book includes maps, timelines, photos, a glossary, discussion questions, and stories of modern Christians who live out John's vision of a New Jerusalem. William Ralph Inge was an English author, Anglican priest, professor of divinity at Cambridge, and Dean of St. Paul's Cathedral, which provided the appellation by which he was widely known, "Dean Inge." In Inge's 'Personal Religion and the Life of Devotion' the author unveils his soul a little. This engaging and informative book provides an introduction to the liturgy of the Siddur--the Jewish prayerbook. More than a "how-to" guide, this resource deals with basic issues for the modern worshiper, the historial compilation of the Siddur, and much more. DO YOU WANT TO GROW CLOSER TO GOD AND BECOME A PRAYER WARRIOR? In this book you can discover the true power of prayer in your relationship with God, and the wisdom in

the scriptures of the bible through each daily devotion and guided prayer. Kurt Cobain and Ian Curtis. Through death, they became icons. However, the lead singers have been removed from their humanity, replaced by easily replicated and distributed commodities bearing their image. This book examines how the anglicised singers provide secular guidance to the modern consumer in an ever more uncertain world. In the enchanted world of Braj, the primary pilgrimage center in north India for worshippers of Krishna, each stone, river, and tree is considered sacred. In *Climate Change and the Art of Devotion*, Sugata Ray shows how this place-centered theology emerged in the wake of the Little Ice Age (ca. 1550-1850), an epoch marked by climatic catastrophes across the globe. Using the frame of geoaesthetics, he compares early modern conceptions of the environment and current assumptions about nature and culture. A groundbreaking contribution to the emerging field of eco-art history, the book examines architecture, paintings, photography, and prints created in Braj alongside theological treatises and devotional poetry to foreground seepages between the natural ecosystem and cultural production. The paintings of deified rivers, temples that emulate fragrant groves, and talismanic bleeding rocks that Ray discusses will captivate readers interested in environmental humanities and South Asian art history. An overlooked aspect of the iconography of the Annunciation investigated -

Mary's book. In *Emotion and Devotion* Miri Rubin explores the craft of the historian through a series of studies of medieval religious cultures. In three original chapters she approaches the medieval figure of the Virgin Mary with the aim of unravelling meaning and experience. Hymns and miracle tales, altarpieces and sermons - a wide range of sources from many European regions - are made to reveal the creativity and richness which they elicited in medieval people, women and men, clergy and laity, people of status and riches as well as those of modest means. The first chapter, "The Global 'Middle Ages'," considers the current historiographical frame for the study of religious cultures and suggests ways in which the Middle Ages can be made more global. Next, "Mary, and Others" examines the polemical situations around Mary, and the location of Muslims and Jews within them. The third chapter, "Emotions and Selves," tracks the sentimental education experienced by Europeans in the late Middle Ages through devotional encounters with the figure of the Virgin Mary in word, image and sound. Each year one scholar of world fame is invited to present lectures in the framework of the Natalie Zemon Davis Annual Lecture Series at the Central European University, Budapest. This is the second volume in the series of published lectures. In France, a gravestone, a televised figure-skating competition, a meal, and a garden all converge in what becomes *Devotion*, [a] ... fairy tale about a young, displaced Estonian skater and a solitary dealer in rare objects and arms. Many devout Catholics make novenas. This book is published to accommodate those who would like to make various novenas and who would like to have them in a single volume. A brief instruction or meditation precedes each entry. This volume examines notions of health and illness in North Indian devotional culture, with particular attention paid to the worship of the goddess Sitala, the Cold Lady. Consistently portrayed in colonial and postcolonial literature as the ambiguous 'smallpox goddess', Sitala is here discussed as a protector of children and women, a portrayal that emerges from textual sources as well as material culture. The eradication of smallpox did not pose a threat to Sitala and her worship. She continues to be an extremely popular goddess. *Religion, Devotion and Medicine in North India* critically examines the rise and affirmation of the 'smallpox myth' in India and beyond, and explains how Indian narratives, ritual texts and devotional songs have celebrated Sitala as a loving mother who

protects her children from the effects, and the fear, of poxes, fevers and infantile disorders but also all sorts of new threats (such as global pandemics, addictions and environmental catastrophes). The book explores a wide range of ritual and devotional practices, including scheduled festivals, songs, vows, pageants, austerities, possession, animal sacrifices and various forms of offering. Built on extensive fieldwork and a close textual analysis of sources in Sanskrit and vernacular languages (Hindi, Bhojpuri and Bengali) as well as on a rich bibliography on the struggle against smallpox in colonial and post-colonial India, the book reflects on the ambiguous nature of Sitala as a phenomenon largely dependent on the enduring fascination with the exotic, and the horrific, that has pervaded public renditions of Indian culture in indigenous fiction, colonial reports, medical literature and now global culture. To aid study, the volume includes images, web links, appendixes and a filmography. 'A glorious love story' - Sarah Winman, author of *Still Life* 'Extraordinarily daring . . . a remarkable novel, an almost visionary celebration of the death-defying power of the women's love' - Sunday Times 1836, Prussia. Hanne is nearly fifteen and the domestic world of womanhood is quickly closing in on her. A child of nature, she yearns instead for the rush of the river, the wind dancing around her. Hanne finds little comfort in the local girls and friendship doesn't come easily, until she meets Thea and she finds in her a kindred spirit and finally, acceptance.

Hanne's family are Old Lutherans, and in her small village hushed worship is done secretly - this is a community under threat. But when they are granted safe passage to Australia, the community rejoices: at last a place they can pray without fear, a permanent home. Freedom. It's a promise of freedom that will have devastating consequences for Hanne and Thea, but, on that long and brutal journey, their bond proves too strong for even nature to break . . . From the bestselling author of *Burial Rites* and *The Good People*, *Devotion* is a stunning story of girlhood and friendship, faith and suspicion, and the impossible lengths we go to for the ones we love. 'Exquisite . . . it's taken root in my heart' - Kiran Millwood Hargrave, author of *The Mercies* 'So beautiful and so raw . . . Impossibly good' - Evie Wyld, author of *The Bass Rock* "Edited by Grace P Cho and Anna E. Rendell." There is a striking similarity between Marian devotional songs and secular love songs of the late Middle Ages and Renaissance. Two disparate genres--one sacred, the other secular; one Latin, the other vernacular--both praise an idealized, impossibly virtuous woman. Each does so through highly stylized derivations of traditional medieval song forms--Marian prayer derived from earlier Gregorian chant, and love songs and lyrics from medieval courtly song. Yet despite their obvious similarities, the two musical and poetic traditions have rarely been studied together. Author David J. Rothenberg takes on this task with remarkable success, producing a useful and broad introduction to

Marian music and liturgy, and then coupling that with an incisive comparative analysis of these devotional forms and the words and music of secular love songs of the period. *The Flower of Paradise* examines the interplay of Marian devotional and secular poetics within polyphonic music from ca. 1200 to ca. 1500. Through case studies of works that demonstrate a specific symbolic resonance between Marian devotion and secular song, the book illustrates the distinctive ethos of this period in European culture. Rothenberg makes use of an impressive command of liturgical and religious studies, literature and poetry, and art history to craft a study with wide application across disciplinary boundaries. With its broad scope and unique, incisive analysis, this book will open up new ways of thinking about the history and development of secular and sacred music and the Marian tradition for scholars, students, and anyone with an interest in medieval and Renaissance religious culture. How and why did the images of the crucified Christ and his grieving mother achieve such prominence, inspiring unparalleled religious creativity as well such imitative extremes as celibacy and self-flagellation? To answer this question, Fulton ranges over developments in liturgical performance, private prayer, doctrine, and art. The classic and ground-breaking work in Christology, with extensive new introduction, evaluating the most recent developments in current scholarship. Scholars increasingly recognise that understanding the history of

religion means understanding worship and devotion as well as doctrines and polemics. Early modern Christianity consisted of its lived experience. This collection and its companion volume (*Worship and the Parish Church in Early Modern Britain*, ed. Natalie Mears and Alec Ryrie) bring together an interdisciplinary range of scholars to discuss what that lived experience comprised, and what it meant. Private and domestic devotion - how early modern men and women practised their religion when they were not in church - is a vital and largely hidden subject. Here, historical, literary and theological scholars examine piety of conformist, non-conformist and Catholic early modern Christians, in a range of private and domestic settings, in both England and Scotland. The subjects under analysis include Bible-reading, the composition of prayers, the use of the psalms, the use of physical props for prayers, the pious interpretation of dreams, and the troubling question of what counted as religious solitude. The collection as a whole broadens and deepens our understanding of the patterns of early modern devotion, and of their meanings for early modern culture as a whole. Every December 12th, thousands of Mexican immigrants gather for the mass at New York City's St. Patrick's Cathedral in honor of Our Lady of Guadalupe's feast day. They kiss images of the Virgin, wait for a bishop's blessing—and they also carry signs asking for immigration reform, much like political

protestors. It is this juxtaposition of religion and politics that Alyshia Gálvez investigates in *Guadalupe in New York*. The Virgin of Guadalupe is a profound symbol for Mexican and Mexican-American Catholics and the patron saint of their country. Her name has been invoked in war and in peace, and her image has been painted on walls, printed on T-shirts, and worshipped at countless shrines. For undocumented Mexicans in New York, Guadalupe continues to be a powerful presence as they struggle to gain citizenship in a new country. Through rich ethnographic research that illuminates Catholicism as practiced by Mexicans in New York, Gálvez shows that it is through Guadalupan devotion that many undocumented immigrants are finding the will and vocabulary to demand rights, immigration reform, and respect. She also reveals how such devotion supports and emboldens immigrants in their struggle to provide for their families and create their lives in the city with dignity. The devotional life of Christians over the two millennia since Christ has been one of motion, changing and growing in response to the challenges presented to the Church, the temperaments of newly baptized nations, and controversies about how we can and should relate to God. And yet the core of authentic Christian devotion has not changed--- it remains today, as it was in the time of the Church Fathers, the trusting and personal encounter with Christ that is both open and foundational to the life of all Christian believers. In this book

the well-known spiritual writer and teacher, Fr. Benedict Groeschel, C.F. R., surveys the development and trials of Christian devotion from the days of the martyrs until the twentieth century. Tracking them through the centuries and among "sadly divided branches of Christianity", he finds a commonality of experience and even of language that is constantly ignored among Christians themselves. By observing what "image of Christ" the canvas of common devotion portrays, he hopes we will move "not to discredit this image, but to sharpen it and make it more consistent with the New Testament and the ancient Church". Though the devotional life is sometimes brushed off as unimportant in comparison to a theological understanding of Christ, Groeschel warns that such dismissal threatens to make distant, unknown, and obscure the Savior who said "I am with you always." Instead the answer is to draw near to Jesus in devotion and with authentic expressions of that devotion, which themselves help paint the image of Christ found concretely in revelation onto the minds and into the daily life of the devout. Begun on pilgrimage to the Holy Land, and the result of years of preparation and the author's whole life of guiding people as priest, public preacher, psychologist, and spiritual director, this book will help Catholic, Orthodox, and Protestant believers gain, not only a comprehensive view of how pious Christians over the centuries have lived out their devotion to God, but also the

examples and perspective they need to live more devoutly today. The first edition of *The Promotion of Devotion: Religion, Culture, and Communication* pioneered the nexus of spirituality and public relations, exploring religious-spiritual tourism and church-state partnerships; devotional-promotional campaigning; sports and religion; and art and the promotion of devotion. It provided readers with an A-list look at Elvis Presley, Princess Diana, and other celebrity "saints," fans and their love for Smokey Bear and superstar racehorse Barbaro, and cultural phenoms Marilyn Monroe and Pharaoh Tutankhamun. In this revised second edition, the author revisits some of these topics with updates, expands others, and ventures into new territory. New chapters explore the death of Argentinian "soccer god" Diego Maradona, the resurrection of Notre Dame Cathedral in Paris following extensive fire damage, and the effects of the COVID-19 pandemic upon worship and social media. Underscoring the important and influential nature of spirituality in society and exploring the many ways in which communication and faith intersect, *The Promotion of Devotion* is an ideal text for courses and programs in communication, religion, international studies, and culture. *Love, Devotion, and Longing 2* is the combined volume of *Love's Longing* and *Touched by Love*. They are the last two books of the 4-book *Love and Devotion Series*. *Love's Longing* - Somewhere along the way, there develops

within the soul a yearning that can no longer be ignored; a craving for the great Love affair. *Touched by Love* is about our body, relationships, and the spiritual path. It is vital to maintain, understand, and balance each of them. We must strengthen, expand, and extend all the energetic systems of our being. It takes work and commitment, but that is the purpose of life. Luis de Morales, known as El Divino because of his intensely religious subject matter, is the most significant and recognizable Spanish painter of the mid-sixteenth century, the high point of the Spanish and Portuguese counter-reformations. He spent almost his entire working life in the Spanish city of Badajoz, not far from the border with Portugal, and did not travel outside of a small area around that city, straddling the border. The social, political and cultural environment of Badajoz and its environs is crucial for a thorough understanding of Morales's output, and this book provides context in detail - considering literature and liturgical theatre, the situation of converted Jews and Muslims, the presence of Erasmianism, Lutheranism and Illuminism (Alumbradismo), devotional writing for lay people, and proximity to the Bragança ducal palace in Portugal as a means of explaining this most enigmatic of painters. "YHWH bless you and keep you. YHWH make His face to shine upon you and be gracious to you. YHWH lift up His countenance upon you and give you peace." It is established on a sure foundation of His teachings and principles of truth. Now is the time for The Body of The Messiah to wake up to the call of life beyond the formality of structured religion. It is time to walk with the power and demonstration of His Spirit. It is an awakened spirit borne of that one-on-one relationship, anointed from on High. *Blessed* invites you into the secret place of His Presence so that you may become as He is. *Blessed* is a blessing to all who will receive it. It is the perfect gift from Him to you. In *How on Earth Did Jesus Become a God?* Larry Hurtado investigates the intense devotion to Jesus that emerged with surprising speed after his death. *Reverence for Jesus among early Christians*, notes Hurtado, included both grand claims about Jesus' significance and a pattern of devotional practices that effectively treated him

as divine. This book argues that whatever one makes of such devotion to Jesus, the subject deserves serious historical consideration. Mapping out the lively current debate about Jesus, Hurtado explains the evidence, issues, and positions at stake. He goes on to treat the opposition to -- and severe costs of -- worshiping Jesus, the history of incorporating such devotion into Jewish monotheism, and the role of religious experience in Christianity's development out of Judaism. The follow-up to Hurtado's award-winning *Lord Jesus Christ* (2003), this book provides compelling answers to queries about the development of the church's belief in the divinity of Jesus. In her midforties and settled into the responsibilities and routines of adulthood, Dani Shapiro found herself with more questions than answers. Was this all life was—a hodgepodge of errands, dinner dates, e-mails, meetings, to-do lists? What did it all mean? Having grown up in a deeply religious and traditional family, Shapiro had no personal sense of faith, despite repeated attempts to create a connection to something greater. Feeling as if she was plunging headlong into what Carl Jung termed "the afternoon of life," she wrestled with self-doubt and a searing disquietude that would awaken her in the middle of the night. Set adrift by loss—her father's early death; the life-threatening illness of her infant son; her troubled relationship with her mother—she had become edgy and uncertain. At the heart of this anxiety, she realized, was a challenge: What did

she believe? Spurred on by the big questions her young son began to raise, Shapiro embarked upon a surprisingly joyful quest to find meaning in a constantly changing world. The result is *Devotion*: a literary excavation to the core of a life. In this spiritual detective story, Shapiro explores the varieties of experience she has pursued—from the rituals of her black hat Orthodox Jewish relatives to yoga shalas and meditation retreats. A reckoning of the choices she has made and the knowledge she has gained, *Devotion* is the story of a woman whose search for meaning ultimately leads her home. Her journey is at once poignant and funny, intensely personal—and completely universal. Scholars increasingly recognise that understanding the history of religion means understanding worship and devotion as well as doctrines and polemics. Early modern Christianity consisted of its lived experience. This collection and its companion volume (*Worship and the Parish Church in Early Modern Britain*, ed. The collection as a whole broadens and deepens our understanding of the patterns of early modern devotion, and of their meanings for early modern culture as a whole. *Devotion* is a category of expression in many of the world's religious traditions. This book looks at issues involved in academically interpreting religious devotion, as well as exploring the interpretations of religious devotion made by a sixth century poet, a twelfth century biographer, and present-day festival publics. The book focuses on the female poet-saint Kāraikkāl Ammaiyār, whose poetry is devotional in nature. It discusses the biography written on the poet six centuries after her lifetime, and suggests ways of interpreting Kāraikkāl Ammaiyār's poetry without using the categories and events promoted by her biographer, in order to engage her own thoughts as they are communicated through the poetry attributed to her. In the same way that the biographer made the poet 'speak' to his present day, the book looks at how festivals held today make both the poetry and the biography relevant to the present day. By discussing how poetry, story and festival provide distinctive yet overlapping interpretations of the saint, this book reveals

the selections and priorities of interpreters in the making of a living tradition. It is an accessible contribution to students and scholars of religion, Indian history and women's studies. This book focuses on one of the most attractive yet poorly understood features of late-medieval manuscript illumination: the portrait of the book owner at prayer within the pages of her own prayer-book. Beguiling because they appear to offer a direct view into the lives of medieval individuals - especially women - these are in fact religiously loaded images. They concern themselves with the relationship between visible images, visionary experience, and God's omnipresent vision, and thus strike at the very core of medieval Christian concerns about salvation and the efficacy of prayer.

*****SOON TO BE A MAJOR HOLLYWOOD FILM***** 'This is aerial drama at its best. Fast, powerful, and moving.' Erik Larson 'A must read.' New York Post Devotion is the gripping story of the US Navy's most famous aviator duo - Tom Hudner, a white, blue-blooded New Englander, and Jesse Brown, a black sharecropper's son from Mississippi. Against all odds, Jesse beat back racism to become the Navy's first black aviator. Against all expectations, Tom passed up a free ride at Harvard to fly fighter planes for his country. Barely a year after President Truman ordered the desegregation of the military, the two became wingmen in Fighter Squadron 32 and went on to fight side-by-side in the Korean War. In an enthralling narrative, Adam Makos

follows Tom and Jesse's journey to the war's climatic battle at the Chosin Reservoir, where they flew headlong into waves of troops in order to defend an entire division of Marines trapped on a frozen lake. It was here that one of them was faced with an unthinkable choice - and discovered how far they would go to save a friend. The rosary has been nearly ubiquitous among Roman Catholics since its first appearance in Europe five centuries ago. Why has this particular devotional object been so resilient, especially in the face of Catholicism's reinvention in the Early Modern, or "Counter-Reformation," Era? Nathan D. Mitchell argues in lyric prose that to understand the rosary's adaptability, it is essential to consider the changes Catholicism itself began to experience in the aftermath of the Reformation. Unlike many other scholars of this period, Mitchell argues that after the Reformation Catholicism actually became less retrenched and more open to change. This innovation was especially evident in the sometimes "subversive" visual representations of sacred subjects and in new ways of perceiving the relation between Catholic devotion and the liturgy's ritual symbols. The rosary played a crucial role not only in how Catholics gave flesh to their faith, but in new ways of constructing their personal and collective identity. Ultimately, Mitchell employs the history of the rosary as a lens through which to better understand early modern Catholic history. Hymns Of Note is a collection of devotionals, which look at the

stories and meanings behind twenty-eight hymns that have connected people with God for hundreds of years. This collection draws upon the lives of the authors, the lyrics of their hymns, and their biblical connections to inspire you, encourage you, and to equip you with words to worship God, which have been sung for generations. Some of the hymns in this collection include: 'All Creatures Of Our God And King, ' 'Come Thou Fount Of Every Blessing, ' 'It Is Well With My Soul, ' and 'Oh, Holy Nigh For the first time a noted historian of Christianity explores the full story of the emergence and development of the Marian cult in the early Christian centuries. The means by which Mary, mother of Jesus, came to prominence have long remained strangely overlooked despite, or perhaps because of, her centrality in Christian devotion. Gathering together fresh information from often neglected sources, including early liturgical texts and Dormition and Assumption apocrypha, Stephen Shoemaker reveals that Marian devotion played a far more vital role in the development of early Christian belief and practice than has been previously recognized, finding evidence that dates back to the latter half of the second century. Through extensive research, the author is able to provide a fascinating background to the hitherto inexplicable "explosion" of Marian devotion that historians and theologians have pondered for decades, offering a wide-ranging study that challenges many conventional beliefs surrounding the

subject of Mary, Mother of God. "What brings religious scholars Constance Furey, Sarah Hammerschlag, and Amy Hollywood together in Devotion is a shared conviction that "reading helps us live with and through the unknown." For them, the nature of reading raises questions fundamental to how we think about our political futures and modes of human relation. Each essay suggests different ways to characterize the object of devotion and the stance of the devout subject before it. Furey writes about devotion in terms of vivification, energy, and artifice; Hammerschlag in terms of commentary, mimicry, and fetishism; and Hollywood in terms of anarchy, antinomianism, and atopia. They are interested in literature not as providing models for ethical, political, or religious life, but as creating the site in which the possible-and the impossible-transport the reader, enabling new forms of thought, habits of mind, and modes of life. Ranging from German theologian Martin Luther to French-Jewish philosopher Sarah Kofman to American poet Susan Howe, this volume is not just a reflection on forms of devotion, it is also an enactment of devotion itself"-- The Angelus is a centuries-old Catholic devotion that recalls the annunciation of Christ's birth by the Angel Gabriel to the Virgin Mary. In *Praying the Angelus*, popular author and speaker Jared Dees reinvigorates the devotion, shares intimately from his own experience of it, shows us how to get started, and enriches the practice with original meditations to reflect on the

words of both the Angelus and the Regina Caeli. Jared Dees was twenty-seven and in his fourth year of teaching religion in a Catholic school when he first experienced the Angelus. The creator of The Religion Teacher website allows the devotion to anchor his prayer life and challenge him to daily conversion of heart and will. Dees introduces the Angelus devotion and explores its rich history and significance for the Church. As spiritual companion and guide, he offers meditations on the words and images of both the Angelus and the Regina Caeli, which is prayed during the Easter season. We find lessons about the power of repetitive prayer, the humility of being a disciple, the importance of admitting time belongs to God, the wisdom of taking time with discernment, and the joy of resting in the Lord's presence. He shares personal stories of the life-change power of the Angelus and guides both newcomers and those already familiar with the prayer to contemplate the mysteries of salvation that lie at the heart of the devotion—the Annunciation, Incarnation, and Resurrection. Named for the opening words of the devotion's first prayer in Latin, "The Angel of the Lord declared unto Mary," the Angelus is typically prayed at 6:00 a.m., noon, and 6:00 p.m. each day. Likewise the Regina Caeli is named for the opening lines of its prayer, "Queen of heaven, rejoice, alleluia." *Praying the Angelus* is supported by Dees's website, TheAngelusPrayer.com, where people can gather online to participate in and share

this devotion with others.
